

DECLARES CUBA IN STATE OF WAR

Claim Solons Get Mileage Checks Under Subterfuge

SAN DIEGO REFUSES TO ACCEPT PAY

Passage Of Sly Resolution On Closing Day Of Session Comes To Light

PRIVATE CHECKS SENT State Controller Says Will Not Accept Accounting Paying Mileage Checks

SACRAMENTO, Cal., Aug. 10.—(UP)—Passage of a sly resolution the last day of the mid-summer legislative session by which assemblymen received mileage checks to which they were not legally entitled, stood completely exposed today.

Assemblyman Bruce Stannard, San Diego, "let the cat out of the bag"—much to the discomfort of his colleagues.

Stannard received a \$57.30 check from Fred Desch, assistant chief clerk of the assembly, Desch's letter mentioned "mileage" and added the money was being sent "pursuant to the understanding this money would be paid you."

The San Diego legislator refused to accept the check. He publicly declared such disbursements were probably illegal. As a parting shot, he said he was recording voting "aye" on the appropriation resolution, when he wasn't even in the capital.

Reports of a similar attempt to reimburse senators were denied by Joseph Beek, secretary of the senate. Senators Roy Fellom, San Francisco, and W. P. Rich, Marysville, told the United Press they had received no checks. A resolution appropriating \$2588 for "general expenses" was passed in the senate on the last day of the session.

Resolutions Passed During hectic closing hours a resolution was introduced in the assembly appropriating \$5244.10. This sum was for salaries of attaches, clerks and officers, and for incidentals.

Major portion of this sum has been diverted for a purpose not specified in the resolution, mileage expenses for assemblymen, it was declared. Here's how that money was cleared, according to a prominent state official:

The money was turned over to Desch. It was to pay salaries of assembly officers. The accounting to the state controller will

HOOVER CELEBRATES BIRTHDAY QUIETLY

PALO ALTO, Cal., Aug. 10.—(UP)—Still recuperating from the strain of four years as president of the United States, Herbert Hoover today quietly observed his 55th birthday without apparent thought of politics or affairs of state.

Hoover remained secluded in his San Juan hilltop residence on Leland Stanford university campus, planning few observances to distinguish the day from others since his retirement.

DRY FORCES OF NATION UNDER JUSTICE DEPT.

Prohibition Bureau Passes Out Of Existence; 2000 Men Transferred

WASHINGTON, Aug. 10.—(UP)—The federal prohibition bureau, set up 13 years ago to dry up the country under the 18th amendment, passed out of existence last night as a separate organization.

In its place today was a newly-created division of investigation in the department of justice, absorbing prohibition enforcement, investigating and criminal identification agencies of the government.

Prohibition enforcement personnel has been reduced from a peak of 3258 two years ago to around 2000. These were transferred to the new division, but it was believed additional readjustments might be made later in line with the administration's confident belief the 18th amendment will be repealed by the end of the year.

After repeal, the government's prohibition enforcement activities will be confined to protecting states which desired to remain dry. How many men this will require is uncertain.

Sentiment Changes Rapidly changing public sentiment, prospects of early repeal, and the Roosevelt program of government reorganization dictated the decision to combine the prohibition bureau with other federal law enforcement agencies.

About \$100,000,000 was spent, more than 100 lives were lost and thousands were sent to jail in the prohibition bureau's 13-year existence.

The Roosevelt administration began to curtail the prohibition unit almost as soon as it came into power. Medicinal liquor regulations were relaxed, making it easier for individuals to buy whiskey from drug stores at prices of \$1.75 to \$2.50 a pint. This cost the bootleggers many customers, as did the legalization of 3.2 per cent beer.

Five men headed the prohibition bureau. They were in the order of their service, John F. Kramer, Major Roy Haynes, Gen. Lincoln C. Andrews, Col. Amos W. Woodcock, and Major A. V. Dalrymple. The latter, a Roosevelt appointee, lost his job last night.

Under the consolidation plan, prohibition enforcement activities will now be under the direction of John S. Hurley, heading the unit as a sub-division of the new division of investigation. J. Edgar Hoover, who has been with the justice department since 1917, heads the division.

The shipping board and the merchant fleet corporation, formed independent federal agencies operating 24 boats and giving financial aid to many shipping lines, were taken over today by the department of commerce. Secretary Roper said there would be no immediate changes in activities or personnel of the agencies.

The bureau of immigration and naturalization in the labor department also were merged. Secretary Perkins said the consolidation would save more than \$1,500,000 a year. She said 136 of the 3907 employees involved would be retired on pensions August 19.

PRINTERS OPPOSED TO NEWSPAPER CODE

Here's One Way Of Booming Stock Market

FORT SILL, Okla., Aug. 10.—(UP)—Field batteries of the Oklahoma national guard in summer encampment here fired several rounds on the range here yesterday. The shots were far afield from the target. Range officers were puzzled for observation planes were sending what was assumed to be unusually accurate data over their radios.

Investigation revealed that the gunners' receiving sets were picking up stock market quotations broadcast by a radio station and were applying some of the figures to the guns.

NEW BOOK, OUT TODAY, REVEALS MELLON POWER

"Mellon's Millions" Title Of Volume Sketched By Newspaperman

NEW YORK, Aug. 10.—(UP)—Andrew W. Mellon's wealth and political power, so great that when a United States attorney-general planned an investigation of Mellon companies he found himself "promoted" to the supreme court, was sketched today by Harvey O'Connor in "Mellon's Millions," published by John Day.

When Mellon wanted a divorce the Pennsylvania legislature passed a law permitting secret action; when the "second greatest secretary of the treasury" faced impeachment on the ground that he was "directly or indirectly concerned in carrying on a business of trade or commerce," through ownership of bank, oil, aluminum and distillery stock, the White House announced his appointment as ambassador to Great Britain, where such ownership was no bar, the book says.

Sub-titled "The Biography of a Fortune," the book recounts the success of the economic war, Raymer outlined the following objectives: Every employer should sign the president's re-employment.

(Continued on Page 2)

ANN DVORAK TAKES OVER SIDNEY ROLE

HOLLYWOOD, Aug. 10.—(UP)—Ann Dvorak succeeded Sylvia Sydney today in a screen role which Miss Sydney recently deserted for a trip to Europe.

Miss Dvorak, who herself returned only recently from a "walk-out" at a rival studio, was borrowed by Paramount to play opposite Maurice Chevalier in his newest picture. Officials said they could delay production no longer while awaiting Miss Sydney's return.

RECOVERY ACT MEETING HELD LAST EVENING

Citizens of Santa Ana Called On to Join Fight For Prosperity

SOUNDING a challenge to citizens of Santa Ana to join in the national fight to restore prosperity, George Raymer, secretary of the chamber of commerce and commander of the area in the NRA military organization being sponsored by the national administration, conducted an enthusiastic mass meeting of community leaders at the Masonic temple last night.

The keynote of the entire program given by Raymer at the conclusion of his address when he said, "This is a test of patriotism. It is the time to demonstrate the faith of our fathers and our belief in ourselves. We are a people disciplined by democracy to a self-control—sufficient to unite our purchasing power—our labor power—our management power—to carry out this great national covenant with vigor, with determination, and with a calm composure and fair-play which should always characterize American methods."

In outlining the military setup, Raymer declared that 1200 loyal Santa Anans would be needed to carry out the program. Duties of the army officials and additional names of workers will be announced in the next few days and group meetings will be held regularly in this area. Nearly 100 members of committees representing the trades, professions and unions were present last night.

In asking co-operation to make a success of the economic war, Raymer outlined the following objectives: Every employer should sign the president's re-employment.

\$200,000 RANSOM PAID BY URSCHELL

OKLAHOMA CITY, Aug. 10.—(UP)—A total of \$19,520 was the ransom paid kidnappers for the release of Charles F. Urschell, multi-millionaire trustee of the T. B. Slick estate, it was learned today. This was the largest tribute ever paid to kidnappers in America, officials said.

The amount was disclosed by John Campbell, president of the Fidelity National bank, in releasing serial numbers of the ransom bills for publication in an effort to apprehend the kidnappers.

OVER 400 KILLED IN KOREA DISASTER

SEOUL, Korea, Aug. 10.—(UP)—An official report today listed 414 deaths as a result of floods and a typhoon that harassed Korea during the past month. Eighty-two persons were missing, believed dead, and 249 were injured.

Houses numbering 7343 were destroyed, and 6554 residences were badly damaged. Fishing boats on which many Koreans depend for a livelihood were caught by the floods and winds, 59 being totally destroyed and 2198 partly wrecked.

SEEK TO PIN OLD CRIMES ON SLAYER

SACRAMENTO, Calif., Aug. 10.—(UP)—Notches on Roy Mann's gun coupled with complete indifference to his victims' fate, today impelled Sheriff Don Cox to urge San Francisco to check up on their unsolved murder mysteries on the theory Mann might be connected therewith.

Mann shot and killed a woman known as Patsy Burnes Sunday. He confessed and will be charged with first degree murder.

Little "NIRA" Is Answer To Roosevelt

MARYSVILLE, Cal., Aug. 10.—(INS)—Marysville is doing its share in the national industrial recovery act program: Over the door of the Freeman residence in this city proudly is displayed today the now-familiar blue eagle with its motto, "We Do Our Part," while within is cooling and kicking little Nira Marlene Freeman, named by her happy parents in recognition of President Roosevelt's depression-ending plan.

GOV. LANDON OF KANSAS PLANS STATE CLEANUP

Possibility Of Additional Arrests In Bond Scandal Intimated

TOPEKA, Kan., Aug. 10.—(UP)—Gov. Alf. M. Landon today promised a "housecleaning to the last piece of dirty linen" in the investigation of alleged forgery of Kansas municipal and school district bonds aggregating well over a half million dollars.

The state legislative council meets next week to consider and recommend matters for consideration of the special session of the legislature in September. Landon said the council will be asked to make a thorough investigation of the alleged forgeries and report to the legislature.

Meanwhile the state treasury was guarded by state troopers, ordered by Landon to take charge of the office after Treasurer Tom Boyd admitted granting permission to Ronald Finney to take \$150,000 in bonds from the state vault.

Finney, perhaps the most spectacular figure in midwestern financial circles with a wealth and variety of ventures to his credit, was under \$25,000 bond. He was charged with dealing in forged securities.

Lee Caldwell, employed in Finney's office, was arrested last night on the same charge. After he was taken in custody on order of Lester Goodell, Shawnee county attorney, Goodell left the city for an unannounced destination.

Authorities intimated the possibility of additional arrests. The state's most sensational financial scandal of recent years came to light with the discovery that a series of eight bond issues aggregating \$229,000 had been duplicated at least twice.

Two sets, one said to be the original and genuine bonds, were found in the state treasury. The original bonds were in the school commission. One set was taken as surety for deposits of three banks, now closed. The third was said to be on deposit in Chicago.

The three banks, at Emporia, Eureka and Neosho Falls, closed on announcement of the alleged forgery. Two were controlled by Finney's father and the third by other relatives.

The state militia was ordered to command the treasury after Boyd admitted giving access to it to a private citizen and at the outset of the investigation trying to deny the same privilege to government officials.

Labor Board Seeking To End Strikes

Administrator Having Most Trouble With Retailers Throughout Nation

WASHINGTON, Aug. 10.—(UP)—Maintenance of industrial peace and a new attack on "chiselers" occupied the national recovery administration today. It was driving forward on another sector in its effort to restore order in the bituminous coal industry.

The main problems which stood out in a mass of imperative duties facing administrator Hugh S. Johnson and his associates were: 1. Efforts of the national labor board to settle strikes in Pennsylvania and elsewhere.

2. A thorough check-up to see that violators of President Roosevelt's re-employment agreements have stopped "chiseling" tactics. 3. Resumption of the coal hearings, with the company union fight nearing a show-down.

John L. Lewis, president of the United Mine Workers of America, was to appear during the coal hearings. He participated with operators of unionized mines in formation of what is known as the "general" or "Harrington" code. This is but one of more than 20 coal codes under consideration. In addition to discussing this code, Lewis was expected to attack operators who decided to deal only with unions formed at their own mines under company auspices.

Johnson is building up a system for handling complaints against violators of codes which supposedly are already in effect. He is having the most difficulty with retail stores operators who attempt to nullify the effect of the agreements by staggering hours and cutting down the hours their stores are open, thus making it unnecessary to hire more men.

200 ARRESTED IN N. Y. MILK STRIKE

ROCHESTER, N. Y., Aug. 10.—(UP)—More than 200 persons were arrested today when hundreds of special deputy sheriffs joined state troopers in driving off striking dairy farmers attempting to dump milk.

Seventy-five arrests were in Tioga county. Troopers under Captain Daniel Fox thwarted an attempt of farmers to dump a milk truck en route to Binghamton.

Asked if any radical element was involved in the disorders, Maj. John Warner, state police superintendent, said: "In all riots the local sheriff deputies recognized only a small percentage of the strikers."

EFFORTS TO SETTLE STRIKE FRUITLESS

OXNARD, Cal., Aug. 10.—(UP)—Hope for an immediate settlement of a strike of approximately 1200 sugar beet workers faded today when representatives rejected an offer of the Southern California Beet Sugar Growers to restore the 1932 wage scale.

The offer represented a 12 per cent increase over existing wages, which caused workers to quit the fields early this week. The growers also offered to meet the demand of strikers to eliminate labor contractors.

HAT IN RING

Rear Admiral Wm. Pratt, retired, is reported ready to hit the deck in politics by running for governor or congressman in Maine, his native state.

PROF. WILSON NAMED TO AID FEDERAL PLAN

Redistribution Of Population Placed In Hands Of Montana Man

WASHINGTON, Aug. 10.—(UP)—Formation of quasi-governmental corporations to establish suburban colonies of workingmen is contemplated by the administration as part of its effort to reduce congestion in the cities.

This aspect of the government's plans for transferring thousands of families from city tenements to their own plots of ground in the country was revealed by Secretary of Interior Ickes in announcing appointment of Prof. M. L. Wilson of Montana State college as director of the popular redistribution program.

Wilson now is chief of the wheat production section of the agricultural adjustment administration. He will continue to direct that work until the wheat acreage reduction campaign is completed and first benefits are paid.

"The work Mr. Wilson is undertaking under my direction is designed as a new step in American life," Ickes said. "Although the project is still in its formative stage, it is still in its formative stage."

FILM TECHNICIANS READY TO RETURN

HOLLYWOOD, Aug. 10.—(UP)—Striking motion picture technicians are willing to return to work provided producers re-admit them "without prejudice or exception."

They so notified William A. Green, president of the American Federation of Labor, while awaiting instructions from the National Labor Advisory committee as to how to end the four-week strike. The telegram accused Pat Casey, labor contact man for the producers, and the International Brotherhood of Electrical Workers of plotting the walkout in an effort to "annihilate our local unions."

PHILADELPHIA, Aug. 10.—Tiny, blazing chips of the same sort of stuff which some astronomers believe hit the planet Saturn to make its giant new white spot will fly across the sky tonight.

MOVE TO END STRIKE MADE BY MACHADO

Believed President Given Plain Intimation From U.S. To Solve Problem REFUSES TO RESIGN

American Girl Dragged To Police Station By Officers But Later Freed

(Copyright, 1933, by the United Press)

HAVANA, Aug. 10.—(UP)—President Gerardo Machado, apprised of President Roosevelt's views on Cuban affairs, took drastic steps today to end the general strike and save his own political career. Cuba was being ruled by the army under a "state of war."

It was believed Machado had received plain intimation from American officials that his continuance in power made solution of the crisis difficult. But despite persistent rumors that he would make a patriotic gesture by relinquishing office, there was no sign of compromise in his declaration of a state of war or the attitude of his first lieutenant, Secretary of State Orestes Fernandez.

Machado told the United Press he was devoting all his time to ending the strike that is in actuality a passive revolution. Fernandez said Machado must remain in office, that there must be no American intervention, and that the solution was in ending the strike and continuing mediation by American Ambassador Sumner Welles.

Radio Propaganda Anti-American propaganda, broadcast from local radio stations allegedly by the government, bore its first fruit when Miss Rutha Skirving, Alabamian, in charge of the commercial cable office at the Plaza hotel, was seized by a policeman as she left the hotel and dragged screaming through the streets to a police station.

Another American watched as police took her to the central station. He telephoned Ambassador Welles and Miss Skirving was released. No reason was given for her arrest.

The incident was attributed solely to the anti-American feeling engendered among police and other.

FIVE KILLED WHEN NAVY PLANE FALLS

HONOLULU, T. H., Aug. 10.—(UP)—Navy divers today hunted in the sea off Fort Wheeler for wreckage of a plane that carried five navy aviators to death.

The wreckage held four victims, it was believed. The body of one, thrown clear of the plane as it struck the ocean surface, was recovered.

Machinist Mate M. A. Tuft was the sole survivor. He was taken from the water by a speedboat which put out from Fort Wheeler, a mile distant, when the big seaplane fell.

Victims were Lieut. C. P. Hill, chief pilot, Washington, D. C.; Lieut. T. G. Marshall of Long Beach, Cal.; C. C. Stewart, aviation machinist's mate of Dallas, Tex.; V. C. Hovey, radio operator, of Kingman, Kans.; Seaman S. B. Pitt of Athens, Ohio.

SACRAMENTO, Cal., Aug. 10.—(UP)—Passage of a sly resolution the last day of the mid-summer legislative session by which assemblymen received mileage checks to which they were not legally entitled, stood completely exposed today.

Assemblyman Bruce Stannard, San Diego, "let the cat out of the bag"—much to the discomfiture of his colleagues.

Stannard received a \$67.50 check from Fred Desch, assistant chief clerk of the assembly, Desch's letter mentioned "mileage" and added the money was being sent "pursuant to the understanding this money would be paid you."

The San Diego legislator refused to accept the check. He publicly declared such disbursements were probably illegal. As a parting shot, he said he was recorded voting "aye" on the appropriation resolution, when he wasn't even in the capital.

Reports of a similar attempt to reimburse senators were denied by Joseph Beek, secretary of the senate. Senators Roy Fellom, San Francisco, and W. P. Rich, Marysville, told the United Press they had received no checks. A resolution appropriating \$2568 for "general expenses" was passed in the senate on the last day of the session.

Resolutions Passed
During hectic closing hours a resolution was introduced in the assembly appropriating \$5244.10. This sum was for salaries of attaches, clerks and officers, and for incidentals.

Major portion of this sum has been diverted for a purpose not specified in the resolution, mileage expenses for assemblymen, it was declared. Here's how that hurdle was cleared, according to a prominent state official:

The money was turned over to Desch. It was to pay salaries of assembly officers. The accounting to the state controller will

DRY FORCES OF NATION UNDER JUSTICE DEPT.

Prohibition Bureau Passes Out Of Existence; 2000 Men Transferred

WASHINGTON, Aug. 10.—(UP)—The federal prohibition bureau, set up 13 years ago, was dismantled, passed out of existence last night as a separate organization.

In its place today was a newly-created division of investigation in the department of justice, absorbing prohibition enforcement, investigating and criminal identification agencies of the government.

Prohibition enforcement personnel has been reduced from a peak of 3258 two years ago to around 2000. These were transferred to the new division, but it was believed additional readjustments might be made later in line with the administration's confident belief the 18th amendment will be repealed by the end of the year.

After repeal, the government's prohibition enforcement activities will be confined to protecting states which desired to remain dry. How many men this will require is uncertain.

Sentiment Changes
Rapidly changing public sentiment, prospects of early repeal, and the Roosevelt program of government, reorganization, dictated the decision to combine the prohibition bureau with other federal law enforcement agencies.

About 100,000,000 was spent, more than 100 lives were lost and thousands were sent to jail in the prohibition bureau's 13-year existence.

The Roosevelt administration began to curtail the prohibition unit almost as soon as it came into power. Medicinal liquor regulations were relaxed, making it easier for individuals to buy whiskey from drug stores at prices of \$1.75 to \$2.50 a pint. This cost the bootleggers many customers, as did the legalization of 3.2 per cent beer.

Five Head Office
Five men headed the prohibition bureau. They were in the order of their service, John P. Kramer, Major Roy Haynes, Gen. Lincoln C. Andrews, Col. Amos V. W. Woodcock, and Major A. V. Dalrymple. The latter, a Roosevelt appointee, lost his job last night.

Under the consolidation plan, prohibition enforcement activities will now be under the direction of John S. Hurley, heading the unit as a sub-division of the new division of investigation. J. Edgar Hoover, who has been with the justice department since 1917, heads the division.

The shipping board and the merchant fleet corporation, formed independent federal agencies operating 24 boats and giving financial aid to many shipping lines, were taken over today by the department of commerce. Secretary Roper said there would be no immediate changes in activities or personnel of the agencies.

The bureau of immigration and naturalization in the labor department also were merged. Secretary Perkins said the consolidation would save more than \$1,500,000 a year. She said 136 of the 3907 employees involved would be retired on pensions August 19.

PRINTERS OPPOSED TO NEWSPAPER CODE

WASHINGTON, Aug. 10.—(UP)—President Charles F. Howard of the International Typographical union, in a statement issued here, said printing trades unions would oppose approval of the newspaper code submitted by the A. N. P. A. Howard asserted the code "does not conform to either the spirit or the letter" of the recovery act, and that it was prepared "without conference and without consideration of the rights of the employees or their representatives."

"The representatives of the employees will resist the code presented, and we shall oppose the modification of section 7 of the National Recovery act, as it is an attempt to restrict the rights of workers."

Here's One Way Of Booming Stock Market

FORT SILL, Okla., Aug. 10.—(UP)—Field batteries of the Oklahoma national guard in summer encampment here fired several rounds on the range here yesterday.

The shots were far afield from the target. Range officers were puzzled for observation planes were sending what was assumed to be unusually accurate data over their radios.

Investigation revealed that the gunners' receiving sets were picking up stock market quotations broadcast by a radio station and were applying some of the figures to the guns.

NEW BOOK, OUT TODAY, REVEALS MELLON POWER

"Mellon's Millions" Title Of Volume Sketched By Newspaperman

NEW YORK, Aug. 10.—(UP)—Andrew W. Mellon's wealth and political power, as great as when a United States attorney-general planned an investigation of Mellon companies he found himself "promoted" to the supreme court, was sketched today by Harvey O'Connor in "Mellon's Millions," published by John Day.

When Mellon wanted a divorce the Pennsylvania legislature passed a law permitting secret action; when the "second greatest secretary of the treasury" faced impeachment on the ground that he was "directly or indirectly concerned in carrying on a business of trade or commerce," through ownership of bank, oil, aluminum and distillery stocks, White House announced his appointment as ambassador to Great Britain, where such ownership was no bar, the book says.

\$200,000 RANSOM PAID BY URSCHELL

OKLAHOMA CITY, Aug. 10.—(UP)—A total of \$199,620 was the ransom paid kidnappers for the release of Charles F. Urschell, multi-millionaire trustee of the T. B. Silk estate. It was learned today. This was the largest tribute ever paid to kidnappers in America, officials said.

The amount was disclosed by John Campbell, president of the Fidelity National bank, in releasing serial numbers of the ransom bills for publication in an effort to apprehend the kidnappers.

OVER 400 KILLED IN KOREA DISASTER

SEOUL, Korea, Aug. 10.—(UP)—An official report today listed 414 deaths as a result of floods and a typhoon that harassed Korea during the past month.

Eighty-two persons were missing, believed dead, and 249 were injured.

Houses numbering 7343 were destroyed, and 6554 residences were badly damaged.

Fishing boats on which many Koreans depend for a livelihood were caught by the floods and winds, 59 being totally destroyed and 2188 partly wrecked.

SEEK TO PIN OLD CRIMES ON SLAYER

SACRAMENTO, Calif., Aug. 10.—(UP)—Notches on Roy Mann's gun coupled with complete indifference to his victims' fate, today impelled Sheriff Don Cox to urge San Francisco to check up on their unsolved murder mysteries on the theory Mann might be connected therewith.

Mann shot and killed a woman known as Patsy Burnes Sunday. He confessed and will be charged with first degree murder.

"I requested the San Francisco authorities to check up for two reasons," Cox said.

Little "NIRA" Is Answer To Roosevelt

MARYSVILLE, Cal., Aug. 10.—(INS)—Marysville is doing its share in the national industrial recovery act program.

Over the door of the Freeman residence in this city proudly is displayed today the new-fangled blue eagle with its motto, "We Do Our Part," while within is cooling and kicking little Nira Marlene Freeman, named by her happy parents in recognition of President Roosevelt's depression-ending plan.

GOV. LANDON OF KANSAS PLANS STATE CLEANUP

Possibility Of Additional Arrests In Bond Scandal Intimated

TOPEKA, Kan., Aug. 10.—(UP)—Gov. Alf. M. Landon today promised a "housecleaning to the last piece of dirty linen" in the investigation of alleged forgery of Kansas municipal and school district bonds aggregating well over a half million dollars.

The state legislative council meets next week to consider and recommend matters for consideration of the special session of the legislature in September. Landon said the council will be asked to make a thorough investigation of the alleged forgeries and report to the legislature.

Meanwhile the state treasury was guarded by state troopers, ordered by Landon to take charge of the office after Treasurer Tom Boyd admitted granting permission to Ronald Finney to take \$150,000 in bonds from the state vaults.

Finney, perhaps the most spectacular figure in midwestern financial circles with a wealth and variety of ventures to his credit, was under \$25,000 bond. He was charged with dealing in forged securities.

Lee Caldwell, employed in Finney's office, was arrested last night on the same charge. After he was taken in custody on order of Lester Goodell, Shawnee county attorney, Goodell left the city for an unannounced destination.

Authorities intimated the possibility of additional arrests. The state's most sensational financial scandal of recent years came to light with the discovery that a series of eight bond issues aggregating \$329,000 had been duplicated at least twice.

Two sets, one said to be the original and genuine bonds, were found in the state treasury. The original bonds were in the school fund commission. One set was taken as surety for deposits of three banks, now closed. The third was said to be on deposit in Chicago.

The three banks, at Emporia, Eureka and Neosho Falls, closed on announcement of the alleged forgeries. Two were controlled by Finney's father and the third by other relatives.

The state militia was ordered to command the treasury after Boyd admitted giving access to it to a private citizen and at the outset of the investigation trying to deny the same privilege to government officials.

FRENCH TROOPS ON GERMAN FRONTIER

PARIS, Aug. 10.—(UP)—French troops have been sent to Huningue, Kembs and Chalame on the German frontier in response to a demand from the population for a guard against escapades of Nazis. Le Journal's Mulhouse correspondent reported today.

TRIER, Germany, Aug. 10.—(UP)—Four Saar district residents, alleged to have refused to "surrender" and to have fired on a frontier guard when crossing the border, were jailed today. Five German communists were arrested at the same time and charged with cooperating with foreign communists.

Labor Board Seeking To End Strikes

Administrator Having Most Trouble With Retailers Throughout Nation

WASHINGTON, Aug. 10.—(UP)—Maintenance of industrial peace and a new attack on "chiselers" occupied the national recovery administration today. It was driving forward on another sector in its effort to restore order in the bituminous coal industry.

The main problems which stood out in a mass of imperative duties facing administrator Hugh S. Johnson and his associates were:

1. Efforts of the national labor board to settle strikes in Pennsylvania and elsewhere.

2. A thorough check-up to see that violators of President Roosevelt's re-employment agreements have stopped "chiseling" tactics.

3. Resumption of the coal hearings, with the company union fight nearing a show-down.

John L. Lewis, president of the United Mine Workers of America, was to appear during the coal hearings. He participated with operators of unionized mines in formation of what is known as the "general" or "Harrington" code. This is but one of more than 20 coal codes under consideration. In addition to discussing this code, Lewis was expected to attack operators who desired to deal only with unions formed at their own mines under company auspices.

Johnson is building up a system for handling complaints against violators of codes which supposedly are already in effect. He is having the most difficulty with retail store operators who attempt to nullify effects of the agreements by staggering hours and cutting down the hours their stores are open, thus making it unnecessary to hire more men.

It was learned that if these conditions are not corrected, Johnson intends to take away the 48-hour week modification applied to good stores and permit them to work their employees only 40 hours a week.

200 ARRESTED IN N. Y. MILK STRIKE

ROCHESTER, N. Y., Aug. 10.—(UP)—More than 200 persons were arrested today when hundreds of special deputy sheriffs joined state troopers in driving off striking dairy farmers attempting to dump milk.

Seventy-five arrests were in Tioga county. Troopers under Captain Daniel Fox thwarted an attempt of farmers to dump a milk truck en route to Binghamton.

Asked if any radical element was involved in the disorders, Maj. John Warner, state police superintendent, said:

"In all riots the local sheriff deputies recognize only a small percentage of the strikers."

EFFORTS TO SETTLE STRIKE FRUITLESS

OXNARD, Cal., Aug. 10.—(UP)—Hope for an immediate settlement of a strike of approximately 1200 sugar beet workers faded today when representatives rejected an offer of the Southern California Beet Sugar Growers to restore the 1932 wage scale.

The offer represented a 12 per cent increase over existing wages, which caused workers to quit the fields early this week. The growers also offered to meet the demand of strikers to eliminate labor contractors.

HUTTON WILL NOT DROP DIVORCE SUIT

LOS ANGELES, Aug. 10.—(UP)—David L. Hutton Jr., the copululent crooner, denied today any immediate intentions of withdrawing his suit for divorce from his evanescent wife, Almee McPherson Hutton.

HAT IN RING

Rear Admiral Wm. Pratt, retired, is reported ready to hit the deck in politics by running for governor or congressman in Maine, his native state.

PROF. WILSON NAMED TO AID FEDERAL PLAN

Redistribution Of Population Placed In Hands Of Montana Man

WASHINGTON, Aug. 10.—(UP)—Formation of quasi-governmental corporations to establish suburban colonies of workingmen is contemplated by the administration as part of its effort to reduce congestion in the cities.

This aspect of the government's plans for transferring thousands of families from city tenements to their own plots of ground in the country was revealed by Secretary of Interior Ickes in announcing appointment of Prof. M. L. Wilson of Montana State college as director of the popular redistribution program.

Wilson now is chief of the wheat production section of the agricultural adjustment administration. He will continue to direct that work until the wheat acreage reduction campaign is completed and first benefits are paid.

"The work Mr. Wilson is undertaking under my direction is designed as a new step in American life," Ickes said. "Although the project is still in its formative stage,

(Continued on Page 2)

FILM TECHNICIANS READY TO RETURN

HOLLYWOOD, Aug. 10.—(UP)—Striking motion picture technicians are willing to return to work provided producers re-admit them "without prejudice or exception."

They so notified William A. Green, president of the American Federation of Labor, while awaiting instructions from the National Labor Advisory committee as to how to end the four-week strike. The telegram accused Pat Casey, labor contact man for the producers, and the International Brotherhood of Electrical Workers of plotting the walkout in an effort to "annihilate our local unions."

PERSEID METEORS DISPLAY TONIGHT

PHILADELPHIA, Aug. 10.—Tiny, blazing chips of the same sort of stuff which some astronomers believe hit the planet Saturn to make its giant new white spot will fly across the sky tonight.

These chips are the annual showers of perseid meteors. Their greatest profusion is due Friday between midnight and dawn Saturday. But after midnight Thursday, Saturday and Sunday, where skies are clear, astronomers say they should be visible at the rate of 10 or 15 an hour. Friday night's hourly count may double this. They appear in the northeast sky.

MOVE TO END STRIKE MADE BY MACHADO

Believed President Given Plain Intimation From U.S. To Solve Problem

REFUSES TO RESIGN

American Girl Dragged To Police Station By Officers But Later Freed

(Copyright, 1933, by the United Press)

HAVANA, Aug. 10.—(UP)—President Gerardo Machado, apprised of President Roosevelt's views on Cuban affairs, took drastic steps today to end the general strike and save his own political career. Cuba was being ruled by the army under a "state of war."

It was believed Machado had received plain intimation from American officials that his continuance in power made solution of the crisis difficult. But despite persistent rumors that he would make a patriotic gesture by relinquishing office, there was no sign of compromise in his declaration of a state of war or the attitude of his first lieutenant, Secretary of State Orestes Ferrera.

Machado told the United Press he was devoting all his time to ending the strike that is in actuality a passive revolution. Ferrera said Machado must remain in office, that there must be no American intervention, and that the solution was in ending the strike and continuing mediation by American Ambassador Sumner Welles.

Radio Propaganda
Anti-American propaganda, broadcast from local radio stations allegedly by the government, bore its first fruit when Miss Hertha Skirving, Alabaman, in charge of the commercial cable office at the Plaza hotel, was seized by a policeman as she left the hotel and dragged screaming through the streets to a police station.

Another American watched as police took her to the central station. He telephoned Ambassador Welles and Miss Skirving was released. No reason was given for her arrest.

The incident was attributed solely to the anti-American feeling engendered among police and other officials.

(Continued on Page 2)

FIVE KILLED WHEN NAVY PLANE FALLS

HONOLULU, T. H., Aug. 10.—(UP)—Navy divers today hunted in the sea off Fort Wheeler for wreckage of a plane that carried five navy aviators to death.

The wreckage held four victims, it was believed. The body of one, thrown clear of the plane as it struck the ocean surface, was recovered.

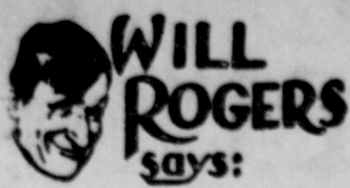

Machinist's Mate M. A. Tuft was the sole survivor. He was taken from the water by a speedboat which put out from Fort Wheeler, a mile distant, when the big seaplane fell.

Victims were Lieut. C. P. Hill, chief pilot, Washington, D. C.; Lieut. T. G. Marshall of Long Beach, Cal.; C. C. Stewart, aviation machinist's mate of Dallas, Tex.; V. C. Hovey, radio operator, of Kingman, Kans.; Seaman S. B. Pitt of Athens, Ohio.

NEW BOOK OUT TODAY. REVEALS MELLON POWER

WILL ROGERS says:
SANTA MONICA, Aug. 10. (To the Editor of The Register.) Now look out Democrat administration — you are about to revert to the old Republican type. You are telling some Latin-American country who shall be President, and who can't. Now there is no doubt that Cuba is run "cock-eyed." But what country ain't?

Now we get our sugar from Cuba, and anything we do in Cuba is going to be misunderstood, so about the best thing we can do in Cuba is to let Cuba take care of Cuba. I don't care how little your country is, you got a right to run it like you want to. When the big nations quit meddling then the world will have peace.

Yours,
WILL ROGERS.

PRESIDENT OF CUBA MOVES TO RESTORE PEACE

(Continued from Page 1)
or government supporters by the denunciatory broadcasts which seemed to have emanated from government sources.

The central strike committee voted to halt the strike of omnibus drivers and transport workers, and a full meeting of workers was called today to pass on the committee recommendations.

May Use Force
Machado was prepared to break the strike by force if possible, provided he could not persuade workers to return to their jobs and feed the hungry city.

Hies declaration of a state of war, by which the army took control of the city, was attributed first to the murder of policemen in revenge for the slaughter of a score of persons before the presidential palace Monday, and second to a plan to use the army as strike breakers.

There was little sign of a "state of war" in the streets. Knots of soldiers stood at street corners. People sat in the parks as usual, and the scene was that of a Sunday groupy cafes, were closed.

Machado, however, made plans to use the soldiers to run transport and distribute food.

No meat was available. There were few vegetables and no distribution of milk. Many observers doubted the loyalty of the army, believing that if workers refused to return to their jobs and fought an effort by the army to do their work, the soldiers would refuse to fire on them. The army's could be one of passivity or open revolt, in which event Machado would have little choice but to retire.

The Byzantine Greeks used an inflammable and destructive compound similar to liquid fire; this compound was poured from caldrons and flung in pots.

CLAIM SOLONS GET MILEAGE; BUT ILLEGALLY

(Continued from Page 1)

purport to show the money was completely absorbed in salaries for Desch and other officers.

Meantime, however, Desch forwarded his personal checks for legislators—not state checks—for their mileage expenses. Thus there will be no official record of the fact the legislators got their mileage.

Legally, legislators were not entitled to salary or mileage expenses during the midsummer session unless they voted themselves an appropriation.

Attempts in both houses to pass such appropriations were "howled down." Righteous lawmakers decried against the moral right to accept money from the state.

Their regular salary had run out during the spring session.

Refuse Comment
Officers of the assembly and what few assemblymen were about, refused to speak for publication. Unofficially, however, they admitted the resolution was a deliberate subterfuge.

"It was an axiomatic stunt," one assemblyman remarked, "and I told them so at the time. (This assemblyman had his mileage check in his pocket.)"

"We were entitled to mileage. We should have had the moral courage to put through a claim bill. Now that this subterfuge is out, we're in hot water."

Finance Director Rolland Vandegrift caustically commented: "And this is the economy legislature that left the state budget \$30,000,000 out of balance."

State Controller Ray Riley said he would not accept any accounting which legitimized payment of mileage checks.

Arthur Ohnibus, chief clerk and Fred Desch, were the personification of silence. Desch would hardly acknowledge inquiries. Ohnibus replied: "It is true there was no specific appropriation for legislators' mileage; the July 26th resolution speaks for itself and proper vouchers will be filed with the controller's office. Beyond that I have nothing to say."

ASSEMBLYMEN HERE RECEIVE CHECKS
Assemblymen Edward T. Craig and James B. Utt of Orange county were said to have received checks for \$46, Craig, who is in the hospital with a broken kneecap, stating today that he received his check. Craig explained that the legislators had expected to remain at the midsummer session only two days, whereas they worked for 10 days. Because of this, he said, many of them were "broke" and needed the money to get home.

Orange county merchants who agreed at a mass meeting Tuesday night on uniform opening and closing hours, have decided to temporarily defer adoption of this agreement, it was announced today by Phil M. Brown, manager of the Santa Ana Business Men's association, under whose auspices the meeting was held.

This decision was reached as a result of General Hugh Johnson's statement yesterday in which he warned merchants against curtailing store hours. He urged those who have signed the National Recovery Administration pledge to observe the covenant in full and to do all in their power to increase the number of employees rather than shortening hours of business.

As a consequence, Brown said today, it is expected that Orange county merchants will resume regular business hours as observed in the past, pending further definite word from Washington, which is expected before the end of the month.

Says Knife Pulled By Auto Dealer
John W. Brice, 300 South Main street, used car dealer, was arrested yesterday for assault and brought before Judge J. J. Mitchell on a warrant signed by I. Fields, jeweler.

Fields asserted that Brice menaced him with a knife at the business location of Brice. Pleading not guilty to the charge, Brice was scheduled to appear in police court this afternoon. He was arrested by Detective Sergeant C. W. Wolford and Patrolman C. E. Neer.

Alaskans Find Bu-hach Best for Mosquitoes
The worst mosquitoes in the world, travelers agree, are to be found in Alaska, where the stinging pests can actually bite a man to death.

How do Alaskans protect themselves? By burning Bu-hach! Nothing like it, they say, to give you absolute protection. It's sure death to the pests, though guaranteed safe for humans and domestic animals.

Bu-hach comes in handy either as 25c and 50c at all pet, seed, grocery and drug stores. Adv.

COUPLE DEPARTS ON 3-YEAR VOYAGE IN 18-FOOT CANOE

An Orange county couple has set sail in an 18-foot canoe on a honeymoon voyage around South America, with the expectation of returning in 1936.

The couple, Mr. and Mrs. Dana U. Lamb, carry few provisions, planning to forage for a living throughout the trip. They expect to secure their food from the ocean and forest. Their drinking water will be manufactured from ocean water, a condenser being part of their equipment.

Because of the size of their craft, everything is very compact, with some articles serving two or three purposes, for example, the anchor is also an awning.

The Lambs plan to go down the Mexican coast, skirt Central America, visit Cocos Island, Galapagos and then circle South America, going through the Strait of Magellan. After cruising through the Caribbean sea they plan to return to the Pacific via the Panama canal.

A dog tent that is proof against insects and animals is being carried by the couple. Lamb is reported to have said that if clothing is needed, he will kill wild animals for their skins and that the sheep will provide materials for their shoes.

Mr. and Mrs. Lamb were married seven months ago. Lamb, who is 32, is the son of County Tax Collector J. C. Lamb and his wife of Santa Ana. His bride is 29 years old. They have been at Laguna Beach for several weeks. Lamb having been chief of the life guards there last year.

RECOVERY ACT OFFICERS GET PAIR MEETING HELD AFTER LONG CHASE

(Continued from Page 1)
ment agreement at once as the most important step in the national recovery program. Millions of unemployed must be put back to work before winter.

Every worker should immediately resolve that he will loyally support his employers by giving them the best he has in him, Raymer said. Every consumer should favor those workers and employers who have conformed to the president's plans for reemployment and for driving depression from the land, he said. Another necessity is that everyone should trust the government in this emergency. It is not imperative that everyone understand all the details of the new plan at this time for wars can only be won by unlimited faith in leaders and unselfish service.

Spending Urged
"The success of the whole recovery program hinges upon the right kind of co-operation between capital and labor," Raymer said, "and if either falls down on his part the entire scheme will fail. Workers should spend their money to help."

The government is not advocating extravagance but is urging sensible and prudent spending.

Raymer used frequent quotations from speeches of President Roosevelt, including the ringing statement: "This law is a challenge to our whole people. There is no power in America that can force against the public will, such action as we require. But there is no group in America that can withstand the force of an aroused public opinion. This great co-operation can succeed only if those who bravely go forward to restore jobs have aggressive public support and those who lag are made to feel the full weight of public disapproval."

As explained by Raymer, the military organization will have a general in charge, with a woman as lieutenant general, the appointee for this position being Mrs. Alice Peterson. The general will select three colonels, one of which will have charge of the publicity and educational campaign and the third the educational bureau.

Military Setup
There will be seven majors, with the first, second and third in charge of the men's division; fifth, sixth and seventh the women's division, and fourth, together with the three colonels, six majors, the general and lieutenant general, will be the executive committee.

For the present the army will be headed by six team captains, the duties of which will be contained in bulletins to be sent out in the next few days.

The executive committee and officers will attempt to establish codes of fair competition, but the codes into action and see that they are maintained. Other groups in the county will embark on similar lines, and a county-wide mass meeting will be held after several months.

At the close of the meeting, questions on the NRA program were discussed. Postmaster Terry Stephenson explained the part the postoffice is playing in distributing the display materials, and Raymer answered queries on other phases of the new plan.

HEARING IN CRASH CASE SET AUG. 15
Preliminary hearing for Derrell L. Potter, 27, of Long Beach, who is being held in connection with a truck accident in which Roland W. Price, 27, of Long Beach, was seriously injured, has been set for the Laguna Beach justice court August 15.

Charged with drunk driving, which officers declare was responsible for the accident, Potter was in an improved condition at the Orange county hospital this week. The condition of Price, who is confined at the Long Beach Municipal hospital, is reported as greatly improved, although last week it was believed he was at the point of death.

The accident occurred near Laguna Beach two weeks ago when Potter's truck crossed the highway and struck a parked truck operated by Phillip Bernstein, 44, 1613 West Fifth street, Santa Ana. Price was riding with Potter at the time.

PROF. WILSON NAMED TO AID FEDERAL PLAN

(Continued from Page 1)

It is expected to develop nationwide scope and is to be dovetailed with the President's unemployment and public works programs.

"This new unit in the interior department will deal with encouraging the development of a type of rural-urban arrangement whereby industrial workers may be given the opportunity to live on plots of land near their place of employment, sufficient to produce gardens and part of their family living. Such homesteads will not enter commercial farm production and therefore will not disturb the national agricultural economy."

"Suburban colonies of this nature may be established by the federal government near several industrial centers, either through quasi-governmental corporations or else in co-operation with states and municipalities."

For initial financing of the entire program, \$25,000,000 was set aside under the Industrial Recovery Act.

Bel Canto Singers At Morning Club
Members of the Orange County Breakfast club were entertained this morning by the Bel Canto Singers, a group of singers from the Southern California Telephone company, under the direction of E. M. Waycott. Jerry Hall was in charge of the program. Following the regular meeting in Ketter's cafe, the board of directors met to take care of business matters.

NEW INDUSTRY TO START WORK NEXT MONDAY

With work on installing machinery nearing completion, the Paxton Nailing Machine company expects to start operations in its new Santa Ana factory, located in the building on Delhi road formerly occupied by the Orange County Athletic club, Monday morning, it was learned today.

All of the expensive machinery used by the factory in manufacturing nailing machines to manufacture crates for fruits and other commodities has been shipped here from Sanger, Calif., where the plant was located formerly. The plant at Sanger was closed Saturday and it was expected that a week's time would be ample for installation of the equipment here.

The company had a payroll approximating \$10,000 last year. Fifteen families and 15 single men were brought here by the company to be employed in the factory, which requires skilled workmen. Realtors have been busy during the week finding enough houses for the new residents of Santa Ana to move into in the south part of the city. Hale Paxton, president of the company, has taken up a summer residence at Newport Beach.

During the remodeling of the building, which was erected by the Ulmer Pump plant, a large number of local laborers, electricians and skilled workmen have been given employment.

W. E. Martin, Santa Ana real estate broker, aided by George A. Raymer, secretary of the chamber of commerce, was instrumental in bringing the new industry to Santa Ana.

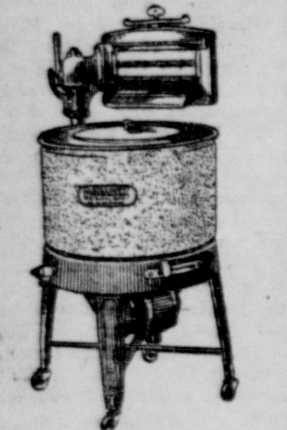

Incorrect Charge Carried In Item

Through an error in copying court records an item was carried under the Court Notes heading in yesterday's Register that D. F. Maynard had been fined \$1 on an intoxication charge. Maynard's offense, instead, was a minor traffic violation, that of overtime parking.

It is not imperative that everyone understand all the details of the new plan at this time for wars can only be won by unlimited faith in leaders and unselfish service.

Spending Urged
"The success of the whole recovery program hinges upon the right kind of co-operation between capital and labor," Raymer said, "and if either falls down on his part the entire scheme will fail. Workers should spend their money to help the program go over the top. The government is not advocating extravagance but is urging sensible and prudent spending."

Raymer used frequent quotations from speeches of President Roosevelt, including the ringing statement: "This law is a challenge to our whole people. There is no power in America that can force against the public will, such action as we require. But there is no group in America that can withstand the force of an aroused public opinion. This great co-operation can succeed only if those who bravely go forward to restore jobs have aggressive public support and those who lag are made to feel the full weight of public disapproval."

As explained by Raymer, the military organization will have a general in charge, with a woman as lieutenant general, the appointee for this position being Mrs. Alice Peterson. The general will select three colonels, one of which will have charge of the man power, the second the publicity, and educational campaign and the third the educational bureau.

Military Setup
There will be seven majors, with the first, second and third in charge of the men's division; fifth, sixth and seventh the women's division, and fourth, together with the three colonels, six majors, the general and lieutenant general, will be the executive committee.

For the present the army will be headed by six team captains, the duties of which will be contained in bulletin to be sent out in the next few days.

The executive committee and officers will attempt to establish codes of fair competition, put the codes into action and see that they are maintained. Other groups in the county will embark on similar lines, and a county-wide mass meeting will be held after several months.

At the close of the meeting, questions on the NRA program were discussed. Postmaster Terry Stephenson explained the part the postoffice is playing in distributing the display materials, and Raymer answered queries on other phases of the new plan.

HEARING IN CRASH CASE SET AUG. 15
Preliminary hearing for Derrell L. Potter, 27, of Long Beach, who is being held in connection with a truck accident in which Roland W. Price, 27, of Long Beach, was seriously injured, has been set for the Laguna Beach justice court August 15.

Charged with drunk driving, which officers declare was responsible for the accident, Potter was in an improved condition at the Orange county hospital this week.

The condition of Price, who is confined at the Long Beach Municipal hospital, is reported as greatly improved, although last week it was believed he was at the point of death.

The accident occurred near Laguna Beach two weeks ago when Potter's truck crossed the highway and struck a parked truck operated by Phillip Bernstein, 44, 1613 West Fifth street, Santa Ana. Price was riding with Potter at the time.

PROF. WILSON NAMED TO AID FEDERAL PLAN

(Continued from Page 1)
it is expected to develop nationwide scope and is to be dovetailed with the President's unemployment and public works programs.

"This new unit in the interior department will deal with encouraging the development of a type of rural-urban arrangement whereby industrial workers may be given the opportunity to live on plots of land, near their place of employment, sufficient to produce gardens and part of their family living. Such homesteads will not enter commercial farm production and therefore will not disturb the national agricultural economy."

"Suburban colonies of this nature may be established by the federal government near several industrial centers, either through quasi-governmental corporations or else in co-operation with states and municipalities."

For initial financing of the entire program, \$25,000,000 was set aside under the Industrial Recovery Act.

Bel Canto Singers At Morning Club
Members of the Orange County Breakfast club were entertained this morning by the Bel Canto club, a group of singers from the Southern California Telephone company, under the direction of E. M. Waycott. Jerry Hall was in charge of the program. Following the regular meeting in Ketter's cafe, the board of directors met to take care of business matters.

NEW INDUSTRY TO START WORK NEXT MONDAY

With work on installing machinery nearing completion, the Paxton Nailing Machine company expects to start operations in its new Santa Ana factory, located in the building on Delhi road formerly occupied by the Orange County Athletic club. Monday morning, it was learned today.

All of the expensive machinery used by the factory in manufacturing nailing machines to manufacture crates for fruits and other commodities has been shipped here from Sanger, Calif., where the plant was located formerly. The plant at Sanger was closed Saturday and it was expected that a week's time would be ample for installation of the equipment here.

The company had a payroll approximately \$110,000 last year. Fifteen families and 15 single men

were brought here by the company to be employed in the factory, which requires skilled workmen. Realtors have been busy during the week finding enough houses for the new residents of Santa Ana to move into in the south part of the city. Hale Paxton, president of the company, has taken up a summer residence at Newport Beach.

During the remodeling of the building, which was erected by the Ulmer Pump plant, a large number of local laborers, electricians and skilled workmen have been given employment.

W. E. Martin, Santa Ana real estate broker, aided by George A. Raymer, secretary of the chamber of commerce, was instrumental in bringing the new industry to Santa Ana.

Incorrect Charge Carried In Item

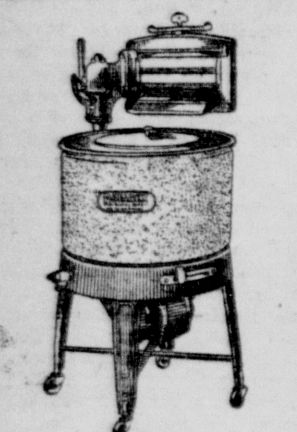

Through an error in copying court records an item was carried under the Court Notes heading in yesterday's Register that D. F. Maynard had been fined \$1 on an in-toxication charge. Maynard's offense, instead, was a minor traffic violation, that of overtime parking.

What Your Sick Neighbors Think!

Common misfortune have brought neighbors closer together than ever before. We recommend the method of asking some of these that were restored to health under our

care what they think of our methods! We'll supply the names if you'll do the investigating! If you get a favorable impression, you'll feel easier about consulting us. And, in any case, remember that you are entitled to a FREE X-RAY EXAMINATION!

ARRANGE FUNERAL OF CRASH VICTIMS

Funeral services for two La Habra youths, Glenn A. Launer, 24, and Daniel Stevens, 20, who were fatally injured when Launer's coupe crashed into a truck near Bakersfield early yesterday morning will be held Saturday morning at 10 o'clock at the La Habra Methodist church.

The bodies are at the McAulay and Suters Funeral home in Fullerton. Burial will be in Loma Vista cemetery.

The crash involved a truck driven by Robert Frazier, of Dima, after Launer had lost control of the machine. A verdict of accidental death was returned by a coroner's jury yesterday. Families of the two crash victims returned last night from Bakersfield.

Launer was the son of Mrs. Anna Launer and the late J. G. Launer. While Stevens was the son of Mr. and Mrs. W. B. Stevens of La Habra Heights.

INSTRUCTIONS ON SALES TAX ALSO RECEIVED

Application blanks and explanatory circular letters of instruction to retailers covering the procedure in making applications for permits under the California Retail Sales Tax Act of 1933, forwarded to George A. Raymer, secretary of the chamber of commerce, for local distribution, were received today. Raymer placed part of the forms and material in the hands of Phil M. Brown, manager of the Business Men's association of Santa Ana.

The forms and information were mailed here for the greater convenience of retail merchants and others who may not be reached immediately by auditors and inspectors of the State Board of Equalization, sales tax division.

Under the statute which became effective July 31, every person, firm, partnership, corporation, etc., engaged in the selling tangible personal property at retail is subject to a tax of 2-1/2 per cent on the gross receipts. After August 30 it will be unlawful for anyone to engage in or transact business as a retailer without obtaining a permit from the State Board of Equalization. A permit for each place of business is required.

The application forms must be filled out and sent to the board at Sacramento. The gross receipts for the business for the last calendar or fiscal year must be stated, and a remittance of one dollar is to be enclosed.

The sales tax was imposed by the legislature to raise funds for a state revenue under changes required by adoption of the Riley-Stewart tax measure at the last election.

School Employees Get Salary Boost

Salary increases for two employees in the office of Charles Webster, newly-appointed city schools auditor, were granted by the board of education at its regular session Tuesday.

Mrs. Helen Mayes Deaton, who served the past year on a salary of \$110 per month, was increased to \$120, and Mrs. Margaret Hadley from \$85 to \$90. The increases were recommended in Superintendent Frank A. Henderson's August report in which it was explained that the duties of the two employees have increased since the resignation of Auditor E. D. Boynton.

Local Briefs

Setting some kind of a record, George A. Raymer, secretary of the Santa Ana Chamber of Commerce who has been appointed commander of the Santa Ana area by Gen. Hugh Johnson in the national recovery program, has made a total of 48 talks on the NRA and has attended 57 meetings in the past 21 days.

Administration of the new state sales tax in Orange county will be in charge of W. C. Shay, San Bernardino, who has been appointed sales tax administrator for a district comprising San Bernardino, Riverside, Orange and Inyo counties. The appointment was made by the state board of equalization.

William Bane, young son of Mr. and Mrs. Ernest Bane, of Inglewood, suffered laceration on the head in an injury while playing on the swings at Irvine park yesterday afternoon. He was brought to the Orange county hospital for treatment.

Announcement was received today from the American College of Underwriters, Philadelphia, Penn., of the awarding to Rolla Hays, Jr., general agent for the New England Mutual Life Insurance company in Santa Ana, of the degree Chartered Life Underwriter. Hays was one of the 123 out of 663 candidates who received the award.

Roland Williams, proprietor of the Intermountain Fireworks company in Idaho Falls, Idaho and well known here last fall when he supervised the wartime demonstration, "A Night in the Argonne" presented by the Legion and the National Guard in the Santa Ana Municipal Bowl, was killed with two others in an explosion at his factory last Saturday. It was learned here today.

Daughter And Father In Double Rites

With a father and daughter standing side by side as they took their marriage vows, the first double wedding with father and daughter married at the same time in Orange county, as far as license officials can remember, took place yesterday.

Fred A. Duval, 40, Los Angeles builder, took Elizabeth Wells, 45, of Los Angeles, as his wife while his daughter, also named Elizabeth, 20-year-old student, stood beside him and took her vows with Ben C. Allison, 23, Los Angeles salesman.

The Rev. Walter S. Buchanan, pastor of the First Christian church, officiated.

GIVE TECHNICAL TESTIMONY IN CRASH HEARING

Questioning of Lloyd Groover, California highway patrolman, occupied the morning session in the preliminary hearing in Orange today of charges involving the death of Henry Prichard of El Modena in an automobile accident on September 29, 1932.

Officer Groover was examined by Deputy District Attorney Leo J. Fris, conducting the prosecution for the county, and Attorney Franklin West and Maxwell Burke, representing the publisher. An overflow audience in Judge A. W. Swayze's courtroom necessitated transferring the hearing to the city council chambers.

Groover testified under questioning that he and Patrolman Horace Inge visited the scene of the accident at Fairhaven avenue and Hewes road about two hours after the wreck and took measurements. He said that, in his opinion, there were no speed limit signs on Fairhaven avenue, upon which Burke was driving, but that a 15-mile-an-hour warning sign was posted on Hewes road, the route traveled by Prichard.

Evidence presented included a map of the intersection and four pictures of the coupe which Burke was driving. Under cross-examination by West, Groover admitted that when he arrived neither car was in the position it occupied after the wreck, and that bystanders and passing cars had obliterated many of the marks on the highway.

Several references were made to the transcript of evidence from the coroner's inquest, at which time a verdict of accidental death was given by the jury.

Dr. M. W. Hollingsworth was the first witness. He testified as to the date of Prichard's death.

District Attorney S. R. Kaufman and Deputy District Attorney William Menton were in the courtroom and frequently conferred with Fris.

With several more witnesses scheduled to be examined, it is predicted that the hearing will continue until tomorrow.

SEEKS FORECLOSURE

A complaint to foreclose a mortgage on W. R. Rittenhouse and Fay Rittenhouse has been filed in superior court by the First National bank. The complaint alleges that there is \$2500 plus interest since November, 1932, due on a \$4500 promissory note held by the bank against property in Newport Heights.

COUNTY REVENUES OTHER THAN TAXES TOTAL \$633,325 BUDGET REPORT REVEALS

Estimated revenues for Orange county other than taxes for the fiscal year 1933-34 amount to \$633,325, according to county budget figures.

A summarization by funds showed the following expected revenues: county general \$130,525, salary \$68,450; hospital \$22,000, welfare \$43,950, county good roads \$12,000, county park \$2000, motor vehicle \$345,000, county library \$6600 and law library \$2500.

Licenses and permits, from the health department and building inspector, are expected to bring in \$5175; fines and penalties is superior and justice courts \$17,500; privileges and franchises \$30,300; rents \$2000; interest receipts \$45,000; subventions and grants including refund on bonds, support of orphans, motor vehicle apportionment, forest reserve money, tuberculosis subsidy, blind, aged and forestry funds \$395,950; fees from the clerk, recorder, justices of the peace, sheriff, treasurer and meat inspector \$84,100.

Special service rendered including care of inmates of county hospital and almshouse, care of minors, board and care of federal prisoners, auditor's services to cities and districts, welfare department bonds and veteran's welfare collections \$34,490; sale of property including produce from county farm and other sources, police, grain, etc., \$2700, and miscellaneous, including county income rebates general road work on Ortega highway, irrigation, etc., county library and law library, \$10,200.

LIQUOR BLAMED IN SUIT FOR DIVORCE

Charging that her husband used intoxicating liquors to such an extent that he was unable to attend to his business properly, Carrie Barton Wells has filed suit for divorce against her husband, George C. Wells.

The couple was married on February 23, 1921 and separated July 26, 1933. There are two children, a girl, 11, and a boy, 9 years old.

The complaint charged that Wells was surly and mean when he was drinking and that he had been arrested and convicted for driving while under the influence of liquor in Santa Ana justice court. It was also charged that he would at times stay out until the early morning hours away from home.

Besides the decree of divorce, the plaintiff is seeking \$60 a month for support of the children and \$40 for her support, alleging that the defendant is capable of earning \$150 a month.

Talk On Firearms Pleases Y Group

Robert Speed's talk on "Firearms and the Progress of Mankind" given Tuesday night at the Y. M. C. A. was reported to be one of the most entertaining features presented by the association on its summer program of Tuesday evening talks. Speed had with him some rare specimens of ancient types of guns, including a flintlock, a matchlock, and several types of revolvers. He discussed the influence of gunpowder on civilization, and described the struggles of early inventors to overcome the mechanical difficulties in the use of the weapons.

RESTRAINT OF TRADE CHARGED IN SUIT HERE

Charging combination in restraint of trade among wholesale ice dealers, Albert Wair, Fullerton retail ice dealer, filed suit today for \$10,000 damages in superior court against the Ice Exchange of Los Angeles, and several members of the firm.

The complaint filed in connection with the case stated that Wair had been refused supplies of ice and could not purchase any ice because of the alleged monopoly of the wholesalers.

He also named in the suit the California Consumers Ice company and Consolidated Ice and Cold Storage company of Los Angeles, the Orange County Ice company of Fullerton and several others.

He stated that in the past two years he had built up a trade that netted him \$200 a month besides having a business worth \$5000 while the combine crushed him on August 1 of this year. He refused a demand that he close his store and the companies for a combine retaliated by refusing to give him ice and so ruined and broke up his business, it was charged.

BOOTBLACKS DRAW PRICE, HOURS CODE

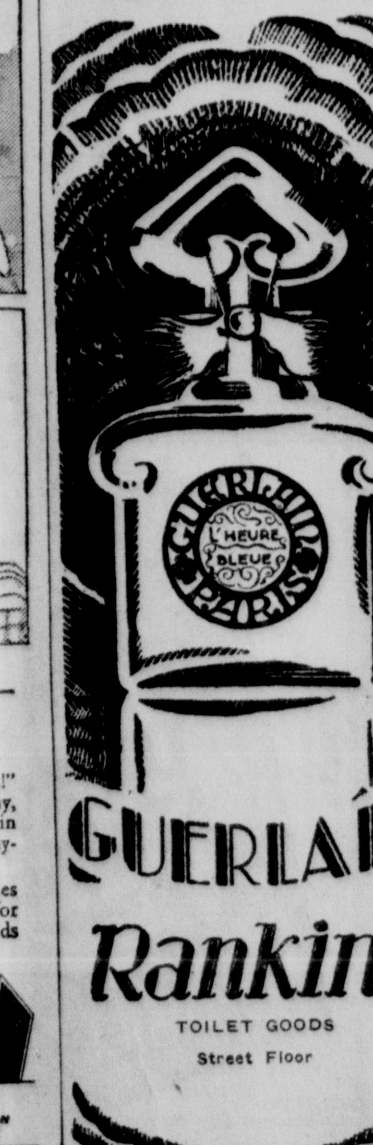

Even the shoe shiners in Santa Ana have drawn up a tentative code for elimination of unfair competition, for setting up standard hours and prices, which will be county-wide in effect if enough signatures are obtained. Thomas Lambros of Santa Ana is having the code signed, which has been drawn up in accordance with the national program.

It is said that most of the shoe shiners are in agreement on the price schedule.

Hours for work were set at from 8 a. m. to 5 p. m. each day except Saturday, when hours are from 8 a. m. to 9 p. m. One shoe shining establishment in Santa Ana already has announced the employment of an extra man through shortening of employees' hours, which have been set at 48 hours for a maximum.

L'HEURE BLEUE

for refined tastes that demand delicacy of scent with impeccable correctness

JURY REMAINS UNDECIDED IN DEATH TRIAL

A jury of seven women and five men at noon today was still deliberating the fate of Mike V. Robinson, El Centro truck driver who is charged with manslaughter in connection with the death of H. L. Williams, of El Segundo, who was killed in a wreck at the Arches on Coast Highway and Newport boulevard July 2.

Attorneys for prosecution and defense closed arguments late yesterday afternoon after several witnesses had testified and the jury retired at 4:55 p. m. Unable to reach a verdict, the jury was sent to a hotel at 11 p. m. last night and came back to court this morning at 8:15 o'clock.

Robinson is alleged to have driven his truck through a stop signal and have crashed into a car driven by Williams, afterwards crashing into a car driven by J. C. Perrine of Pasadena.

Robinson is facing a damage suit filed by Mr. and Mrs. Perrine, who were injured in the wreck.

KIDNAPED PROTECTED

AUSTIN, Tex.—(UP)—Texas has a death penalty kidnapping law, but it has a clause to prevent injury to the person kidnapped. The death penalty cannot be imposed if the person kidnapped is returned unharmed.

REDEMPTION OF COUNTY BONDS COSTS \$110,000

The county budget of proposed expenditures for interest and debt redemption shows a total of \$65,950 in interest and redemption on highways for the year just ended

as compared with a total proposed expenditure of \$73,500 for this purpose for the ensuing fiscal year.

Harbor interest and redemption last year amounted to \$22,500 as compared with \$36,700 for the ensuing year. Bridge interest and redemption last year amounted to \$5125 while there are no payments to be made this year. Hospital interest and redemption last year totaled \$3075 while there are no payments for next year.

This made a total of \$106,550 expended for these items last year as compared with \$116,000 proposed for 1933-34.

ARRANGE FUNERAL OF CRASH VICTIMS

Funeral services for two La Habra youths, Glenn A. Launer, 24, and Daniel Stevens, 20, who were fatally injured when Launer's coupe crashed into a truck near Bakersfield early yesterday morning will be held Saturday morning at 10 o'clock at the La Habra Methodist church.

The bodies are at the McAulay and Suters Funeral home in Fullerton. Burial will be in Loma Vista cemetery.

The car crashed into a truck driven by Robert Frazier, of Dinuba, after Launer had lost control of the machine. A verdict of accidental death was returned by a coroner's jury yesterday. Families of the two crash victims returned last night from Bakersfield.

Launer was the son of Mrs. Anna Launer and the late J. G. Launer, while Stevens was the son of Mr. and Mrs. W. B. Stevens of La Habra Heights.

INSTRUCTIONS ON SALES TAX ALSO RECEIVED

Application blanks and explanatory circular letters of instruction to retailers covering the procedure in making applications for permits under the California Retail Sales Tax Act of 1933, forwarded to George A. Raymer, secretary of the chamber of commerce, for local distribution, were received today. Raymer placed part of the forms and material in the hands of Phil M. Brown, manager of the Business Men's association of Santa Ana.

The forms and information were mailed here for the greater convenience of retail merchants and others who may not be reached immediately by auditors and inspectors of the State Board of Equalization, sales tax division.

Under the statute which became effective July 31, every person, firm, partnership, corporation, etc., engaged in the selling tangible personal property at retail is subject to a tax of 2-1/2 per cent on the gross receipts. After August 30 it will be unlawful for anyone to engage in or transact business as a retailer without obtaining a permit from the State Board of Equalization. A permit for each place of business is required.

The application forms must be filled out and sent to the board at Sacramento. The gross receipts for the business for the last calendar or fiscal year must be stated, and a remittance of one dollar is to be enclosed.

The sales tax was imposed by the legislature to raise funds for a state revenue under changes required by adoption of the Riley-Stewart tax measure at the last election.

School Employees Get Salary Boost

Salary increases for two employees in the office of Charles Webber, newly-appointed city schools auditor, were granted by the board of education at its regular session Tuesday.

Mrs. Helen Mayes Deaton, who served the past year on a salary of \$110 per month, was increased to \$120, and Mrs. Margaret Hadley from \$85 to \$90. The increases were recommended in Superintendent Frank A. Henderson's August report in which it was explained that the duties of the two employees have increased since the resignation of Auditor E. D. Boynton.

Local Briefs

Setting some kind of a record, George A. Raymer, secretary of the Santa Ana Chamber of Commerce who has been appointed commander of the Santa Ana area by Gen. Hugh Johnson in the national recovery program, has made a total of 48 talks on the NRA and has attended 57 meetings in the past 21 days.

Administration of the new state sales tax in Orange county will be in charge of W. C. Shay, San Bernardino, who has been appointed sales tax administrator for a district comprising San Bernardino, Riverside, Orange and Inyo counties. The appointment was made by the state board of equalization.

William Bane, young son of Mr. and Mrs. Ernest Bane, of Inglewood, suffered laceration on the head in an injury while playing on the swings at Irvine park yesterday afternoon. He was brought to the Orange county hospital for treatment.

Announcement was received today from the American College of Life Underwriters, Philadelphia, Penn., of the awarding to Rolla Hays, Jr., general agent for the New England Mutual Life Insurance company in Santa Ana, of the degree Chartered Life Underwriter. Hays was one of the 133 out of 863 candidates who received the award.

Roland Williams, proprietor of the Intermountain Fireworks company in Idaho Falls, Idaho and well known here last fall when he supervised the wartime demonstration, "A Night in the Argonne" presented by the Legion and the National Guard in the Santa Ana Municipal Bowl, was killed with two others in an explosion at his factory last Saturday, it was learned here today.

Daughter And Father In Double Rites

With a father and daughter standing side by side as they took their marriage vows, the first double wedding with father and daughter married at the same time in Orange county, as far as license officials can remember, took place yesterday.

Fred A. Duval, 49, Los Angeles builder, took Elizabeth Wells, 45, of Los Angeles, as his wife while his daughter, also named Elizabeth, 20-year-old student, stood beside him and took her vows with Ben C. Allison, 23, Los Angeles salesman.

The Rev. Walter S. Buchanan, pastor of the First Christian church, officiated.

GIVE TECHNICAL TESTIMONY IN CRASH HEARING

Questioning of Lloyd Groover, California highway patrolman, occupied the morning session in the preliminary hearing in Orange today of J. F. Burke, arising from charges involving the death of Henry Prichard of El Modena in an automobile accident on September 29, 1932.

Officer Groover was examined by Deputy District Attorney Leo J. Fris, conducting the prosecution for the county, and Attorney Franklin West and Maxwell Burke, representing the publisher. An overflow audience in Judge A. W. Swayze's courtroom necessitated transferring the hearing to the city council chambers.

Groover testified under questioning that he and Patrolman Horace Inge visited the scene of the accident at Fairhaven avenue and Hewes road about two hours after the wreck and took measurements. He said that, in his opinion, there were no speed limit signs on Fairhaven avenue, upon which Burke was driving, but that a 15-mile-an-hour warning sign was posted on Hewes road, the route traveled by Prichard.

Evidence presented included a map of the intersection and four pictures of the coupe which Burke was driving. Under cross-examination by West, Groover admitted that when he arrived neither car was in the position it occupied after the wreck, and that bystanders and passing cars had obliterated many of the marks on the highway.

Several references were made to the transcript of evidence from the coroner's inquest, at which time a verdict of accidental death was given by the jury.

Dr. M. W. Hollingsworth was the first witness. He testified as to the date of Prichard's death.

District Attorney S. B. Kaufman and Deputy District Attorney William Menon were in the courtroom and frequently conferred with Fris.

With several more witnesses scheduled to be examined, it is predicted that the hearing will continue until tomorrow.

SEEKS FORECLOSURE

A complaint to foreclose a mortgage on W. R. Hittenhouse and Fay Hittenhouse has been filed in superior court by the First National bank. The complaint alleges that there is \$2500 plus interest since November, 1932, due on a \$4500 promissory note held by the bank against property in Newport Heights.

I USE RINSO ON WASHDAY, TOO. IT SAVES SCRUBBING. YOU'RE A SMART ONE!

WASH DISHES THIS WAY—SAVE YOUR HANDS

YOUR hands will say, "Thank you!" when you wash dishes in creamy, lively Rinsol suds. Grease loosens in a jiffy. Pots and pans come shiny-bright in half the time.

On washday Rinsol soaks clothes whiter—saves scrubbing. Cup for cup, Rinsol gives twice as much suds as puffed-up soaps—even in hardest water. Try it now!

COUNTY REVENUES OTHER THAN TAXES TOTAL \$633,325 BUDGET REPORT REVEALS

Estimated revenues for Orange county other than taxes for the fiscal year 1933-34 amount to \$633,325, according to county budget figures.

A summarization by funds shows the following expected revenues: county general \$130,525, salary \$63,450; hospital \$22,000, welfare \$33,950, county road, roads \$12,000, county park \$20,000, motor vehicle \$345,000, county library \$6500 and law library \$2500.

Licenses and permits, from the health department and building inspector, are expected to bring in \$5175; fines and penalties is superior and justice courts \$17,500; privileges and franchises \$30,200; rents \$2000; interest receipts \$45,000; subventions and grants including refund on bonds, support of orphans, motor vehicle apportionment, forest reserve money, tuberculosis subsidy, blind, aged and forestry funds \$396,960; fees from the clerk, recorder, justices of the peace, sheriff, treasurer and meat inspector \$64,100.

Special service rendered including care of inmates of county hospital and almshouse, care of minors, board and care of federal prisoners, auditor's services to cities and districts, welfare department bonds and veteran's welfare collections \$34,490; sale of property including produce from county farm and other sources, poison, grain, vacuum and orchard fumigation, etc., \$2700, and miscellaneous, including county income rebates general road work on Ortega highway, irrigation, etc., county library and law library, \$10,200.

LIQUOR BLAMED IN SUIT FOR DIVORCE

Charging that her husband used intoxicating liquors to such an extent that he was unable to attend to his business properly, Carrie Barton Wells has filed suit for divorce against her husband, George C. Wells.

The couple was married on February 23, 1921 and separated July 26, 1933. There are two children, a girl, 11, and a boy, 9 years old.

The complaint charged that Wells was surly and mean when he was drinking and that he had been arrested and convicted for driving while under the influence of liquor in Santa Ana justice court. It was also charged that he would at times stay out until the early morning hours away from home.

Besides the decree of divorce, the plaintiff is seeking \$60 a month for support of the children and \$40 for her support, alleging that the defendant is capable of earning \$150 a month.

Talk On Firearms Pleases Y Group

Robert Speed's talk on "Firearms and the Progress of Mankind" given Tuesday night at the Y. M. C. A. was reported to be one of the most entertaining features presented by the association on its summer program of Tuesday evening talks. Speed had with him some rare specimens of ancient types of guns, including a flintlock, a matchlock, and several types of revolvers. He discussed the influence of gunpowder on civilization, and described the struggles of early inventors to overcome the mechanical difficulties in the use of the weapons.

RESTRAINT OF TRADE CHARGED IN SUIT HERE

Charging combination in restraint of trade among wholesale ice dealers, Albert Wair, Fullerton retail ice dealer, filed suit today for \$10,000 damages in superior court against the Ice Exchange of Los Angeles, and several members of the firm.

The complaint filed in connection with the case stated that Wair had been refused supplies of ice and could not purchase any ice because of the alleged monopoly of the wholesalers.

He also named in the suit the California Consumers Ice company and Consolidated Ice and Cold Storage company of Los Angeles, the Orange County Ice company of Fullerton and several others.

He stated that in the past two years he had built up a trade that netted him \$200 a month besides having a business worth \$5000 when the combine crushed him on August 1 of this year. He refused a demand that he close his store and the companies in a combine retaliated by refusing to give him ice and so ruined and broke up his business, it was charged.

BOOTBLACKS DRAW PRICE, HOURS CODE

Even the shoe shiners in Santa Ana have drawn up a tentative code for elimination of unfair competition, for setting up standard hours and prices, which will be county-wide in effect if enough signatures are obtained. Thomas Lambros of Santa Ana is having the code signed, which has been drawn up in accordance with the national program.

It is said that most of the shoe shiners are in agreement on the price schedule.

Hours for work were set at from 8 a. m. to 5 p. m. each day except Saturday, when hours are from 8 a. m. to 9 p. m. One shoe shining establishment in Santa Ana already has announced the employment of an extra man through shortening of employees' hours, which have been set at 48 hours for a maximum.

JURY REMAINS UNDECIDED IN DEATH TRIAL

A jury of seven women and five men at noon today was still deliberating the fate of Mike V. Robinson, El Centro truck driver who is charged with manslaughter in connection with the death of H. L. Williams, of El Segundo, who was killed in a wreck at the Arches on Coast Highway and Newport boulevard July 2.

Attorneys for prosecution and defense closed arguments late yesterday afternoon after several witnesses had testified and the jury retired at 4:55 p. m. Unable to reach a verdict, the jury was sent to a hotel at 11 p. m. last night and came back to court this morning at 8:15 o'clock.

Robinson is alleged to have driven his truck through a stop signal and have crashed into a car driven by Williams, afterwards crashing into a car driven by J. C. Perrine of Pasadena.

Robinson is facing a damage suit filed by Mr. and Mrs. Perrine, who were injured in the wreck.

KIDNAPED PROTECTED

AUSTIN, Tex.—(UP)—Texas has a death penalty kidnapping law, but it has a clause to prevent injury to the person kidnapped. The death penalty cannot be imposed if the person kidnapped is returned unharmed.

REDEMPTION OF COUNTY BONDS COSTS \$110,000

The county budget of proposed expenditures for interest and debt redemption shows a total of \$85,950 in interest and redemption on highways for the year just ended as compared with a total proposed expenditure of \$73,200 for this purpose for the ensuing fiscal year.

Harbor interest and redemption last year amounted to \$32,500 as compared with \$36,700 for the ensuing year. Bridge interest and redemption last year amounted to \$5125 while there are no payments to be made this year. Hospital interest and redemption last year totaled \$3075 while there are no payments for next year.

This made a total of \$106,550 expended for these items last year as compared with \$110,000 proposed for 1933-34.

MONTGOMERY FILM OPENS AT BROADWAY

Robert Montgomery and Sally Eilers are together for the first time in "Made on Broadway", which comes to the Broadway theater today succeeding "Voltaire", which ended last night. The new picture will play through Saturday night.

Madge Evans and Eugene Pallette also have important roles in the production, which finds Montgomery in the role of a man-about-town, a playboy, but who in reality is the political leader

of the big city. The role gives him ample opportunity for his wisecracking while his love making runs along smoothly until he meets Eilers who makes a dub of him.

A new Bobby Jones golf picture, "The Swing", and a cartoon and a travelogue of Soviet Russia are included on the program.

Court Notes

Charging desertion, Esther May Fredericks has filed suit for divorce against her husband, John S. Fredericks, in Orange county superior court. The couple were married in Yuma, Arizona, in May, 1930, and separated in March, 1933.

ECONOMIES IN CLERK'S OFFICE, TRANSPORTATION OUTLINED IN ANALYSIS OF CITY BUDGET

Inspection service, the city clerk's office and automotive equipment of the city of Santa Ana are discussed in sections of the budget analysis made by Alfred H. Campion, of the California Taxpayers' association, which are presented today. Other sections of the report which was requested by the council and which resulted in economies cutting more than \$100,000 from the cost of city government, will appear daily in The Register.

Automotive Equipment
The city has an investment in 45 pieces of automotive equipment, including 8 heavy trucks, 13 light trucks and delivery cars, 17 passenger cars, and 7 pieces of miscellaneous equipment such as street sweepers, a tractor, a compressor and graders. One-half of the equipment is more than 10 years old.

All automotive equipment is stored and maintained at a central garage. Excellent accounting records are kept of mileage and costs, and all charges of upkeep, except insurance and depreciation, are charged to the using departments.

If it is assumed that the average life of automotive equipment in city service is approximately 80,000 miles, it can be concluded that the city requires an annual replacement of three cars on the basis of 1932-33 total mileage. One heavy truck and two passenger or light truck and delivery cars should be replaced.

With the exception of one car, none of the cars showing the highest mileage costs traveled 6000 miles, or averaged 20 miles a day, during 1932-33, indicating that they are held in reserve or are not capable of giving full time performance. The cost of keeping such cars out of proportion to the mileage use obtained; this is particularly true when it is considered that the average insurance on a car is \$26 a year and the turn-in value will be only nominal.

It is suggested that both heavy trucks be turned in for one new truck as both of them are too expensive to operate. Two old cars should be turned in for each of the other two new cars to be purchased. This will eliminate old equipment which should not be operated. The city will not suffer by having too little equipment, as one car is used by a street inspector whose services are to be terminated on September 30, and elsewhere in this report it is recommended that one license inspector who operates a city car be dropped.

The departmental budgets contain requests for one heavy truck (\$2800) and one police car (\$800); an additional budget allowance will be required for the third proposed replacement.

City Clerk
The city clerk is an elective officer; his salary of \$300 a month is fixed for his term of office. The office has two deputy clerks and two license inspectors. The city provides each inspector with motor transportation.

The clerk acts as secretary to the city council, signs all warrants and draws all orders of deposit on the city treasury, and conducts municipal elections. The greater

the necessary office work, and transfer a license inspector from the city clerk's office for duties as outlined in the first alternative, use the police force to enforce delinquent collections. In such event, the city clerk's personnel could be reduced by two and one-half positions.

Under either alternative, the savings in cost would be about the same; the public would probably receive a better service, however, if collections were left with the city clerk.

The question of collecting delinquent licenses outstanding appears to be one of the methods. The use of the police department and bench warrants as a regular practice and not simply in exceptional cases should effectively discourage delinquency.

A criticism has been directed at the city clerk because he retains fees paid by the state for recording vital statistics. These average from \$50 to \$60 a quarter. Under state law, as amended in 1931, the county health officer, who acts as health officer for Santa Ana, is the official registrar of vital statistics for the city. The city clerk acts as a deputy registrar for the health officer by official commission. Inasmuch, however, as the health officer maintains an office in the city, there is no need for the duplication of this service.

Inspectional Services
The city employs full-time building inspector, a plumbing inspector, and an electrical inspector. The building inspector is also plastering inspector; the plumbing inspector also supervises sewer and gas inspections; and the electrical inspector also has charge of maintenance of the fire alarm system. Each inspector furnishes his own automobile and no allowance is made for expense connected therewith.

While expenditures were reduced practically 25 per cent during the past three years, receipts dropped off more than 50 per cent. Where-as receipts exceeded expenditures by practically \$2000 in 1930-31, expenditures exceeded receipts by almost a like margin in 1932-33.

Inspectional services are rendered as a protection to the public and the property owner, and it is the usual theory that fees are charged for the costs of the service and not for the revenue. If costs exceed fees collected, costs should be reduced or fees should be increased, or both, in order that a balance be maintained. Consideration should be given, however, to the services of general benefit received from administration of the zoning ordinance by the building inspector, enforcement of health ordinances by the plumbing inspector, and the general duties of the electrical inspector.

Although the volume of work has dropped off during the last three years, the examination of the monthly issue of permits shows that the low point was reached by each service in the following months: building, June,

1932; plumbing, April, 1932; electrical, October, 1932.

Indication is that the future will tend to increase rather than decrease. Although the decreased volume of work suggests that retrenchment in services should be made, it does not appear practical to reduce the amount of service at this time. Other cities, with no greater volume of work than has Santa Ana, have not found it expedient to reduce services below the minimum existing in Santa Ana. The possible savings by a combination of building and plumbing inspection would not be material and would probably impair the quality of both services.

To date, the city has not begun enforcement of the new earthquake proof construction law recently passed by the state legislature. This law will add to the building inspector's duties, but its enforcement should not be delayed. The building code of the city has been carefully prepared, and the fees charged have been standardized. Consideration should be given, however, to fixing the minimum fee at \$2 instead of \$1 as at present. The cost of inspection of even the most unimportant job can scarcely be met by a fee of \$2.

Consideration should also be given to providing for transportation of the inspector either (1) by an allowance for operation of private cars, or (2) by supplying city-owned cars. The present practice of the inspectors using their own cars without compensation by the city is inconsistent with the practice of providing necessary transportation for other employees.

AL JOLSON IN SONG FILM HERE TODAY

"Hallelujah, I'm a Bum", new song picture, starring Al Jolson and a cast of well known stars, will be the attraction at the Fox West Coast theater today and tomorrow.

The picture is mostly music, but its comedy features, as well as the well known Jolson pathos, are important factors.

In the cast are Madge Evans, Frank Morgan, Harry Langdon, Chester Conklin and Bert Roach. Jolson deserts the blackface for the new show. Short subjects include a Betty Boop cartoon, travelogue and a new Paramount comedy.

The largest mass of copper ore on record was found in a Minnesota mine in 1857; it measured 45 feet in length, 22 feet at its greatest width and more than eight feet in its thickest part, weighed 420 tons and contained 90 per cent of pure copper.

Los Angeles Man Is Held On Bail

Richard Luster, Los Angeles man held for petty theft in connection with the defrauding of several Orange county feed firms, was arraigned yesterday before Judge Chris Pann and had

his hearing set for August 14 at 9 a. m. Bail was set at \$50.

Luster and Richard Matthe are both in the Orange county jail. Luster was arrested on a warrant signed by Ray Snodgrass of the Santa Ana Mills, where Luster received \$12.55 of feed by leaving a worthless watch for security, on July 22.

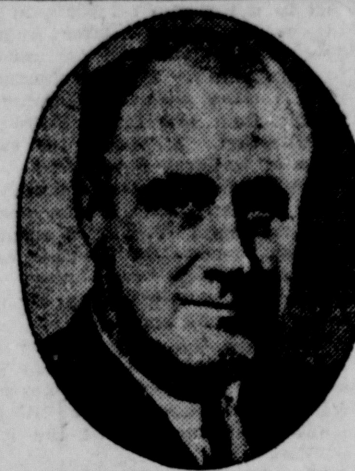

Response to the President's plea is more than a patriotic duty, it is a service to humanity of world-wide scope.

ECONOMIES IN CLERK'S OFFICE, TRANSPORTATION OUTLINED IN ANALYSIS OF CITY BUDGET

Inspection service, the city clerk's office and automotive equipment of the city of Santa Ana are discussed in sections of the budget analysis made by Alfred H. Campion, of the California Taxpayers' association, which are presented today. Other sections of the report which was requested by the council and which resulted in economies cutting more than \$100,000 from the cost of city government, will appear daily in The Register.

Automotive Equipment

The city has an investment in 45 pieces of automotive equipment, including 8 heavy trucks, 13 light trucks and delivery cars, 17 passenger cars, and 7 pieces of miscellaneous equipment such as street sweepers, a tractor, a compressor and graders. One-half of the equipment is more than 10 years old.

All automotive equipment is stored and maintained at a central garage. Excellent accounting records are kept of mileage and costs, and all charges of upkeep, except insurance and depreciation, are charged to the using departments.

If it is assumed that the average life of automotive equipment in city service is approximately 80,000 miles, it can be concluded that the city requires an annual replacement of three cars on the basis of 1932-33 total mileage. One heavy truck and two passenger or light truck and delivery cars should be replaced.

With the exception of one car, none of the cars showing the highest mileage costs traveled 6000 miles, or averaged 20 miles a day, during 1932-33, indicating that they are held in reserve or are not capable of giving full time performance. The cost of keeping such cars is out of proportion to the mileage use obtained; this is particularly true when it is considered that the average insurance on a car is \$26 a year and the turn-in value will be only nominal.

It is suggested that both heavy trucks be turned in for one new truck as both of them are too expensive to operate. Two old cars should be turned in for each of the other two new cars to be purchased. This will eliminate old equipment which should not be operated. The city will not suffer by having too little equipment, as one car is used by a street inspector whose services are to be terminated on September 30, and elsewhere in this report it is recommended that one license inspector who operates a city car be dropped.

The departmental budgets contain requests for one heavy truck (\$2800) and one police car (\$800); an additional budget allowance will be required for the third proposed replacement.

City Clerk

The city clerk is an elective officer; his salary of \$300 a month is fixed for his term of office. The office has two deputy clerks and two license inspectors. The city provides each inspector with motor transportation.

The clerk acts as secretary to the city council, signs all warrants and draws all orders of deposit on the city treasury, and conducts municipal elections. The greater

part of the time of the entire office is taken up with the issuance and collection of business licenses. The city has approximately 1500 accounts, most of them payable quarterly. Dog licenses are also issued, and the recent addition of licenses for beer sales has increased the volume of work. Collections for 1932-33 were: business licenses, \$37,445.50; dog licenses, \$842.50; total, \$38,288.

The collection of licenses by the city clerk is provided for by ordinance. In other cities of comparable size the function is usually performed by the police department, or, in some instances, by the city treasurer. The use of two full-time inspectors and the part-time services of three others is an unusually large force for this function. The city of San Bernardino collects almost one-half more license money with one license clerk, plus some clerical help and the use of the police department in serving notices.

The Santa Ana license inspectors are assigned to outside collections of delinquent licenses, checking licenses of commercial vehicles and reporting new places of business. The office clerks divide their time between issuing licenses and carrying on the regular duties of the clerk.

Suggest Cost Reduction

Reduction in the cost of collecting business licenses could be effected by either of the following methods:

1. Eliminate one license inspector; use one deputy clerk half time (it is suggested that the city clerk and the police department share the services of one clerk, eliminating one position in the two departments); use one license inspector for checking commercial vehicle licenses and new businesses outside the office except during the rush of quarterly collections when he should assist in the office; turn over all delinquent notices to the police department for service, such notices to contain information that if payment is not made within a specified time a bench warrant will be issued; make greater use of the city court to enforce delinquent collections.

2. Provide by ordinance for the police department to issue and collect business licenses; use the desk sergeant, the office secretary and half-time services of one clerk for

the necessary office work, and transfer a license inspector from the city clerk's office for duties as outlined in the first alternative; use the police force to enforce delinquent collections. In such event, the city clerk's personnel could be reduced by two and one-half positions.

Under either alternative, the savings in cost would be about the same; the public would probably receive a better service, however, if collections were left with the city clerk.

The question of collecting delinquent licenses outstanding appears to be one of the methods. The use of the police department and bench warrants as a regular practice and not simply in exceptional cases should effectively discourage delinquency.

A criticism has been directed at the city clerk because he retains fees paid by the state for recording vital statistics. These average from \$50 to \$60 a quarter. Under state law, as amended in 1931, the county health officer, who acts as health officer for Santa Ana, is the official registrar of vital statistics for the city. The city clerk acts as a deputy registrar for the health officer by official commission. Inasmuch, however, as the health officer maintains an office in the city, there is no need for the duplication of services.

Inspectional Services
The city employs full-time building inspector, a plumbing inspector, and an electrical inspector. The building inspector is also plastering inspector; the plumbing inspector also supervises sewer and gas inspections; and the electrical inspector also has charge of maintenance of the fire alarm system. Each inspector furnishes his own automobile and no allowance is made for expense connected therewith.

While expenditures were reduced practically 25 per cent during the past three years, receipts dropped off more than 50 per cent. Where-as receipts exceeded expenditures by practically \$2000 in 1930-31, expenditures exceeded receipts by almost a like margin in 1932-33.

Inspectional services are rendered as a protection to the public and the property owner, and it is the usual theory that fees are charged for the costs of the service and not for the revenue. If costs exceed fees collected, costs should be reduced or fees should be increased, or both, in order that a balance be maintained. Consideration should be given, however, to the services of general benefit received from administration of the zoning ordinance by the building inspector, enforcement of health ordinances by the plumbing inspector, and the general duties of the electrical inspector.

Although the volume of work has dropped off during the last three years, the examination of the monthly issue of permits shows that the low point was reached by each service in the following months: building, June,

1932; plumbing, April, 1932; electrical, October, 1932.

Indication is that the future will tend to increase rather than decrease. Although the decreased volume of work suggests that retrenchment in services should be made, it does not appear practical to reduce the amount of service at this time. Other cities, with no greater volume of work than Santa Ana, have not found it expedient to reduce services below the minimum existing in Santa Ana. The possible savings by a combination of building and plumbing inspection would not be material and would probably impair the quality of both services.

To date, the city has not begun enforcement of the new earthquake proof construction law recently passed by the state legislature. This law will add to the building inspector's duties, but its enforcement should not be delayed. The building code of the city has been carefully prepared, and the fees charged have been standardized. Consideration should be given, however, to fixing the minimum fee at \$2 instead of \$1 as at present. The cost of inspection of even the most unimportant job can scarcely be met by a fee of \$2.

Consideration should also be given to providing for transportation of the inspector either (1) by an allowance for operation of private cars, or (2) by supplying city-owned cars. The present practice of the inspectors using their own cars without compensation by the city is inconsistent with the practice of providing necessary transportation for other employees.

AL JOOLSON IN SONG FILM HERE TODAY

"Hallelujah, I'm A Bum", new song picture, starring Al Jolson and a cast of well known stars, will be the attraction at the Fox West Coast theater today and tomorrow.

The picture is mostly music, but its comedy features, as well as the well known Jolson pathos, are important factors.

In the cast are Madge Evans, Frank Morgan, Harry Langdon, Chester Conklin and Bert Roach. Jolson directs the backstage for the new show. Short subjects include a Betty Boop cartoon, travelogue and a new Paramount comedy.

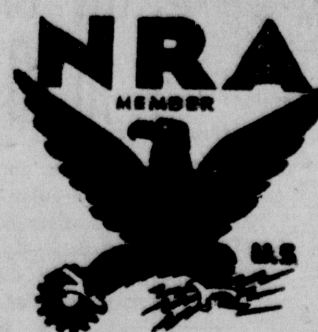

The largest mass of copper ore on record was found in a Minnesota mine in 1937; it measured 45 feet in length, 22 feet at its greatest width and more than eight feet in its thickest part, weighed 420 tons and contained 90 per cent of pure copper.

Los Angeles Man Is Held On Bail

Richard Luster, Los Angeles man held for petty theft in connection with the defrauding of several Orange county feed firms, was arraigned yesterday before Judge Chris Pann and had

his hearing set for August 14 at 9 a. m. Bail was set at \$50.

Luster and Richard Maltbie are both in the Orange county jail. Luster was arrested on a warrant signed by Ray Snodgrass of the Santa Ana Mills, where Luster received \$12.55 of feed by leaving a worthless watch for security, on July 22.

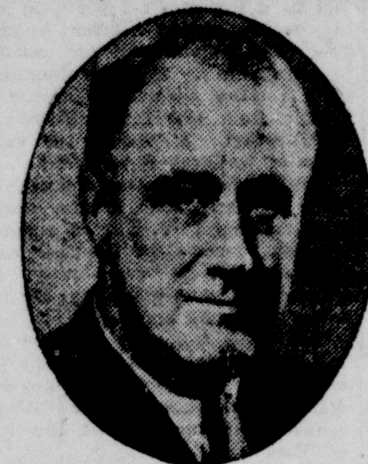

Response to the President's plea is more than a patriotic duty, it is a service to humanity of world-wide scope.

Resistant Red Scale Conquered!

Unique Oil Film
produced by Volck's MIXOL
gets Results

THE MIXOL FILM adheres to the insect and to the surface of the bark with minimum penetration of the wood and without building up unnecessarily heavy oil deposits on fruit and foliage.

The results with one treatment compare favorably with the best produced by ordinary double treatment.

It is really an All-Scale treatment and has been used with great success in Black Scale areas where Red Scale is present, giving good control of the Black and preventing the Red from becoming a menace.

VOLCK'S...

The purest and finest citrus Oil Spray emulsion that can be produced.

ORTHO-K...

A more economical Oil Spray for use where exacting VOLCK standards are not required.

ORANGE-OL...

The Ortho Oil Spray commonly used where Black Scale is the only important pest.

TANK-MIX OILS...

We offer spraying Oils in several grades especially adapted to citrus insect pest control.

SCHOOLS WILL GET \$865,568 OF STATE FUND

Orange county will receive an estimated amount of \$489,999 for elementary schools and \$375,569 for high schools, or a total of \$865,568 in apportionments to be made from state school funds for the 1933-34 school year, according to information from the state department of education received today.

—No true American will be out of step in this great march to Recovery.

V. B. ANDERSON CO.
ACETYLENE WELDING
120 Spurgeon St. Ph. 1669

Junior college apportionments were made in the report received today from Sacramento. This makes a grand total of \$787,779.74 received last year as compared with the \$865,568 reported for this year.

State school funds totaling \$38,524,119 will be apportioned to counties for the school year, according to the estimate prepared by the state department of education. Of this amount \$20,369,581 will go to elementary schools; \$16,731,138 to high schools and \$1,423,400 to junior colleges.

This will be the first allocation of funds made by the state under terms of constitutional amendment No. 30—the so-called Riley-Stewart tax plan—funds for which are being raised by the 2-1-2 percent sales tax which was effective August 1.

Under terms of enabling legislation, the apportionments will be made in 10 monthly payments beginning next September when the first amount will be credited to county school funds. "This spreading of the state apportionments over the year is necessary in view of the fact that the state taxes, particularly the sales tax, will be collected throughout the year rather than in one or two payments," department officials said.

CLOSE R.F.C. OFFICES

FULLERTON, Aug. 10.—Fullerton, Placentia and Yorba Linda offices for allotting work under the R.F.C. program have been closed, and all orders again are being issued from the Santa Ana Welfare department.

The heads of the closed offices were Verne Baker, Fullerton; E. R. Walker, Yorba Linda and Stuart H. Strathman, Placentia.

NATIONAL WHIRLIGIG

— News Behind the News —

WASHINGTON
By George Durno

TENEMENTS

Rehabilitation of city slums is going to be a very important item in the huge public works program just getting under way.

So far there are over thirty proposals before the special cabinet board for raising unsightly sections in cities all over the country. On their site would be built model tenements.

There is reason to believe most of them will be granted after a little negotiation.

No formal statement of policy has yet been forthcoming from Public Works Administration on the question. Informal talks with those in charge indicate replacement of city slums with clean and cheap living quarters is regarded as a prime investment.

In the first place PWA is looking for self-liquidating projects in which to invest the public's money. Secondly our officials would jump at such a proposition that combined social service.

Those bawling distribution of public works money are inclined to think planned tenement-building would fill both bills. Secretary of Interior Ickes, who doubles in brass as Chief Administrator, comes from Chicago where the experiment has been tried. Poorer families have been given neat apartments at rentals within their purses and the tenements have paid dividends.

Dividends from the current \$3,300,000,000 program are going to be important a few years hence.

TOLLS

No set formula has been laid down on how Federal funds shall be doled out for non-government works. Yet here again a little diligent inquiry convinces one that Ickes will insist money for such projects as slum restoration and building of toll bridges, tunnels and subways must be 100 per cent loans.

Quite a few of the delegations which have waited on the Secretary have suggested a portion of any advance be tossed off as direct subsidy to get men back at work. Ickes apparently feels otherwise where projects contemplating future revenues are concerned.

Where rents and tolls will come in from the finished structure the government expects the first receipts to apply against any loan for construction.

GO-GETTING

Senator Park Trammell, of Fla., chairman of the Senate Naval committee, has been having his troubles lately. You may remember he publicly challenged the recent bids on new naval construction and charged collusion in the bidding. President Roosevelt ordered them awarded nevertheless.

The Senator has been speaking

for Gulf Industries, Inc. This is the concern mentioned in The Whirligig recently which wanted \$35,000,000 from the R.F.C. to restore the Pensacola, Fla., navy yard and permit "mass production" of vessels. It is headed by Lawrence Wilder, one of the go-getting gentlemen seen on this horizon in recent years.

It seems that after Wilder failed to get the money from R.F.C. Trammell went around to Public Works Administration proposing they advance the money.

It granted this would have meant that the government put up the money to build a Navy Yard. Then it would have paid the yard to build fighting ships.

Peter and Paul would have been all mixed up on this bookkeeping.

CLICK

The recent telephone controversy between Secretary of Interior Ickes and Gov. Ely of Massachusetts, over handling of public works funds in the Bay State attracted widespread publicity.

You might be interested in the end of that wise-sizzling difference of opinion as to which had the final say. It went as follows:

Gov. Ely: "I don't like your policy."

Sec. Ickes: "I don't like your tone."

JAPAN

Advices reaching here through confidential diplomatic channels would indicate the Japanese high-ups are thinking of writing Herr Hitler for his recipe for keeping a hungry nation enthusiastic.

Taxes approximating 36 per cent, deflated living conditions and the high cost of holding on to the dough-edged sword they grabbed in Manchuria have not been conducive to national contentment of late.

It is whispered that the Japanese high command has noted a rising tide of radical thinking that may well force a readjustment of government policy. Wholesale imprisonment and other gentle forms of persuasion have failed to stem it. But, say these advisers, by the same token you may forget Japan as a major war power for a few years to come.

She's going to be too busy taking care of the puppet government in Manchukuo to train a military eye elsewhere.

LAPS

This story undoubtedly isn't true. However a White House correspondent says it is, so we'll quote him verbatim:

"When the circus was here the other day the press agent got busy and arranged to get himself a little publicity with a White House background."

"He brought the fat lady and the midgest up to call on Col. Louis McHenry Howe, the President's chief secretary."

"But don't think the Colonel was caught napping. As they were ushered into his office he leaped out of his chair and drew himself clear up to the tip of his 5 feet 4."

"He was smart all right. How could he tell which one wanted to sit on his lap?"

NOTES

The administration is about to plug one of the few remaining holes in its remarkable publicity setup.... A press contact man is to be installed shortly in the Treasury Department.... He has been selected and is merely awaiting Secretary Woodin's return.... Curiously this all-important department—especially these days—hasn't had a publicity man since war times.... Washington hears Italy is having her troubles also as a result of excessive taxes—Patriotic as the Fascists are it is reported they are beginning to grumble about being "bled".... Certain observers say that if anything happened to Mussolini the country would be on the ragged edge of bolshevism.... Since Assistant Secretary of State Moley took over the racket and crime survey friends have a new name for his chief assistant, Arthur Mullen Jr.... It's "Inspector Mullen, of Scotland Yard."

NEW YORK

By James McMullin

UTILITIES

The utilities are pretty sure now that they are in for fresh legislative restrictions at the next session of Congress.

Representatives of the Rayburn Congressional Committee are making the rounds of local utilities. The idea is to get material on which to base recommendations for new laws. No definite lines have been laid down yet but the committee is showing an active interest in the relations between utility companies and their financial sponsors. There is a feeling that both consumers and security holders have had to pay more for financial services than they should.

Bankers have made good money out of their utility contacts. They have had no trouble at all in thinking up a dozen different reasons for charging fees. This cream skimming will probably be out after Washington takes a look at it.

Just now utility companies are playing host to any number of Federal and state investigators. One company alone has thirty such "guests" representing six different commissions. Some of them have been around so long the company forgets they are outsiders.

One executive complains that he has to spend so much time showing the visitors the ropes he never gets a chance to attend to his business.

Niagara Hudson Power (Floyd Carlsile) got a pretty good break in the Federal Trade Commission's report. The report wasn't any too favorable. There was quite a bit of dope on management fees and writeups. But there was no word on the report that the company got buried and very few people gave it a tumble. Inter-company rivalry has softened a lot. The big fellows have begun to realize that they must sink or swim together.

MUSCLE SHOALS

It isn't generally known that nearly three-fourths of the \$160,000,000 Muscle Shoals experiment is for nitrate plants and provision for navigation locks. The actual power investment is only \$45,000,000. Experts say the year-round capacity of Wilson Dam is 50,000 kilowatts, so installation costs run to \$900 a kilo. But the outside cost of installation by the private power concerns is only \$150 a kilo. New York thinks the discrepancy is worth looking into.

RAILS

According to confidential figures the Delaware & Hudson had \$3,788 left after payment of fixed charges in 1931. It takes and wages had been the same as in 1913 the balance left would have paid a dividend of 22 per cent on its fifty-one million of stock.

No wonder the railroads are fighting for the repeal of the La Follette valuation act. Authorities

HELP FOR TIRED WIVES

Take Lydia E. Pinkham's Vegetable Compound

Wives get tired during these hard times. They are the ones who must bear the burden of the family. When the husband comes home with less money in his pay envelope... it is the wife who must struggle along and make the best of things.

estimate that the act has cost the roads the tidy sum of \$145,830,000.

STEEL

Don't get the idea that the steel industry has abandoned the job shop just because that clause was taken out of its code. Insiders say they have just begun to fight on that issue. Withdrawal of the clause was simply a strategic maneuver to avoid a showdown in public with labor holding the popular edge.

The union have been pointedly asked to pipe down for a few months by NRA authorities. They have been told that their innings will come and the government will interfere only if the warfare reaches the point of damaging the public interest.

The steel industry may also have a big argument with the government on prices. Naturally the steel men want to give them a boost. But New Yorkers working with NRA say that steel prices never have come down as much as they should and that something must be done to keep steel from getting an unfair jump on other industries.

U. S. Steel did practically as much foreign business up to June 30th as it did during the whole of 1932. The Far East and South America have responded nobly to sales appeal. A lot of Republicans in that outfit have become Roosevelt rooters.

OIL

The Rockefeller had better get busy with the dove of peace before their Standard companies of New Jersey and California climb down each other's throats. Teague of New Jersey doesn't want Federal price control. Kingsbury of California thinks it imperative. It is worth noting that Teague is siding with the independent against most of the big producers.

WHALEN

Local insiders would not be surprised if Grover Whalen bobbed up with the Tammany majority nomination. He is getting a

big play through his NRA and anti-sales tax activities and he would love to have the job. O'Brien's nomination is supposed to be cut and dried but he has been getting the razzberry in public too often for Tammany's comfort. (Copyright, 1933, McClure Newspaper-Syn.)

Y.; Bert Smith, England; Reggie Fielding, Toronto; Freddie Zach, Switzerland; Otto Petri, Berlin, and Jacques Hachard, France.

CITY LEAGUE'S LEADERS GLASH NEXT TUESDAY

Next Tuesday will be red-letter night in the Santa Ana City league's 1933 baseball schedule. The United Presbyterians and Hoffman's Rebootomy, undefeated leaders of the second-half, meet at the Municipal Bowl, and there are reasons to believe the survivor will qualify for the right to meet the Elks in a three-game playoff series for the city championship. The Elks won the first-half of the split season.

Both leaders won their games at the Bowl last night, the U. P. delegation shutting out M. E. South, 8-0, and Hoffman's winning just as easily from Bachman's garage, 5-1.

Stout, pitching for the United Presbyterians, held the South Methodists to three singles, two of them from the bat of Patmor. Stout's teammates scored in every inning but the third, both Smiley and White making homers.

Los Angeles' pitching featured the Hoffman success, the Bachman order getting only one hit off him. Short's single in the last inning cost Pangle a no-hit game. Hoffman's got four of their five runs in the fourth on hits by Harold Pangle, Beaver, Herman, Webb and Clark.

Hoffman's Rebootomy has a bit better of the remaining schedule, playing only twice where the Presbyterians must start three times. Both teams have a postponed game to play.

Two games tonight wind up another week of City league warfare. The schedule: Elks vs. Weber's bakery 7 p.m.; Baptists vs. First National bank, 8 p.m.

The lineups:

WESTMINSTER, Aug. 10.—The Westminster baseball team of the National Night league will play Redlands at the Redlands "Y" field Saturday night. A letter of acceptance to the invitation received from Redlands was returned today by Manager Francis Penhall.

GRACE OFF FOR MEXICO

LOS ANGELES, Aug. 10.—(INS)—After holding Eddie Murdoch, Oklahoma City middleweight, to a 16-round draw at Wilmington last night, Meyer Grace, Chicago welterweight, departed today by train for Mexico City to battle Kid Azteca, Mexican welterweight champion, August 19 on the same card in which Young Tommy, Filipino bantamweight title, meets "Baby Face" Casanova of Mexico City.

Among the matters before the board are applications for private racing tracks. Publication of the rules and regulations by which horse racing will be conducted in California and selection of a \$4000 a year secretary to the board.

For the latter position, among the scores of applicants, Walter Naughton, Los Angeles sports writer and J. K. Macomber, member of a Southern California racing family, are considered to be leaders. Burke is said to favor Macomber.

JO CRUICKSHANK TO RETIRE Brouillard Lethrones Jeby

'IRON MAN' OF GHETTO KAYOED IN 7TH ROUND

NEW YORK, Aug. 10.—(UP)—Lou Brouillard, bull-necked French-Canadian, last night won New York state's portion of the world middleweight championship by knocking out Ben Jeby, the "Iron Man" of the ghetto, in the seventh round and was counted out.

Jeby never had a chance. The 14,000 fans at the Polo Grounds sensed this as soon as the first session of their scheduled 15-rounder was under way. His defense was game, but pathetically futile.

From the opening gong, the southpaw from Worcester, Mass., chopped away mercilessly—right jab to the face, left hook to the stomach, right hook to the kidney and left hook to the jaw.

His continuous barrage had Jeby punch drunk and staggering in the sixth round. The bell delayed the knockout until the seventh, when Brouillard ripped blow after blow into an almost helpless opponent. A short left hook to the jaw floored the champion. He rolled over on his face, half rose at the count of nine but toppled over on his back. He was counted out by Referee Pete Hartley after 2:21.

Thus did Brouillard, at the age of 22, complete a come-back campaign which enabled him to gain the second world title of his career. He held and lost the welterweight crown at the age of 20. He probably will be matched shortly with "Gorilla" Jones, the N. B. A. champion, to determine an undisputed title-holder.

TWO TROJAN STARS ENTER WEST POINT

LOS ANGELES, Aug. 10.—(UP)—Two prospective University of Southern California athletic stars have accepted appointments to West Point, it was learned today. Stanley Smith, second string center on the Trojan football squad last year, and Andrew (Duke) Callaghan, swimmer, have been loaned to the military institution, Trojan officials revealed.

Hudkins Improved; Cafe Man Released

LOS ANGELES, Aug. 10.—(UP)—Ace Hudkins, the "Nebraska Wildcat" of the prizefight ring, continued to improve today from two bullet wounds inflicted in a cafe fight. Physicians reported he responded satisfactorily to a second blood transfusion yesterday. Dick Bennett, cafe proprietor who accused Hudkins of drawing a gun before he shot him, was released yesterday on orders from the district attorney's office.

Eight Hunters Bag 16 Bucks In North

TALBERT, Aug. 10.—Sixteen deer as the kill for eight men who took advantage of the opening of the deer season in the Mendocino county mountains was the record made by a group of Talbert, Santa Ana, Irvine and Oceanside hunters. Ten of the bucks were large, the remaining six of medium and smaller sizes.

Faster Than Swanson?

"Frenchy" Boudary of the Sacramento ball club is considered the fastest runner in professional baseball, according to ex-big leaguers who have seen him perform in the Pacific Coast league.

SAFETY FIRST

Gene Sarazen has been known to take plenty of chances on the golf course, but when it comes to going up for a plane ride he's careful. Here you see the former British and U. S. Open champion arrayed in helmet, goggles and parachute as he came down at Elmira, N. Y.

SPORTS BULLETINS

OAK PARK COUNTRY CLUB

ILL, Aug. 10.—(UP)—Mrs. Gregg Lufur, Los Angeles, won her match in the Women's Western golf championship tournament from Jane Weiler, Chicago, 1 up, on the 18th hole today.

Betty Abbott, another Los Angeles girl, also entered the semifinals when she won a close battle from Mrs. Melvin Jones of Chicago, 1 up on the 18th hole.

NEW YORK, Aug. 10.—(INS)—Jack Crawford, Australian, recognized as the world's greatest amateur tennis player, will compete in the National championships at Forest Hills next month, according to Edward Moss, secretary of the U. S. L. T. A. Crawford will arrive in Boston Aug. 18.

LONDON, Aug. 10.—(INS)—Because he is unable to talk as well as he can run, Paavo Nurmi, famous long-distance racer, faces a divorce suit. The London Daily Herald reported today in a dispatch from Helsinki.

The report said Nurmi's wife had decided to sue for divorce on grounds of incompatibility because "as a husband he is most shy, tedious and poor in words."

LOS ANGELES, Aug. 10.—(UP)—Tommy Newton, San Diego automobile racing driver, died today of a skull fracture suffered when his car careened into a rail in the 50-lap feature race at Ascot Legion speedway last night.

Newton's car skidded on the only surface of the track during the 13th lap, struck the outer guard rail and twice overturned, throwing him clear of the wreckage. He was a relatively inexperienced driver.

CHICAGO, Aug. 10.—Jack Sharkey, former heavyweight champion of the world, will engage King Levinsky in a 10-round bout here the night of Sept. 11 at Comiskey park, it was announced today. Levinsky has been doing light training for the match for the last two weeks. The bout is to be part of the Century of Progress Exposition sports program.

BERKELEY, Aug. 10.—University of California officials today announced "cut-rate" ticket prices for home football games this season.

A season ticket for all games, including the Stanford-California contest, may be purchased for \$11, including tax. This ticket carries an option for a second ticket for the "Big Game." A second season ticket is offered for \$7.00 but it does not include admission to the Stanford game. Charges for individual games include: St. Mary's, \$1.75 instead of \$2.20; Southern California, \$2.50 instead of \$3.50; Washington, \$1.65 instead of \$2.00; and Stanford, \$4.00. All other variety games played here will carry \$1.50 admissions.

APPLICANTS RUSH SERVICE

MADRID.—(UP)—Two thousand men have applied for the 200 vacancies in Spain's secret service. The applicants will undergo severe examination, wherein attention will be concentrated upon their training and physical condition.

CALL MEETING TO SET COUNTY LEAGUE SERIES

Officials of the Santa Ana and Huntington Beach clubs will meet plans for a playoff series between first and second-half winners of the Orange County Night league.

Santa Ana won the first-half, and tied with Huntington Beach in the second-half which closes with Santa Ana at Irvine and Huntington Beach at Orange.

Some sort of a playoff is certain, unless Orange unexpectedly defeats Huntington Beach while Santa Ana is beating Irvine. A win for both leaders would necessitate a second-half playoff, and another series after that if Huntington Beach should win the first one. If Huntington Beach is winning from Orange, the Oilers would be undisputed champions of the second-half.

Joe Harless, Santa Ana's manager, has picked Mearl Youel to pitch against Irvine. The Bear-pickers are expected to rely on George Stevens.

Olive and Anaheim completed their schedule last night, with Olive beating the Flying A's, 8-6. The standings:

ORANGE COUNTY NIGHT LEAGUE	W.	L.	Pct.
Santa Ana	7	2	.778
Huntington Beach	7	2	.778
Irvine	6	3	.667
Orange	4	5	.444
Olive	2	9	.182
Anaheim	1	10	.100

WUWATOST, Wis., Aug. 10.—(UP)—With 16 players remaining in the field after a first round which sparked with par-breaking golf, the National Professional Golf association championship entered the second round of match play today over the Blue Mound Country club course.

It required some of the greatest shooting in the 16 years of P. G. A. tournaments to remain in the running for the title now held by Olin Dutra, Brentwood Heights, Calif. Seven players shattered par in yesterday's matches. One course record was equaled.

In the front ranks of contenders were Gene Sarazen, who held the title in 1922 and 1923; Willie Goggin, Californian who is making his first bid for National honors; Paul Runyan, Ryder Cup player; Johnny Revolta and Tom Creavy, Albany, N. Y. youngsters, who held the P. G. A. title in 1931.

M'LARNIN UNDECIDED ON FUTURE MATCHES

SAN FRANCISCO, Aug. 10.—Jimmy McLarnin, welterweight champion boxer, played golf here today and said he didn't know for sure whether he would continue by steamer this afternoon as scheduled for Vancouver, B. C., his home.

"As a matter of fact," he said, "I'm waiting for a wire that may mean taking on a fight with Andy Callahan of Boston either in Madison Square Garden or the Garden stadium. I may have to leave immediately for the east."

He said he preferred to fight Young Corbett, from whom he took the title, but that nothing in the way of a definite guarantee had been made by any promoter.

He expressed preference for a Corbett fight in Los Angeles Labor Day.

LOS ANGELES, Aug. 10.—Signs that a "new deal" is arriving in athletic attendance as well as in business recovery were seen here today when General Manager Errol Eddy of the associated students at the University of Southern California announced that the first ten days of returns on season ticket applications for Trojan football games were 20 per cent ahead of last year.

The Trojan ticket department staff has been enlarged to take care of the heavy mails bringing application blanks, Eddy reported. "The general feeling of optimism that has come in the past few months with the stimulation of business, combined with the low price of \$14.50, including tax, for public season tickets, is starting off our ticket sales for the season at an unusually fast pace," he said.

NEW CHAMPION

Long live the king! This one is the new king of the middleweights, Lou Brouillard of Worcester, Mass., a French-Canadian. Brouillard took the title from Ben Jeby last night, knocking out Jeby in the seventh round at the Polo Grounds, New York.

RYE, N. Y., Aug. 10.—(INS)—Josephine Cruickshank, Santa Ana, Cal., declared today she will not compete in National tennis tournaments after this year.

She is the country's fifth ranking woman player. "No, I'm not going to get married, but my job will keep me busy," she said.

Miss Cruickshank's decision to abandon competitive tennis has been in the formative stage for more than a year. She had not intended to invade Eastern tournaments this year but changed her mind almost at the last minute when her employer, a Los Angeles business man, urged her to do so.

The Santa Ana girl will not quit tennis altogether but will confine her play to local tournaments. She does not intend to go east after 1933.

MISS CRUICKSHANK FACES DOROTHY ROUND

RYE, N. Y., Aug. 10.—(INS)—Sidney Wood of New York, former internationalist, faced John Van Ryn, East Orange, N. J., and Jack Tidball, Los Angeles, clashed with Gregory Mangin, Newark, N. J., in quarter-final matches today in the Eastern turf tennis championships.

In the remaining quarter-final matches tomorrow, George Lott, Chicago's Davis Cup star, will take on Lester Stoen, giant Californian, and Cliff Sutter of New Orleans, defending champion, will play Karm Kamrath, the Texan who scored an upset yesterday by eliminating Keith Gledhill of California.

The women's singles finals will be played Saturday instead of Sunday because Dorothy Round, British star who is a possible finalist, objects to playing on the Sabbath. She will meet Josephine Cruickshank of Santa Ana, Cal., in one semi-final tomorrow. In the other Mary Heeley, another Briton, will oppose Mae Ceurvorst, Wichita, Kan.

Miss Cruickshank yesterday swamped Joan Riddley of Great Britain in straight sets, 6-0, 6-2.

SURPRISING POETS IN GAME AT OLIVE

Whittier, the surprise team of the National Night Ball league, invades Olive tonight for a game advanced from Friday's regular schedule.

Beaten only twice this half, Whittier is only a game behind the league-leading Huntington Beach Oilers.

Paul Watson, Whittier's ace pitcher, has been on crutches with a leg injury and it is not definite that he will face the Olivemans. "String" McDonnell will get the call if Watson is still on the shelf. Rudy Heman will hurl for the Packers.

Yanks Begin Road Trip 3 Behind Nats

NEW YORK, Aug. 10.—(UP)—The New York Yankees' pennant crisis is at hand. This heretofore weak road club today started on the longest road trip of its season, faced with three games in Philadelphia, one in Washington and a long swing around the Western circuit.

Unable to overtake the leading Washington Senators in their recent home stand and two "crucial" series at Washington and New York, the Yankees start their travels today, games behind Washington, following yesterday's 4 to 1 beating by the Senators.

SPEED RECORD SET BY GERMAN TRAIN

MUNICH, (United Press)—The German National Railways recently put through its trial run from here to Stuttgart an electric train which is claimed the fastest of its type in the world.

Over the 240 kilometer stretch, which it covered in two hours, 26 minutes, the train averaged over 98 kilometers, or almost 64 miles per hour.

The greatest speed, 151.4 kilometers an hour, is the highest ever reached by an electric train, it is reported. The "Flying Hamburger," a streamlined, Diesel-powered, double unit operating between Berlin and Hamburg, makes much faster time, but is not to be classed with heavy trains such as the new Munich-Stuttgart express, which includes a locomotive and seven cars.

Good Samaritan Feeds Penniless

STURGIS, Mich.—(INS)—Fifteen to twenty travelers daily are finding the Washington Cafe here a God-send.

A sign in the window says, "Stranger, if you are without money, you are welcome here."

Gus Sarris, manager of the restaurant, said only a few of those who take advantage of the offer are knights of the road.

SANTA ANAN ON FINAL TOUR OF EAST'S COURTS

RYE, N. Y., Aug. 10.—(INS)—Josephine Cruickshank, Santa Ana, Cal., declared today she will not compete in National tennis tournaments after this year.

She is the country's fifth ranking woman player. "No, I'm not going to get married, but my job will keep me busy," she said.

Miss Cruickshank's decision to abandon competitive tennis has been in the formative stage for more than a year. She had not intended to invade Eastern tournaments this year but changed her mind almost at the last minute when her employer, a Los Angeles business man, urged her to do so.

The Santa Ana girl will not quit tennis altogether but will confine her play to local tournaments. She does not intend to go east after 1933.

MISS CRUICKSHANK FACES DOROTHY ROUND

SPEAKER CITES CLUBS' VALUE TO COMMUNITY

FULLERTON, Aug. 10.—Dr. D. C. Cowles declared that the service club is of great value in a community, in helping members to know competitors, and in assisting in a spirit of co-operation, when he discussed the relationship of the Rotary club to the 20-30 club at the 10-30 club meeting last night at McFarland's cafe.

The speaker enlarged on his recent trip to the Rotary convention at Boston, and told of incidents in his travels through the continent and in the British Isles.

Kerman Bowie provided entertainment with presentation of piano solos. Lloyd Verry presided at the business session, where Francis Koonits and "Dutch" Matter were accepted as new members.

The next session will be August 19 at the cafe, when a special presentation rally program will be held, with representatives present.

The convention is to be at Santa Cruz August 25 to 27. Al Blackford will represent Fullerton 20-30 group.

Ralph Layton and Fred Lamping are in charge of the program for the county meeting.

Picnic Planned By D. U. V. Group

FULLERTON, Aug. 10.—The Malvern Hill Helpers, social club of the Fullerton chapter, Daughters of the Union Veterans, will hold an all-day meeting Monday at Huntington Beach. A picnic dinner will be served at noon.

No More Piles

You Can End Your Awful Misery Quick Without Cutting or Salves

Thousands of Pile sufferers do not know that the cause of Piles is internal—bad circulation of blood in the lower bowel.

That is the scientific truth about Piles—the real reason why salves and suppositories do not give permanent relief, why cutting does not remove the cause.

Your itching, bleeding or protruding Piles will only go when you actually remove the cause—and not one minute before. External treatments can't do this—internal medicine should be used. HEM-ROID, the prescription of Dr. J. S. Leonard, sold by good druggists everywhere, succeeds because it stimulates the circulation, drives out congested blood, heals and restores the almost dead parts.

Dr. Leonard's HEM-ROID has an almost unbelievable record of success right in this city. So why waste time on external remedies or worry about an operation when McCoy's Drug Stores invite every Pile sufferer to try HEM-ROID with guarantee of money-back if it does not end their Piles, no matter how stubborn the case?

Plan Exhibit, Pageant At Church Friday

FULLERTON, Aug. 10.—The closing session of the co-ordinated Bible school program of Fullerton will be held at 9:30 a. m. tomorrow at the Methodist church, completing a full five-week course, under direction of the Ministerial association, and in conjunction with the general supervised program for youth of Fullerton.

An exhibit of work will be featured and all departments, including kindergarten, primary, junior and intermediate will present numbers.

Under direction of Mrs. A. C. Terrill, a pageant, "The Call of the Nations," will be given, and the children's choir, directed by Gordon McClure, will present numbers. The public is invited to attend.

NRA PROGRAM OUTLINED AS WORKERS MEET

FULLERTON, Aug. 10.—In just two weeks after orders were delivered from Washington, D. C., that Fullerton form in military order to combat unemployment and the depression, the officers are commissioned, and all are ready to go to work, with details of the program worked out at meetings yesterday at the chamber of commerce office.

Heading the committee are W. K. Maxwell, general, and Mrs. Albert Launer, lieutenant general, and serving directly under them are three colonels, including Leonard West, colonel in charge of organizing the consumers in companies of 10, under proper officers, and of registering unemployed. The other two colonels are Dan O'Hanlon, colonel in charge of publicity, who has appointed Nadine Mason, P. D. Maynard and Eva Copeland as assistants and Dr. William Wickett, colonel in charge of education.

Assistants announced by West are as follows: West side, Walter Muckenthaler and Lillian Dawson; central, Guy Church and Mrs. Norman Lombard; east side, the Rev. Francis E. Hayes and Mrs. Jonnie M. Daniels; and south side, Mrs. Harley Brewer and Harry W. Crooke. Their sub officers, majors of the military organization, are in charge of the work of house to house canvass, and will name captains to organize companies, and to make the check of the city, house to house.

The clearing house for the work is through the information bureau, of which Harry May, secretary of the chamber of commerce, is in

BEACH PICNIC HELD BY W. R. C. CLUB MEMBERS

FULLERTON, Aug. 10.—The Get-to-Gether club of the Woman's Relief corps of Fullerton spent Wednesday at Huntington Beach, enjoying a picnic luncheon at noon, and an afternoon of social time, with a brief business session.

Mrs. Florence Erthal, vice president, presided in the absence of the president, Mrs. Dora Riley. The women voted to purchase materials and make clothing for relief work, for which they get many calls. Mrs. Clara Winn and Mrs. Erthal were appointed to purchase materials and arrange for making the clothing.

A mystery package was given Mrs. Katherine Markham. Next meeting was announced for September 13 at the home of Mrs. Lillian Quigley's daughter in Santa Ana.

Attending were Mrs. Jennie Swoap and son, Howard, and two grandchildren, and Mr. and Mrs. Ray E. Closson, of Brea, and Mr. and Mrs. French, Mrs. Clara Shill, Mrs. Quigley, Mrs. Winn, Mrs. Edythe Freeman, Mrs. Markham and son, Blaine; Mrs. Erthal, Mr. and Mrs. A. L. Menton and four grandchildren, Mrs. Vera Smith and two children, Mrs. Mabel Daleesi and three daughters, Dorothy, Frances and Eleanor, of Fullerton, and Mrs. Smith and her son, of Garden Grove.

'Positive Fact Of Second Coming To Be Topic Tonight

FULLERTON, Aug. 10.—Subjects for talks for the balance of the week were announced today by the Rev. Bertram Miller, evangelist in charge of meetings being held under the Christian and Missionary Alliance, in the building west of the Pacific Electric station, East Commonwealth avenue.

The evangelist recently closed a series of meetings in the east, and is in the second week of services here. Meetings are held each night at 7:30 o'clock and on Sunday at 2:30 and 7:30 o'clock with exception of Monday night, when no services are held.

Tonight, the evangelist will talk on "The Positive Fact of Christ's Pre-Millennial Second Coming." Friday night he will talk on "Does Christ Heal the Sick Today?" and on Saturday, the Rev. and Mrs. David Olson, assisting pastors, missionary workers from China, will talk on "China," showing stereopticon pictures.

charge, at the chamber offices in the California hotel building. May, Dr. Wickett, Mrs. Earl Dwyler, W. T. Boyce, Howard Irwin, Harry Maxwell and Raymond Thompson are speakers under Wickett.

FOREST WORK OUTLINED FOR WALTON LEAGUE

FULLERTON, Aug. 10.—Great areas of forest in United States are closed to the public because a few people do not know how to act in such regions, according to Federal Ranger Hodson.

Hodson was one of three speakers at the Fullerton Isaac Walton league meeting Wednesday night, and said that the areas are closed to protect the valuable trees. The closed areas are those that must be protected, but which cannot be policed. In addition to his talk, he showed pictures of the wild life and of the fire protection work that is carried on in the United States reservations.

W. M. Corey, assistant farm advisor, told of the tie-in between the county and the state in forest conservation, and Joe Scherman, state forest ranger, told of the civilian conservation camps. Two camps are in close proximity to this region, one near San Juan Capistrano and one near Hemet. Scherman said the boys are under

military control in camp and are under forestry supervision while at work.

W. S. Houseworth was chairman of the program. John Gregory presided at the business session, where two resolutions were approved. One is to the state director of national resources, D. H. Blood, at Sacramento, asking him to exclude Orange county when the season is opened from November 15 to November 30 in the state for shooting Mongolian pheasants. The reason the league is against the opening of the season is that a great expense has been incurred in getting a start of the birds in Orange county, and the league members feel that there are not yet enough birds to permit open season. The other resolution requested the Orange county board of supervisors to consider the Brea flood control project. This project was started through the efforts of the league.

A bill, which is now on the desk of Governor Rolph for signature, was approved, and his signature is to be requested, on closing the district for 20 miles around Catalina island to commercial fishermen. Reports are there is a meeting on the question to be held at the State building at Los Angeles, August 15, and to be attended by Governor Rolph. Isaac Walton league of Fullerton will send a representative.

50 Men Get Work Under NRA Setup

FULLERTON, Aug. 10.—With everyone co-operating in the N. R. A. program for relieving unemployment, reports, not all official, that have been turned into the Fullerton Chamber of Commerce office are to the effect that about 50 full time jobs have been opened in Fullerton.

Several small shops are reporting they are putting on from 14 to 20 man hours a week, on money saved through early closing. Another shop has placed 20 extra man-days a week, through early closing, while others report three full time extra employees.

The service station and tire men are placing 12 full time men in jobs through their program. It is reported.

Relief Corps In Session Aug. 17

FULLERTON, Aug. 10.—The regular meeting of Fullerton Woman's Relief corps is scheduled for Thursday, August 17, at Odd Fellows hall at 7:30 p. m.

Coming Events

TONIGHT
Veterans of Foreign Wars and auxiliary; Odd Fellows temple; 7:30 p. m.

FRIDAY
"Uncle Tom's Cabin," play by Little Theater guild; old high school auditorium; 8 p. m.
Warwick camp, United Spanish War Veterans and auxiliary; Odd Fellows temple; 7:30 p. m.
Business and cards; Friendly circle of Ami Tai chapter of Order of the Eastern Star.

CARD PARTY HELD BY CHURCH GUILD

FULLERTON, Aug. 10.—Under beach umbrellas, in a beautiful garden setting, bridge and "500" were enjoyed yesterday at the home of Mrs. H. P. Bender, North Nicholas avenue, where St. Elizabeth's guild of St. Andrew's Episcopal church sponsored a party.

Mrs. S. E. Simonton, Mrs. Frank Updyke and Mrs. W. C. Bowen were assisting hostesses. Prize winners were Mrs. Caroline Deist, Mrs. J. A. LaForce, Mrs. Dale Wilson, Mrs. Taylor and Mrs. Craig.

REBEKAHS SPONSOR PLAY FRIDAY NIGHT

FULLERTON, Aug. 10.—The Fullerton Rebekah lodge is sponsoring a play, "Uncle Tom's Cabin," to be given Friday at 8 p. m. at the old auditorium of the Fullerton Union High school, by the Little Theater guild of Orange county.

Loyal Women To Meet August 16

FULLERTON, Aug. 10.—The regular meeting of the Loyal Women's class of the Christian church has been postponed until August 16, at the home of Mr. and Mrs. T. K. Gowen, Valencia drive, at 7:30 p. m.

PLAN EASTERN TRIP

FULLERTON, Aug. 10.—W. B. Potter, city councilman, and Mrs. Potter, with their two young sons, Carol and Lester, are planning to leave Saturday morning for the east, to look after some property in Kansas and Illinois. If time allows, they expect to visit the world's fair at Chicago.

IMPORTANT

to users of

Gasoline

CLAIMS of the qualities of various gasolines are confusing.

Therefore we feel that you, who use 76, should know the facts.

Nineteen months ago the Union Oil Company commenced marketing its superior anti-knock gasoline, 76, with an octane rating beyond any competing motor fuel.

Three times during the last year and a half the Union Oil Company has improved the performance of 76—setting new yardsticks of quality for 76 competition. The company maintains one of the finest of research laboratories and is continuously working for the improvement of the qualities of the products which it markets.

Nineteen months ago at the inception of 76, we told you it was the finest uniform anti-knock motor fuel ever offered and we assure our own patrons that this statement is true today.

NOW—SEVEN PREMIUM QUALITIES

Today 76 gives you octane leadership by supplying the greatest possible number of natural anti-knock fractions and in addition offers you seven premium qualities at no extra cost.

As evidence of our faith in these qualities we continue the guarantee first printed nineteen months ago.

OUR GUARANTEE

If, after you try 10 gallons of 76, you do not recognize an improvement over any non-premium gasoline you have used—just return your receipt and we will refund the amount of your purchase in cash.

Under direction of Mrs. A. C. Terrill, a pageant, "The Call of the Nations," will be given, and the children's choir, directed by Gordon McClure, will present numbers. The public is invited to attend.

NRA PROGRAM OUTLINED AS WORKERS MEET

FULLERTON, Aug. 10.—In just two weeks after orders were delivered from Washington, D. C., that Fullerton form in military order to combat unemployment and the depression, the officers are commissioned, and all are ready to go to work, with details of the program worked out at meetings yesterday at the chamber of commerce office.

Heading the committee are W. K. Maxwell, general, and Mrs. Albert Launer, lieutenant general, and serving directly under them are three colonels, including Leonard West, colonel in charge of organizing the consumers in companies of 10, under proper officers, and of registering unemployed. The other two colonels are Dan O'Hanlon, colonel in charge of publicity, who has appointed Nadine Mason, P. D. Maynard and Eva Copeland as assistants and Dr. William Wickett, colonel in charge of education.

Assistants announced by West are as follows: West side, Walter Muckenthaler and Lillian Dawson; central, Guy Church and Mrs. Norman Lombard; east side, the Rev. Francis E. Hawes and Mrs. Jennie M. Daniels, and south side, Mrs. Harley Brewer and Harry W. Crooke. Their sub officers, majors of the military organization, are in charge of the work of house to house canvass, and will name captains to organize companies, and to make the check of the city, house to house.

The clearing house for the work is through the information bureau, of which Harry May, secretary of the chamber of commerce, is in

BEACH PICNIC FOREST WORK HELD BY W. R. C. OUTLINED FOR CLUB MEMBERS WALTON LEAGUE

FULLERTON, Aug. 10.—The Get-to-Gether club of the Woman's Relief corps of Fullerton spent Wednesday at Huntington Beach, enjoying a picnic luncheon at noon, and an afternoon of social time, with a brief business session.

Mrs. Florence Erthal, vice president, presided in the absence of the president, Mrs. Dora Riley. The women voted to purchase materials and make clothing for relief work, for which they get many calls. Mrs. Clara Winn and Mrs. Erthal were appointed to purchase materials and arrange for making the clothing.

A mystery package was given Mrs. Katherine Markham. Next meeting was announced for September 13 at the home of Mrs. Lillian Quigley's daughter in Santa Ana.

Attending were Mrs. Jennie Swoap and son, Howard, and two grandchildren, and Mr. and Mrs. Ray E. Closson, of Brea, and Mr. and Mrs. French, Mrs. Clara Shill, Mrs. Quigley, Mrs. Winn, Mrs. Edythe Freeman, Mrs. Markham and son, Blaine; Mrs. Erthal, Mr. and Mrs. A. L. Menton and four grandchildren, Mrs. Vera Smith and two children, Mrs. Mabel Daleesi and three daughters, Dorothy, Frances and Eleanor, of Fullerton, and Mrs. Smith and her son, of Garden Grove.

'Positive Fact Of Second Coming To Be Topic Tonight

FULLERTON, Aug. 10.—Subjects for talks for the balance of the week were announced today by the Rev. Bertram Miller, evangelist in charge of meetings being held under the Christian and Missionary Alliance, in the building west of the Pacific Electric station, East Commonwealth avenue.

The evangelist recently closed a series of meetings in the east, and is in the second week of services here. Meetings are held each night at 7:30 o'clock and on Sunday at 2:30 and 7:30 o'clock with exception of Monday night, when no services are held.

Tonight, the evangelist will talk on "The Positive Fact of Christ's Pre-Millennial Second Coming." Friday night he will talk on "Does Christ Heal the Sick Today?" and on Saturday, the Rev. and Mrs. David Olson, assisting pastors, missionary workers from China, will talk on "China," showing stereopticon pictures.

charge, at the chamber offices in the California hotel building. May, Dr. Wickett, Mrs. Earl Dringier, W. T. Royce, Howard Irwin, Harry Maxwell and Raymond Thompson are speakers under Wickett.

military control in camp and are under forestry supervision while at work.

W. S. Houseworth was chairman of the program. John Gregory presided at the business session, where two resolutions were approved. One is to the state director of national resources, D. H. Blood, at Sacramento, asking him to exclude Orange county when the season is opened from November 15 to November 20 in the state for shooting Mongolian pheasants. The reason the league is against the opening of the season is that a great expense has been incurred in getting a start of the birds in Orange county, and the league members feel that there are not yet enough birds to permit open season. The other resolution requested the Orange county board of supervisors to consider the Brea flood control project. This project was started through the efforts of the league.

A bill, which is now on the desk of Governor Ralph for signature, was approved, and his signature is to be requested on closing the district for 20 miles around Catalina island to commercial fishermen. Reports are there is a meeting on the question to be held at the State building at Los Angeles, August 16, and to be attended by Governor Ralph. Isaak Walton league of Fullerton will send a representative.

Several small shops are reporting they are putting on from 14 to 20 man hours a week, on money saved through early closing. Another shop has placed 20 extra man-days a week through early closing, while others report three full time extra employees.

The service station and tire men are placing 12 full time men in jobs through their program, it is reported.

Relief Corps In Session Aug. 17

FULLERTON, Aug. 10.—The regular meeting of Fullerton Women's Relief corps is scheduled for Thursday, August 17, at Odd Fellows hall at 7:30 p. m.

50 Men Get Work Under NRA Setup

FULLERTON, Aug. 10.—With everyone co-operating in the N. R. A. program for relieving unemployment, reports, not all official, that have been turned into the Fullerton Chamber of Commerce office are to the effect that about 50 full time jobs have been opened in Fullerton.

Several small shops are reporting they are putting on from 14 to 20 man hours a week, on money saved through early closing. Another shop has placed 20 extra man-days a week through early closing, while others report three full time extra employees.

The service station and tire men are placing 12 full time men in jobs through their program, it is reported.

Relief Corps In Session Aug. 17

FULLERTON, Aug. 10.—The regular meeting of Fullerton Women's Relief corps is scheduled for Thursday, August 17, at Odd Fellows hall at 7:30 p. m.

Coming Events

TONIGHT

Warwick camp, United Spanish War Veterans and auxiliary; Odd Fellows temple; 7:30 p. m.
Business and cards; Friendly circle of Ami Tai chapter of Order of the Eastern Star.

CARD PARTY HELD BY CHURCH GUILD

FULLERTON, Aug. 10.—Under beach umbrellas, in a beautiful garden setting, bridge and "500" were enjoyed yesterday at the home of Mrs. H. P. Bender, North Nicholas avenue, where St. Elizabeth's guild of St. Andrew's Episcopal church sponsored a party.

Mrs. S. E. Simonton, Mrs. Frank Updyke and Mrs. W. C. Bowen were assisting hostesses. Prize winners were Mrs. Caroline Deist, Mrs. J. A. LaForce, Mrs. Dale Wilson, Mrs. Taylor and Mrs. Craig.

REBEKAHS SPONSOR PLAY FRIDAY NIGHT

FULLERTON, Aug. 10.—The Fullerton Rebekah lodge is sponsoring a play, "Uncle Tom's Cabin," to be given Friday at 8 p. m. at the old auditorium of the Fullerton Union High school, by the Little Theater guild of Orange county.

Loyal Women To Meet August 16

FULLERTON, Aug. 10.—The regular meeting of the Loyal Women's class of the Christian church has been postponed until August 16, at the home of Mr. and Mrs. T. K. Gowen, Valencia drive, at 7:30 p. m.

PLAN EASTERN TRIP

FULLERTON, Aug. 10.—W. B. Potter, city councilman, and Mrs. Potter, with their two young sons, Carol and Lester, are planning to leave Saturday morning for the east, to look after some property in Kansas and Illinois. If time allows, they expect to visit the world's fair at Chicago.

Picnic Planned By D. U. V. Group

FULLERTON, Aug. 10.—The Malvern Hill Helpers, social club of the Fullerton chapter, Daughters of the Union Veterans, will hold an all-day meeting Monday at Huntington Beach. A picnic dinner will be served at noon.

No More Piles

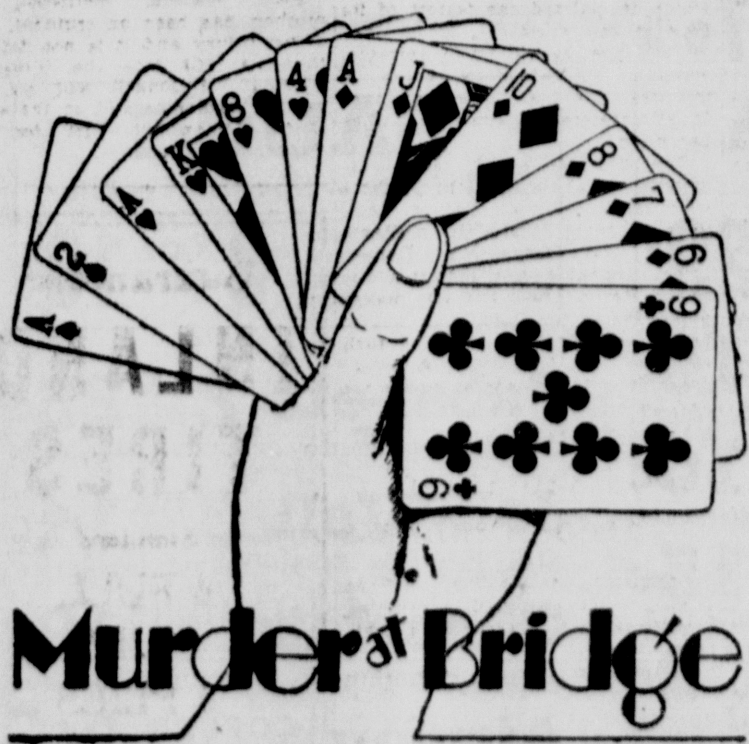

You Can End Your Awful Misery Quick Without Cutting or Salves

Thousands of Pile sufferers do not know that the cause of Piles is internal—bad circulation of blood in the lower bowel.

That is the scientific truth about Piles—the real reason why salves and suppositories do not give permanent relief, why cutting does not remove the cause.

Your itching, bleeding or protruding Piles will only go when you actually remove the cause—and not one minute before. External treatments can't do this—an internal medicine should be used. HEM-ROID, the prescription of Dr. J. S. Leonard, sold by good druggists everywhere, succeeds because it stimulates the circulation, drives out congested blood, heals and restores the almost dead parts.

Dr. Leonard's HEM-ROID has an almost unbelievable record of success right in this city. So why waste time on external remedies or worry about an operation when McCoy's Drug Stores invite every Pile sufferer to try HEM-ROID with guarantee of money-back if it does not end their Piles, no matter how stubborn the case!

A clever author . . . a clever murderer . . . a clever detective — these ingredients have been mixed into one of the most fascinating mystery novels ever written. It is called "Murder at Bridge."

Two perfect crimes—if it had not been for the fact that an engaging young detective, Bonnie Dundee, was on the job—form the background for this story. With diabolical cunning, the criminal struck down his victims while they played bridge.

The author is Anne Austin, who wrote "The Black Pigeon" and gave the public a new type of sleuth in "The Avenging Parrot" and "Murder Backstairs." Be sure to read the new serial, beginning—

Monday in The REGISTER

IMPORTANT to users of 76 Gasoline

CLAIMS of the qualities of various gasolines are confusing.

Therefore we feel that you, who use 76, should know the facts.

Nineteen months ago the Union Oil Company commenced marketing its superior anti-knock gasoline, 76, with an octane rating beyond any competing motor fuel.

Three times during the last year and a half the Union Oil Company has improved the performance of 76—setting new yardsticks of quality for 76 competition. The company maintains one of the finest of research laboratories and is continuously working for the improvement of the qualities of the products which it markets.

Nineteen months ago at the inception of 76, we told you it was the finest uniform anti-knock motor fuel ever offered and we assure our own patrons that this statement is true today.

NOW—SEVEN PREMIUM QUALITIES

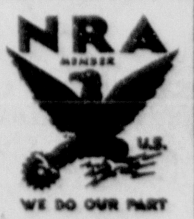

Today 76 gives you octane leadership by supplying the greatest possible number of natural anti-knock fractions and in addition offers you seven premium qualities at no extra cost.

As evidence of our faith in these qualities we continue the guarantee first printed nineteen months ago.

OUR GUARANTEE

If, after you try 10 gallons of 76, you do not recognize an improvement over any non-premium gasoline you have used—just return your receipt and we will refund the amount of your purchase in cash.

UNION OIL COMPANY

OWNED BY OVER 20,000 AMERICANS

NRA AMAZED AT LOW WAGES PAID WORKERS

BY RODNEY DUTCHER
Register's Washington Correspondent

WASHINGTON, Aug. 10.—Much astonishment has developed around NRA headquarters at revelations of the extremely low wages on which hundreds of thousands of Americans exist.

Unless prices rise too rapidly, the new minimum wages should materially raise living standards for many folks.

For instance, those people in that Pennsylvania shirt factory who were found by the Department of Labor to be earning \$2 a week.

That was a horrible example, though it could be duplicated in

other states. Nevertheless, 35 per cent of women in shirt factories earn less than \$2 a week.

President William Green of the A. F. of L. pointed out at the lumber code hearing that sawmills in Alabama, Georgia, Mississippi and the Carolinas were paying 1932 wages of 9 to 12 cents an hour.

Average earnings for all industries at the end of 1932, however, were 46.7 cents an hour.

Lumber Mill Wages

Green said lumber mill wages in the south had averaged from \$3.76 in one state to \$4.85 in the highest paying state, which meant many workers earned less than \$2 a week.

He also has figures showing Alabama macotton mill hands paid \$1.44 a day, Georgia road workers 10 to 30 cents an hour and Chicago packing house workers as low as \$3 a week. Common labor has been discovered working for five cents an hour.

School teachers, seeking a code, say their average annual wage dropped from \$1420 in 1930 to \$650.

PARTY ENJOYED

WINTERSBURG, Aug. 10.—A group of young people, members of a Sunday school class of the First Methodist church of Huntington Beach were entertained as guests at an evening party recently, by Ophelia Frost. Besides the social time there was a business meeting of the class held.

Attending were the Rev. and Mrs. John Engle, pastor of the church and his wife; Elnore Engle, Dorothy Prescott, Edna Warner, Helen Watts, Alice Strogies, Louise Dalton, Nancye Clapp, Mildred Bergman, Roberts Jackson, Charlotte Eader, Edeline Robertson and the hostess, Ophelia Frost.

OLD WARNING APPLICABLE IN MODERN DAYS

Corruption, crime and public indifference to morals and honesty were charged before the Toastmasters club Wednesday evening by D. H. Tibbals.

The assistant secretary of the Y. M. C. A. asserted that he had read this recently, but believed it fully true. After several minutes of further comment on the article, he revealed that it was from Isaiah, but concluded that the warning given so long ago by the ancient prophet was just as necessary now in America as it had ever been to the people of the ancient world.

William H. Wright, toastmaster for the evening, also introduced as speakers on his program Nelson H. Visel, J. Lee Hewitt and Ernest H. Layton, with Fred H. Eley Jr., taking the place of Henry T. Walworth.

Layton, under the title "Statistics," told of his \$800 mile trip made recently, during which he visited the world's fair.

Visel considered the world's fair of utmost interest. He gave a brief description of physical aspects and highly commended lighting features.

Biology constituted the topic of the concluding number of a series of talks given by Hewitt. He told of the complex structure of a living cell, of the life patterns contained in cells, and of the mechanism of division of cells by which growth is achieved.

Eley talked briefly on "Art Appreciation," referring to commercial art, architecture, interior decorating, painting and sculpture. It was his first talk before the club.

Harvey W. Emley will be Toastmaster August 16, his speakers to be A. G. "Doc" Green, Dwight C. Hamilton, Dr. H. J. Howard, Dr. E. Lee Russell and Ernest S. Wooster.

Famliy Reunion Held At Laguna

GARDEN GROVE, Aug. 10.—A Chaffee-Hill reunion was held at the Laguna Beach home of Dr. and Mrs. Walter Hill, of Upland, recently. Fifty-seven relatives were

present for dinner after which many enjoyed a dip in the ocean, while others spent the time visiting.

Those present included Dr. Walter Hill and wife and daughter, Muriel; Mr. and Mrs. Burns Chaffee, Mrs. Wesley Hill, Ed Johnson and daughter, Edna; Mrs. Cora Johnson and Dr. and Mrs. Lowell

Hill, of Long Beach; Mr. and Mrs. Leon Johnson and two children, Mr. and Mrs. Rose Johnson, of Riviera; Mr. and Mrs. Earl Chaffee, Mr. and Mrs. Frank Chaffee, Mrs. Helen White and two children, Mr. and Mrs. Jim Seay and Dr. and Mrs. Merton Hill and family, of Ontario; Mrs. Grace Finn, Mrs. Mabel Reed, Mr. and Mrs.

Wilbur Chaffee and niece, Della Niskin, of Santa Ana; Mr. and Mrs. Seymour Strigley and two children, of Oakland; Mr. and Mrs. Edward Chaffee and son, John; Woodrow Garif, Mr. and Mrs. Ralph Chaffee and daughters, Ethel, Marjorie and Winifred, and Miss Nettie Chaffee, of Garden Grove.

NAMES LEADERS FOR CHURCH WORK

WINTERSBURG, Aug. 10.—At a missionary tea given Wednesday at the home of Mrs. Agnes Gothard, committees for the Home Missionary society of the Wintersburg Methodist church were appointed by the president, Mrs. J. R. Gary.

Mrs. Anna Graham was made superintendent of Frances DePaugh work; Mrs. L. S. Moore, superintendent of the David and Margaret Home work; Mrs. May Moore, in charge of temperance and the missionary paper; Mrs. Opal Buck, in charge of the Home Guard; Mrs. Ethel Ruoff, of the Yuma Indians; Mrs. Ruth Slater, of deaconess work; Mrs. Eva Beem, mite box superintendent; Mrs. E. M. Fox, Christian evangelism; Mrs. John Murdy, Jane Grough Home; Mrs. A. Stefanzi, Christian citizenship; Mrs. Marie Cowling, Methodist hospital; Mrs. Cora Pratt, thank offering secretary. Mrs. E. M. Fox, Mrs. Cora Pratt and Mrs. Eva Beem were appointed a committee to arrange the program for the coming year.

New Band Plans To Give Concert

GARDEN GROVE, Aug. 10.—Announcement has been made by A. D. Brownell, leader of the newly organized and in Garden Grove, that the group will present a concert in the downtown district next week, the date to be given out later.

The band is composed of the following members: Jessie Scribner, Junior Brownell, Lester Christensen, cornets; Harold Chapman, E. E. Egger, Owen Lampman, tin; E. E. Egger, Owen Lampman, Lawrence Trickey, clarinets; Leroy Christensen, baritone; W. W. Berry, alto; Franklin McDonald, Warren Kimball, Harry Glibbreath, Glen Killingbeck, Billy Newsom, saxophones; Sam Bragg, Mr. Light, bass; Robert Walton, Randall Brownell; Lowell Jaynes, trombones; Victor Laird and Mr. Cook, drums.

NEVER FELT BETTER SINCE SHE LOST 39 POUNDS OF FAT

"Three months ago I started using Kruschen and weighed 201 lbs. Today after starting my 4th jar I've lost 39 lbs. and am in perfect condition—really I never felt so well." Mrs. B. C. Terry, Tampa, Fla.

Don't stay fat and unattractive—not when it's so easy and safe to get rid of double chins, ugly hip-fat and unbecoming plumpness on upper arms—at the same time build up strength and increase vitality—feel younger and keep free from headaches, indigestion, acidity, fatigue and shortness of breath.

Just take a half teaspoonful of Kruschen Salt first thing every morning in a glass of hot water. If not joyfully satisfied with results of one jar (lasts 4 weeks) money back from McCoy Drug Co.—2 stores—or any druggist who will refund. But make sure to get Kruschen—the SAFE way to reduce.

Former U. S. Investigator Urges War On Criminals

CITES FACTS IN ADDRESS AT JOINT MEETING

"American citizens should awaken to the necessity of waging a determined war against criminals as one step in the prevention of crime," declared Captain Don Wilkie, of Laguna Beach, former investigator in the United States Secret Service, and now engaged in radio work, speaking before a combined meeting of the Kiwanis and Lions clubs yesterday noon at Ketchers cafe.

Captain Wilkie, speaking on the subject of "Truth About Crime in America," was secured by Sheriff Logan Jackson, program chairman of the Lions, who were in charge of the Kiwanis meeting. Kiwanis President Dr. Harry Huffman and Lions President Carson Smith presided. The Santa Ana Junior college trio, composed of Mark Hare, Bill Fox, Clark Brown with Duncan Harolds, accompanied, sang four numbers and Dr. Milo K. Tedstrom was received into the Kiwanis club after transferring from Anaheim.

Captain Wilkie made a ringing denunciation of organized crime and sympathized with the present law enforcement agencies, tied up as they are with antiquated and technical means of prosecuting. He stressed the importance of securing a judiciary that would not worship precedents and actually aid the criminal element by tolerating the misuse of technicalities.

"The selection of judges should be removed from politics," the speaker said. "The appointed judge is a big step as a crime deterrent for he has no fear of losing his job at the next election. The bar associations should clean house immediately and remove the taint of bribery and crookedness. Rob-sister sentiment has no place in the courts and blinds citizens to the need for drastic measures to stamp out crime."

Captain Wilkie gave a striking picture of the present situation by comparing the closely knit organization of criminals and the highly decentralized system of enforcement agencies, which have distinct organizations in every city, county, state and federal

Sousa Numbers On Program For Concert

The regular weekly concert of the Santa Ana Municipal band will be presented at 7:30 this evening in Birch park, with James Son, conducting. The program for this evening is as follows:

March, "El Capitan," (Sousa); Overture, "Raymond," (Thomas); Intermzzo, "Al Fresco," (Herbert); selection, "The Merry Widow," (Lehar); "Dedication and Benediction," (Meyerbeer); Military Fantasia, "A Cavalry Charge," (Luders); "Loin Du Bal," (Gillet); March, "Stars and Stripes Forever," (Sousa).

centers. He said the United States was really carrying on a civil war between society and law that there were more than 400,000 predatory and habitual criminals who have no means of income except crime.

"Fear is the greatest weapon with which to fight crime," Wilkie pointed out. "Criminals use it so successfully that juries are afraid to convict, witnesses will not testify and courts are powerless. Society should adopt the criminal's own methods and make capital punishment an actuality instead of a meaningless custom. At least \$140 is being taken from the pocket of every man, woman and child every year by crime yet nothing is done. In 1929, crime cost the taxpayers \$12,000,000,000, four times the total loss from fires in 50 years."

"Prison life and hard labor is a farce," he said. "Criminals in state and federal prisons are better housed and fed than if they were outside the walls. Pardons should be removed from the governor and parole boards should be strictly supervised. The large majority of prisoners never serve their complete terms and are given the advantage of first run movies, entertainment, short working hours, good food and radios."

"There are 120,000 ex-murderers at liberty in the United States who have never been tried, nearly 50 per cent more than there are paid policemen," Wilkie said. "The increase in murders has been from 6000 each year in 1880 to 13,871 in 1930. The cost of prosecution of the small number arrested costs at least \$54 for each case and has steadily increased. I have

PRODUCE MEN TO AGREE ON UNIFORM PRICE

In accordance with the NRA plan for recovery the Orange County Wholesale Produce and Farmers association proposes to fix a uniform wholesale price on fruits and other farm products in which they deal. Officials of the organization requested George A. Raymer, secretary of the chamber of commerce and administrator for the NRA in Santa Ana, to draw up a tentative code incorporating the price schedule and minimum profit rate, which will be accomplished in the near future.

The proposed plan is to stabilize prices in Orange county, to eliminate price cutting and unfair competition so that growers and dealers alike may make a fair profit on goods they grow or handle.

If the code is drawn up as contemplated, prices will be based on the Los Angeles daily market. Positively no exceptions will be made to the minimum profit to be made on the following commodities:

Potatoes, 100 pounds, 25 cents; lettuce, per crate, 50 cents; bunch vegetables, per dozen, 10 cents; merchandise, lug, per lug, 20 cents; merchandise, per pound bananas included, one cent; tray berries, per tray, 20 cents.

All other commodities are to be sold for not less than 20 per cent profit. To prevent loss to owners, those who sign the proposed code will class holdover merchandise as No. 2 goods and will sell them at a reduced price.

Files to prove that one county alone spent \$10,000,000 on arrests that never came to trial and in such practices that encourage crime."

The speaker gave frequent illustrations during the talk taken from his personal files, which consist of more than 291,000 large index cards kept by his grandfather and father before him since 1876. It is information from these exhaustive records that are used in his talks over the radio on crime and lectures before many groups in Southern California.

COUNTY SCHOOL EXPENSES FIXED AT \$3,337,710 IN BUDGET BEFORE SUPERVISORS

Actual expenditures for schools in Orange county amounted to \$96,875.93 less than the requested budgets last year, it was revealed in the county budget which has been submitted to the board of supervisors by County Auditor W. T. Lambert. The requested amount last year was \$3,412,551 while actual expenditures aggregated \$3,314,675.07. This year school budget expenditures total \$3,337,710.84.

The actual expenditures were divided as follows: supervision and attendance \$13,234.14, elementary school \$1,693,597.10, high school \$1,313,448.81 and junior college \$289,398.02.

The total budgets for high schools in the county amount to \$1,380,906.23 for 1933-34, divided as follows:

Anaheim, \$184,000; Brea-Olinda, \$89,112; Capistrano, \$27,500; Fullerton, \$247,483; Garden Grove, \$47,714; Huntington Beach, \$124,232; Laguna, \$28,885; Newport, \$75,470; Orange, \$131,505.17; Santa Ana, \$343,073.76; Tustin, \$181,655.30 and Lowell Joint High school tuition, \$2,271.

The budget figures allow a total of \$324,214.44 for junior colleges, divided between Fullerton and Santa Ana, with the former city getting \$162,741 and Santa Ana allowed \$161,473.44.

Total budgets for the various elementary school districts are as follows, the budgets aggregating \$1,614,590.17:

Alamitos, \$6,105; Anaheim, \$144,583.48; Brea, \$56,800; Buena Park, \$33,935; Centralia, \$5,855; Costa Mesa, \$48,020; Cypress, \$19,383.30; Diamond, \$9,148; El Modena, \$33,283.51; El Toro, \$5,502; Fountain Valley, \$11,245.13; Fullerton, \$136,165.92; Garden Grove, \$72,425; Greenville, \$3,300; Huntington Beach, \$110,598; Katella, \$12,795; Laguna, \$30,150; La Habra, \$53,118; Laurel, \$12,029; Loara, \$10,070; Lowell, \$3,524.

Magnolia, \$15,941; Newport, \$44,738; Oceans View, \$22,230; Olinda, \$20,840; Olive, \$15,852; Orange, \$62,969; Orangethorpe, \$13,270; Paulmarino, \$2,412; Peralta, \$2,550; Placentia, \$39,468; San Clemente, \$12,720; San Joaquin, \$17,380; San Juan, \$10,425; Santa Ana, \$287,124.33; Savanna, \$20,932; Seal Beach, \$23,175.50; Serra, \$11,590; Silverado, \$2,572; Springfield, \$4,507; Tustin, \$53,305; Villa Park, \$17,185; Yorba Linda, \$16,224.

RABBIT BREEDERS TO ACT ON CODE

A meeting of all rabbit breeders is called for 7:30 p. m., Friday, in the auditorium of the Garden Grove Union High school, corner of Sixth street and Stanford avenue, Garden Grove. The purpose of the meeting is to review a tentative code prepared under the Agricultural Adjustment administration for stabilizing the industry. All breeders are invited to attend and offer such criticisms and suggestions as they may have.

Besides reviewing the proposed code at this meeting, two representatives are to be appointed to represent Orange county breeders at a Southern California district meeting on August 29 to compile the final draft of the code.

This meeting is being called under the joint auspices of the Agricultural Extension service and the Orange County Rabbit Breeders' association.

Up to 1926, fatalities in scaling the Alps did not exceed 50 a year; they have always exceeded 100 a year since then except in 1924 when the number was down to 87.

SUGGESTS WAY PRODUCTS MAY BE PRESERVED

BY ERIC E. EASTMAN
Assistant Farm Advisor

Dry some of the surplus garden products this year, in addition to what you can. Drying is not difficult. It requires only inexpensive equipment and no special kind of containers. The dried foods will occupy but little storage space. Also the dried product is free from the danger of botulism poisoning.

Do not try to dry everything that grows in the garden, however. Many tubers, cabbage, apples, and other fruits and vegetables keep for months in storage pits. Tomatoes and most acid fruits are easy to can if you have a wash boiler and the necessary jars, and they are better in flavor, texture, and color when preserved that way.

Fresh products intended for drying should always be sound and of good quality, says the United States Department of Agriculture. Vegetables that can be dried most successfully are sweet corn, beans, peas, and okra; the fruits are apples, pears, peaches and apricots. Raspberries, blackberries, and cherries, pitted or whole, dry well. Apples may be dried, canned, or stored. When they are dried they are usually treated for a short time before being dried with sulphur fumes, as are peaches, apricots, and some other fruits. This prevents discoloration and souring, keeps off insects, and is said to prevent some vitamin loss. Dried foods keep well because the organisms that cause spoilage do not thrive without moisture.

Those inexperienced in drying may secure directions upon application to the Farm Advisor's office, or from the Home Department of the Orange County Farm Bureau.

Less than a minute is required to dissolve the marriage bonds of a Kurd in the eastern part of Turkey; the man simply says "I divorce you" three times and the parties are free.

Harold L. Ickes is U. S. SECRETARY OF THE INTERIOR. The cross on the map indicates the location of Yosemite National Park. Jack Lovelock, University of Oxford TRACKMAN, recently broke the world's record for the mile.

BOARD ORDERS REDUCTION IN BOOK DEPOSIT

Substantial reductions in student book deposits and fees covering the 1933-34 school term were announced today by the board of education, after considering requests made Tuesday night by a group of Santa Ana taxpayers.

Instead of depositing \$5 as in past years, Santa Ana high school and ninth-year junior high school students will be asked to make a \$1.50 deposit to cover any possible damage to books issued them during the next school term. Along with the lowering of the deposit an announcement was made that no additional deposits will be required to accompany regular course fees.

Some kind of deposit is necessary in order to protect the board from financial loss caused through any damaging of textbooks, in the opinion of board officials, who expressed the belief that the deposit plan encourages the student to be more careful with his books, and at the same time teaches self-reliance.

Students will be given individual financial statements at the end of each school year.

A petition calling for an investigation of past student accounts has been filed with the board. Contents of the document, which will come up for further consideration, follow:

"WHEREAS, WE, the undersigned parents and taxpayers of the city of Santa Ana, have in the past been called upon by our children to furnish book deposits, special class fees, special examination fees and fees for the use of equipment by the administrative officers of the high school and junior college; and

"WHEREAS, it appears that no regular statements are provided for these funds other than the original receipt given therefor, and that the balance if any of these funds are returned without a statement showing the charges for that portion kept by the said administrative officers, and it further appears from audits taken in the past that these funds are co-mingled with many and varied other funds on some of which there appears to be over-draws; and

"WHEREAS, it appears that in the past audits, it has been suggested as being improper and not being the best practice to co-mingle these funds and doubtful as to whether it is legal to collect from the students or their parents these fees and deposits; NOW THEREFORE, we, the undersigned, respectfully request that the board of education caused to be refunded to the parents or students thereto entitled all fees if so illegally collected for as many years past as they would be entitled to collect under the statutes of limitation, and that

ARREST BOYS WITH STOLEN HEADGEAR

Caught as they left the store wearing stolen caps, two boys, aged 16 and 13, were arrested yesterday afternoon at the Famous Department store and taken to the juvenile detention home for questioning.

John Ortiz, floor manager of the store, detected the boys stealing the merchandise and called police. The caps were priced at 38 cents each.

An accounting be had by those responsible for the collection, and that it be legally determined at the request of the board of education through the necessary legal authorities as to what fees, if any, are legally collectible. We respectfully request that an investigation be had covering the expenditures of these funds not accounted for by refund to the students or their parents, and also that if the collection of these funds are legal and necessary that a system of accounting be established therefor which is understandable to the students or parents." The document was signed by Mrs. Winnie Farrar Triplett, Mrs. Carmeila Wheeler, C. A. Bennett, Ted C. Shaw, Mrs. Myrtle Belcher, Mrs. Ethel Durbin, Mrs. J. G. Shanafelt and Hazel Munselee.

Former U. S. Investigator Urges War On Criminals

CITES FACTS IN ADDRESS AT JOINT MEETING

"American citizens should awaken to the necessity of waging a determined war against criminals as one step in the prevention of crime," declared Captain Don Wilkie, of Laguna Beach, former-investigator in the United States Secret service, and now engaged in radio work, speaking before a combined meeting of the Kiwanis and Lions clubs yesterday noon at Kettner's cafe.

Captain Wilkie, speaking on the subject of "Truth About Crime in America," was secured by Sheriff Logan Jackson, program chairman of the Lions, who were in charge of the Kiwanis meeting. Kiwanis President Dr. Harry Huffman and Lions President Carson Smith presided. The Santa Ana Junior college trio, composed of Mark Hare, Bill Fox, Clark Brown with Duncan Harolds, accompanist, sang four numbers and Dr. Milo K. Tedstrom was received into the Kiwanis club after transferring from Anaheim.

Captain Wilkie made a ringing denunciation of organized crime and sympathized with the present law enforcement agencies, tied up as they are with antiquated and technical means of prosecuting. He stressed the importance of securing a judiciary that would not worship precedents and actually aid the criminal element by tolerating the misuse of technicalities.

"The selection of judges should be removed from politics," the speaker said. "The appointed judge is a big step as a crime deterrent for he has no fear of losing his job at the next election. The bar associations should clean house immediately and remove the taint of bribery and crookedness. Sob-sister sentiment has no place in the courts and blinds citizens to the need for drastic measures to stamp out crime."

Captain Wilkie gave a striking picture of the present situation by comparing the closely knit organization of criminals and the highly decentralized system of enforcement agencies, which have distinct organizations in every city, county, state and federal

Sousa Numbers On Program For Concert

The regular weekly concert of the Santa Ana Municipal band will be presented at 7:30 this evening in Birch park, with James Son, conducting. The program for this evening is as follows:

March, "El Capitan," (Sousa); Overture, "Raymond," (Thomas); Intermezzo, "Al Fresco," (Herbert); selection, "The Merry Widow," (Lehar); "Dedication and Benediction," (Meyerbeer); Military Fantasia "A Cavalry Charge," (Luders); "Loin Du Bal," (Gillet); March, "Stars and Stripes Forever," (Sousa).

centers. He said the United States was really carrying on a civil war between society and law that there were more than 400,000 predatory and habitual criminals who have no means of income except crime.

"Fear is the greatest weapon with which to fight crime," Wilkie pointed out. "Criminals use it so successfully that juries are afraid to convict, witnesses will not testify and courts are powerless. Society should adopt the criminal's own methods and make capital punishment an actuality instead of a meaningless custom. At least \$140 is being taken from the pocket of every man, woman and child every year by crime yet nothing is done. In 1929, crime cost the taxpayers \$13,000,000,000, four times the total loss from fires in 50 years.

"Prison life and hard labor is a farce," he said. "Criminals in state and federal prisons are better housed and fed than if they were outside the walls. Pardons should be removed from the governor and parole boards should be strictly supervised. The large majority of prisoners never serve their complete terms and are given the advantage of first run movies, entertainment, short working hours, good food and radios.

"There are 120,000 ex-murderers at liberty in the United States who have never been tried, nearly 50 per cent more than there are paid policemen," Wilkie said. "The increase in murders has been from 6000 each year in 1880 to 13,671 in 1929. The cost of prosecution of the small number arrested costs at least \$84 for each case and has steadily increased. I have

PRODUCE MEN TO AGREE ON UNIFORM PRICE

In accordance with the NRA plan for recovery the Orange County Wholesale Produce and Farmers association proposes to fix a uniform wholesale price on fruits and other farm products in which they deal. Officials of the organization requested George A. Raymer, secretary of the chamber of commerce and administrator for the NRA in Santa Ana, to draw up a tentative code incorporating the price schedule and minimum profit rate, which will be accomplished in the near future.

The proposed plan is to stabilize prices in Orange county, to eliminate price cutting and unfair competition so that growers and dealers alike may make a fair profit on goods they grow or handle.

If the code is drawn up as contemplated, prices will be based on the Los Angeles daily market. Positively no exceptions will be made to the minimum profit to be made on the following commodities:

Potatoes, 100 pounds, 25 cents; lettuce, per crate, 50 cents; bunch vegetables, per dozen, 10 cents; merchandise, lug, per lug, 20 cents; merchandise, per pound bananas included, one cent; tray berries, per tray, 20 cents.

All other commodities are to be sold for not less than 20 per cent profit. To prevent loss to owners, those who sign the proposed code will class holdover merchandise as No. 2 goods and will sell them at a reduced price.

files to prove that one county alone spent \$10,000,000 on arrests that never came to trial and it is such practices that encourage crime."

The speaker gave frequent illustrations during the talk taken from his personal files, which consist of more than 291,000 large index cards kept by his grandfather and father before him since 1876. It is information from these exhaustive records that are used in his talks over the radio on crime and lectures before many groups in Southern California.

COUNTY SCHOOL EXPENSES FIXED AT \$3,337,710 IN BUDGET BEFORE SUPERVISORS

Actual expenditures for schools in Orange county amounted to \$96,875.93 less than the requested budgets last year, it was revealed in the county budget which has been submitted to the board of supervisors by County Auditor W. T. Lambert. The requested amount last year was \$3,412,551 while actual expenditures aggregated \$3,314,675.07. This year school budget expenditures total \$3,337,710.84.

The actual expenditures were divided as follows: supervision and attendance \$18,234.14, elementary school \$1,693,597.10, high school \$1,313,445.81 and junior college \$289,398.02.

The total budgets for high schools in the county amount to \$1,380,908.23 for 1933-34, divided as follows:

Anaheim, \$184,000; Brea-Olinda, \$39,112; Capistrano, \$27,500; Fullerton, \$247,488; Garden Grove, \$47,714; Huntington Beach, \$124,232; Laguna, \$26,835; Newport, \$75,470; Orange, \$131,505.17; Santa Ana, \$343,073.76; Tustin, \$81,655.30 and Lowell Joint High school tuition, \$2,271.

The budget figures allow a total of \$324,354.44 for junior colleges, divided between Fullerton and Santa Ana, with the former city getting \$162,741 and Santa Ana allowed \$161,473.44.

Total budgets for the various elementary school districts are as follows, the budgets aggregating \$1,614,590.17:

Alamitos, \$6,105; Anaheim, \$144,533.48; Brea, \$56,800; Buena Park, \$39,355; Centralia, \$5,555; Costa Mesa, \$48,020; Cypress, \$19,833.30; Diamond, \$9,168; El Modena, \$33,235.51; El Toro, \$5,502; Fountain Valley, \$11,245.13; Fullerton, \$136,165.92; Garden Grove, \$73,426; Greenville, \$3,300; Huntington Beach, \$110,598; Katella, \$12,795; Laguna, \$30,150; La Habra, \$53,118; Laurel, \$12,029; Laora, \$10,070; Lowell, \$3,524.

BOARD ORDERS REDUCTION IN BOOK DEPOSIT

Substantial reductions in student book deposits and fees covering the 1933-34 school term were announced today by the board of education, after considering requests made Tuesday night by a group of Santa Ana taxpayers.

Instead of depositing \$5 as in past years, Santa Ana high school and ninth-year junior high school students will be asked to make a \$1.50 deposit to cover any possible damage to books issued them during the next school term. Along with the lowering of the deposit an announcement was made that no additional deposits will be required to accompany regular course fees.

Some kind of deposit is necessary in order to protect the board from financial loss caused through any damaging of textbooks, in the opinion of board officials, who expressed the belief that the deposit plan encouraged the student to be more careful with his books, and at the same time teaches self-reliance.

Students will be given individual financial statements at the end of each school year.

A petition calling for an en-

ARREST BOYS WITH STOLEN HEADGEAR

Caught as they left the store wearing stolen caps, two boys, aged 16 and 13, were arrested yesterday afternoon at the Famous Department store and taken to the juvenile detention home for questioning.

John Ortiz, floor manager of the store, detected the boys stealing the merchandise and called police. The caps were priced at 38 cents each.

An accounting be had by those responsible for the collection, and that it be legally determined at the request of the board of education through the necessary legal authorities as to what fees, if any, are legally collectible. We respectfully request that an investigation be had covering the expenditures of these funds not accounted for by refund to the students or their parents, and also that if the collection of these funds are legal and necessary that a system of accounting be established thereafter which is understandable to the students or parents." The document was signed by Mrs. Winnie Farrar Triplett, Mrs. Carmelita Wheeler, C. A. Beltrout, Ted C. Shaw, Mrs. Myrtle Belcher, Mrs. Ethel Durbin, Mrs. J. G. Shanafelt and Hazel Munselee.

SUGGESTS WAY PRODUCTS MAY BE PRESERVED

BY ERIC E. EASTMAN
Assistant Farm Advisor

Dry some of the surplus garden products this year, in addition to what you can. Drying is not difficult. It requires only inexpensive equipment and no special kind of containers. The dried foods will occupy but little storage space. Also the dried product is free from the danger of botulism poisoning.

Do not try to dry everything that grows in the garden, however. Many tubers, cabbage, apples, and other fruits and vegetables keep for months in storage pits. Tomatoes and most acid fruits are easy to can if you have a wash boiler and the necessary jars, and they are better in flavor, texture, and color when preserved that way.

Fresh products intended for drying should always be sound and of good quality, says the United States Department of Agriculture. Vegetables that can be dried most successfully are sweet corn, beans, peas, and okra; the fruits are apples, pears, peaches and apricots. Raspberries, blackberries, and cherries, pitted or whole, dry well. Apples may be dried, canned, or stored. When they are dried they are usually treated for a short time before hand with sulphur fumes, so are peaches, apricots, and some other fruits. This prevents discoloration and souring, keeps off insects, and is said to prevent some vitamin loss. Dried foods keep well because the organisms that cause spoilage do not thrive without moisture.

Those inexperienced in drying may secure directions upon application to the Farm Advisor's office, or from the Home Department of the Orange County Farm Bureau.

Less than a minute is required to dissolve the marriage bonds of a Kurd in the eastern part of Turkey; the man simply says "I divorce you" three times and the parties are free.

RABBIT BREEDERS TO ACT ON CODE

A meeting of all rabbit breeders is called for 7:30 p. m., Friday, in the auditorium of the Garden Grove Union High school, corner of Sixth street and Stanford avenue, Garden Grove. The purpose of the meeting is to review a tentative code prepared under the Agricultural Adjustment administration for stabilizing the industry. All breeders are invited to attend and offer such criticisms and suggestions as they may have.

Besides reviewing the proposed code at this meeting, two representatives are to be appointed to represent Orange county breeders at a Southern California district meeting on August 29 to compile the final draft of the code.

This meeting is being called under the joint auspices of the Agricultural Extension service and the Orange County Rabbit Breeders' association.

Up to 1926, fatalities in scaling the Alps did not exceed 50 a year; they have always exceeded 100 a year since then except in 1928 when the number was down to 87.

WE DO OUR PART

Not Too Late

Even though tire prices have advanced during the past three months, they are still under the 1932 level.

Due to a processing tax on cotton, imposed August 1st and to higher prices on crude rubber, another advance is imminent.

We recommend the purchase NOW of new Super Diamonds for economy and safety.

Santa Anans Return From Motor Trip East

Santa Anans recently returned home from Chicago and numerous other interesting points include Mr. and Mrs. George W. Duke, 306 South Parton street, and Mrs. Duke's parents, Mr. and Mrs. Thomas Greer, 1018 West Highland avenue. They were accompanied on the trip by Mrs. Selma Roberts of Los Angeles.

The party traveled by automobile, covering 4500 miles during the journey, which began July 1. Near Higgins, Tex., they visited with three of Mrs. Duke's uncles. Continuing on to Missouri, they had the pleasure of seeing former home cities of Mrs. Greer at Buffalo, and of Mr. Greer, at Bolivar. In Kansas City, they were guests of uncles of Mr. Duke.

Two of the six days which the group spent in Chicago were devoted to attending the Century of Progress Exposition. The remainder of their stay in that city was spent with relatives and friends. The travelers were guests in homes of relatives and friends for 21 nights of their journey.

Stops of special interest during the homeward journey were made at Mr. Duke's former home at Chattanooga, Tenn., and at Dallas, Tex., where Mrs. Duke and the Greers have relatives.

The Grand Canyon was among scenic points which the Santa Anans and Mrs. Roberts included in their itinerary.

Bridge Club Meets For Luncheon

Samahdi Bridge club members held their latest meeting as guests of Mrs. Theo J. Rose, West Eighth street. Luncheon served at flower-decked tables preceded the afternoon card session in which Mrs. Sam Sinesio and Mrs. Jess Miller scored high and low.

Members present other than the hostess, Mrs. Rose, were Mesdames Jess Miller, Sam Sinesio, Kenneth Bell, Bernard Snow, Victor Fleming. Special guests were Mrs. Lauren Spencer and Mrs. Rose.

Club members will have a steak bake for their husbands Tuesday evening.

Pleasant House-Guest Inspires Afternoon Of Bridge

Reverend for a merry group of college friends, the Holmes Bishop ranch home on Fairhaven avenue, yesterday glowed with hospitality as Miss Virginia Bishop acted as hostess to friends bidden to meet Miss Barbara Whitson of Los Angeles, a guest in the home.

Many flowers, charmingly arranged, aided in the pleasant expression of hospitality and created appropriate background for the charmingly gowned young girls comprising the party. Miss Bishop was assisted in receiving her guests and presenting them to her honoree, by her mother, Mrs. Holmes Bishop.

Places were soon found around the waiting bridge tables, and the afternoon contest introduced. In this, Miss Mary Nalle, scoring high, was rewarded with a quaint little pot of cactus, while a graceful bit of pottery as second prize, went to Miss Pauline Wells.

Mrs. Bishop again lent her assistance in re-arranging the card tables for the serving of a light menu which included a refreshing lime punch among its dainties.

Miss Barbara Whitson, incentive for this pleasant hospitality, is a well-known young singer of Los Angeles, and a soloist in one of the large churches of that city. She arrived Tuesday for her visit with Miss Bishop and the latter's family, and will return home tomorrow.

In the meantime the bridge team of yesterday was only one of a succession of gay events planned in her honor.

Guests at yesterday's party were all junior college friends of the hostess, Miss Bishop, and included the Misses Martha Hume, Mary Nalle, Katherine Robbins, Elizabeth Rinkler, Virginia Warner, Evelyn Fairley, Kathryn Bement, Pauline Wells, of Santa Ana, and Marie Moulton, of Newport Beach, with Miss Bishop and Mrs. Holmes Bishop and their house-guest, Miss Whitson, to complete the gay group.

With the arrival of the final group of members, came the invitation to the dining room where Mrs. Vian had tables prettily arranged with lace covers, flowers and sparkling candles, for serving a delicious dinner menu. Miss Veneta Vian, daughter of the home, and her cousin, Miss Car-nelle Swain, accomplished the serving of the courses very deftly.

At the conclusion of the dinner hour, club members sought the adjoining living room for the business session conducted by Mrs. Maude Goff, vice president, in the absence of the president, Mrs. J. D. Campbell. Changes in the club constitution, the regretted resignation of a member because of her home duties, and similar matters were considered before the program was introduced.

At a previous meeting, members had been assigned the suggested plot for a one-act play originally titled "The Fool Hath Said" by the one proposing its features. The plot was to be taken as a basis for individual developments, and several of the resulting plays were read. Occasioning special comment were the plays by Mrs. Frank Was and Mrs. Vian.

Mrs. Was selected "Neither Have They Any More Reward" as her title, while Mrs. Vian announced "Borderline." Both were striking developments of a semi-mystical theme.

Present Tuesday night in addition to the hostess, Mrs. Vian, were Mrs. Marshall Harnold, Mrs. Maude Goff, Miss Lella Watson, Mrs. Frank Was, Mrs. Neal Stanley, Mrs. S. B. Marshall, Mrs. Clarence McClintock, Mrs. Harry M. Smith, Mrs. Roy Winchester and Mrs. Emmett Elliott.

Mrs. McClintock invited the club to be her supper guests on Tuesday night, August 22, when she will serve picnic style in the garden of her ranch home at Fairview.

Friends Assemble For Buffet Luncheon And Bridge

Entertaining quite informally at a buffet luncheon and subsequent afternoon of bridge, Mrs. James Irvine yesterday gave opportunity to a score or more Santa Ana friends, to renew acquaintance with the charming young granddaughter of the Irvine home, Miss Kathryn Lillard.

Miss Lillard recently arrived at the Huntington Lake Camp for girls, and will remain until the opening in September of Miss Burke's School for Girls in San Francisco where she will resume her studies.

The gardens of this historical ranch home, just now at the height of their mid-summer flowering, yielded Mrs. Irvine quantities of blooms with which her home was graced for the afternoon. In the bridge contests succeeding the luncheon hour, both contract and auction were introduced at the half dozen tables called into play.

Such charmingly personal gifts as imported perfumes and compact were awarded as prizes to Mrs. Mortimer Plumb, holding high score; Miss Rosa Boyd, second high, and Mrs. Louis Moulton, low, while in a consolation drawing, Miss Gertrude Hellis was the fortunate one.

YOU and your Friends

Mr. and Mrs. Robert Mize and children, Robert Jr. and Marjorie, 602 South Ross street, left today on the Emma Alexander for Seattle, Wash. They are shipping their car north, with plans to drive from Seattle to Rainier and Jasper National parks, Victoria and other northern points. They plan to return home by boat early in September.

F. S. Paul, of the Paul Sign Service, left today at noon via automobile for Des Moines, Iowa, to join Mrs. Paul and their children, Barbara, Junior and Patsy, who have been in the east all summer. The family will travel to the Century of Progress Exposition, making the return trip via the Des Moines, Washington and Oregon. They expect to make an especially leisurely trip from the north homeward, arriving back here in about six weeks. David Wagoner is in charge of the Paul Sign Service during Mr. Paul's absence.

Mrs. Nell D. Winslow, 502 East Pine street, has gone to Colton to spend three weeks with her son-in-law and daughter, Mr. and Mrs. Ray K. Klumb. Mrs. Klumb will be remembered as Miss Lois Winslow.

Mrs. A. E. Bates has moved from 1014 1-2 West Pine street to her former residence at 519 West Second street.

Mrs. Mary Moncrief, 1312 West Eighth street, is seriously ill at her home here and will be unable to receive visitors for several days.

Former Santa Ana residents, Mr. and Mrs. Roy Barker, with their two young daughters, Madeline and Katherine Barker, have returned to this city to make their home, and are established at 430 South Birch street. For the past seven years, they have been living in Ontario. After leaving Santa Ana, they made their home in La Habra for a while before going to Ontario. Mr. Barker has an orange ranch in Riverside.

Miss Ellen Neal, 730 Cypress avenue, is spending a pleasant vacation in the home of her uncle, John F. Neal, Sherman Oaks. The Misses Marie and Edna Thomson of Salt Lake City are also guests in the Neal home at Sherman Oaks.

C. C. Kemper, 704 South Parton street, has gone to Siloam Springs, Ark., to join his son, Conley Kemper, of this city, who has been visiting the Century of Progress Exposition and other points of interest in the east. Mr. Kemper and his son will spend some time with the former's father whose home is in Siloam Springs. During the absence of her husband, Mrs. Kemper is visiting with her sister at the Lane apartments in Long Beach. Mr. Kemper and Conley expect to return home in about two weeks.

Mr. and Mrs. Hugh Henry and sons, William and Spencer, of Do-heny Park, formerly of Santa Ana, have gone to Cambria Pines for a vacation.

Little Mary Beth Haughton, three-year-old daughter of Mr. and Mrs. Thomas Haughton Jr. of Los Angeles, is here for a week's visit in the home of her grandparents and aunt, Dr. and Mrs. Thomas J. Haughton and Miss Carolyn Haughton, 429 South Sycamore street. Her small cousin, Master Billy Haughton, son of the William Haughtons, also of Los Angeles, was here during part of her visit, but has returned to his home.

Miss Doris Bolles, daughter of Mr. and Mrs. E. J. Bolles, 1501 North Rose street, left Tuesday in company with Miss Corinne Hedges of Ontario, for a motor trip to Yellowstone National park. They were to follow the coast route north to Seattle and proceed to the park from that point, and will return to the Southland about the first of September.

Mr. and Mrs. S. J. Mustol, 1246 South Van Ness avenue, with their daughters, the Misses Natalie and Evelyn Mustol, left this afternoon to join Miss Virginia Mustol, now the guest of Mr. and Mrs. Alexander Borisoff in their summer home at Santa Monica, in attending the Jascha Heifetz concert tonight in the Bowl as guests of Morris Stollhoff, noted Russian violinist of Los Angeles. Later the Santa Anans will be guests at the after-concert reception with which Mr. and Mrs. Borisoff are complimenting Heifetz at their home in Beverly Hills. Jascha Heifetz is spending the summer at San Clemente.

vegetable that will contrast its bland flavor. I think beet greens, well seasoned with butter and vinegar might be good.

Drill Team Rehearsal Will Be Open To The Public

Handsome red and grey costumes which will distinguish members of American Legion Auxiliary drill team as they go through their maneuvers at the state convention of the Legion opening Monday in Pasadena, are to be worn for the first time Friday night when the Santa Ana group has its final rehearsal before competing with the other teams of the state.

The public's cooperation with the drill team in its many money-raising ventures in the past has made possible the purchase of the costumes, it was stated today by Mrs. George H. Sullivan, captain of the team. In appreciation of this members of the auxiliary at large and all residents of the community interested, are invited to attend the rehearsal, to be held tomorrow night back of the Y. M. C. A. building.

Ruth Anderson, business manager, Gladys Young, secretary-treasurer, and Mr. Sullivan, drill master, join with the captain in extending this invitation to the public.

The drill competition is one of the first features of the Legion convention, taking place Monday morning at Pasadena Junior college on East Colorado boulevard. The three winning teams will then compete with last year's champion team Monday night in the Rose Bowl.

ANNOUNCEMENTS

Dorcas society members of the First M. E. church were reminded today that there would be no meeting tomorrow according to custom, since all August meetings of the society had been cancelled. The regular sessions will be resumed in September.

Damascus White Shrine will meet Friday evening at 7:30 o'clock in Masonic temple.

The Doris Welles Auxiliary of First Methodist church will meet Monday evening at 6 o'clock for supper and a business meeting in the breakfast room of the church. At 7:30 o'clock in the chapel, an open meeting of the group will be addressed by Miss Olive Kennard, now of Redlands, on furlough from India.

Past Matrons association of Hermosa, O. E. S. will meet Thursday, August 17, at 12:30 o'clock for luncheon in the Doris Kathryn Tea Shoppe. Hostesses will be Mesdames A. W. Griffith, N. E. Gilbert, J. W. McCormac, Cora Rugg and Ruth Hurlburt. Reservations must be made by Tuesday evening by telephoning Mrs. Griffith, 1787, or Mrs. Rugg, 1070M.

The Garden Study club of Santa Ana will have a picnic and business session Friday at 12 o'clock noon at Hewes park.

Santa Anans Return From Motor Trip East

Santa Anans recently returned home from Chicago and numerous other interesting points include Mr. and Mrs. George W. Duke, 305 South Parton street, and Mrs. Duke's parents, Mr. and Mrs. Thomas Greer, 1018 West Highland avenue. They were accompanied on the trip by Mrs. Selma Roberts of Los Angeles.

The party traveled by automobile, covering 6780 miles during the journey, which began July 1. Near Higgins, Tex., they visited with three Mrs. Duke's uncles. Continuing on to Missouri, they had the pleasure of seeing former home cities of Mrs. Greer at Buffalo, and of Mr. Greer, at Bolivar, in Kansas City, they were guests of uncles of Mr. Duke.

Two of the six days which the group spent in Chicago were devoted to attending the Century of Progress Exposition. The remainder of their stay in that city was spent with relatives and friends. The travelers were guests in homes of relatives and friends for 21 nights of their journey.

Stops of special interest during the homeward journey were made at Mr. Duke's former home at Chattanooga, Tenn., and at Dallas, Tex., where Mrs. Duke and the Greers have relatives.

The Grand Canyon was among scenic points which the Santa Anans and Mrs. Roberts included in their itinerary.

Bridge Club Meets For Luncheon

Samadri Bridge club members held their latest meeting as guests of Mrs. Theo J. Bose, West Eighth street. Luncheon served at flower-decked tables preceded the afternoon card session in which Mrs. Sam Sinesio and Mrs. Jess Miller scored high and low.

Members present other than the hostess, Mrs. Bose, were Mesdames Jess Miller, Sam Sinesio, Kenneth Bell, Bernard Snow, Victor Fleming. Special guests were Mrs. Lauren Spencer and Mrs. Bose.

Club members will have a steak bake for their husbands Tuesday evening.

Pleasant House-Guest Inspires Afternoon Of Bridge

Reverend for a merry group of college friends, the Holmes Bishop ranch home on Fairhaven avenue, yesterday glowed with hospitality as Miss Virginia Bishop acted as hostess to friends bidden to meet Miss Barbara Whitson of Los Angeles, a guest in the home.

Many flowers, charmingly arranged, added in the pleasant expression of hospitality and created appropriate background for the charmingly groomed young girls comprising the party. Miss Bishop was assisted in receiving her guests and presenting them to her home, by her mother, Mrs. Holmes Bishop.

Places were soon found around the waiting bridge tables, and the afternoon contest introduced. In this, Miss Mary Nalle, scoring high, was rewarded with a quaint little pot of cactus, while a laurel wreath of prize, went to Miss Pauline Wells.

Mrs. Bishop again lent her assistance in re-arranging the card tables for the serving of a light menu which included a refreshing lime punch among its dainties.

Miss Barbara Whitson, incentive for this pleasant hospitality, is a well-known young sister of Los Angeles, and a soloist in one of the large churches of that city. She arrived Tuesday for her visit with Miss Bishop and the latter's family, and will return home tomorrow. In the meantime the bridge team of yesterday was only one of a succession of gay events planned in her honor.

Guests at yesterday's party were all junior college friends of the hostess, Miss Bishop, and included the Misses Martha Hume, Mary Nalle, Katherine Robbins, Elizabeth Rinkler, Virginia Warner, Evelyn Fairley, Kathryn Bement, Pauline Wells, of Santa Ana, and Mimi Moulton of Newport Beach, with Miss Bishop, Mrs. Holmes Bishop and their house-guest, Miss Whitson, to complete the gay group.

Informality Continues At Summer Sessions Of Quill Pen

Although the counter attractions of vacation outings draw many Quill Pen club members away from the informal summer meetings, their pleasure remains undiminished for those who are here to attend, and Tuesday night's session in the home of Mrs. J. U. Viaw, 325 South Orange street, Orange, was an unusually enjoyable occasion.

With the arrival of the final group of members, came the invitation to the dining room where Mrs. Viaw had tables prettily arranged with lace covers, flowers and sparkling candles, for serving a delicious dinner menu. Miss Veneta Viaw, daughter of the home, and her cousin, Miss Carnelle Swain, accomplished the serving of the courses very deftly.

At the conclusion of the dinner hour, club members sought the adjoining living room for the business session conducted by Mrs. Maude Goff, vice president, in the absence of the president, Mrs. J. D. Campbell. Changes in the club constitution, the regretted resignation of a member because of her home duties, and similar matters were considered before the program was introduced.

At a previous meeting, members had been assigned the suggested plot for a one-act play originally titled "The Fool Hath Said" by the one proposing its features. The plot was to be taken as a basis for individual developments, and several of the resulting plays were read. Occasional special comment were the plays by Mrs. Frank Was and Mrs. Viaw.

Mrs. Was selected "Neither Have They Any More Reward" as her title, while Mrs. Viaw announced "Bordeline." Both were striking developments of a semi-mystical theme.

Present Tuesday night in addition to the hostess, Mrs. Viaw, were Mrs. Marshall Harnois, Mrs. Maude Goff, Miss Lella Watson, Mrs. Frank Was, Mrs. Neal Stanley, Mrs. S. B. Marshall, Mrs. Clarence McClintock, Mrs. Harry M. Smith, Mrs. Roy Winchester and Mrs. Emmett Elliott.

Mrs. McClintock invited the club to be her supper guests on Tuesday night, August 22, when she will serve picnic style in the garden of her ranch home at Fairview.

Friends Assemble For Buffet Luncheon And Bridge

Entertaining quite informally at a buffet luncheon and subsequent afternoon of bridge, Mrs. James Irvine yesterday gave opportunity to a score or more Santa Ana friends, to renew acquaintance with the charming young granddaughter of the Irvine home, Miss Kathryn Lillard.

Miss Lillard recently arrived at Irvine ranch after a summer at the Huntington Lake Camp for Girls, and will remain until the opening in September of Miss Burke's School for Girls in San Francisco, where she will resume her studies.

The gardens of this historical ranch home, just now at the height of their mid-summer flowering, yielded Mrs. Irvine quantities of blooms with which her home was graced for the afternoon. In the bridge contests, succeeding the luncheon hour, both contract and auction were introduced at the half dozen tables called into play.

Such charmingly personal gifts as imported perfumes and cosmetics awarded as prizes to Mrs. Mortimer Plumb, holding high score; Miss Rosa Boyd, second high; and Mrs. Louis Moulton, low, while in a consolation drawing, Miss Gertrude Hellis was the fortunate one.

ANN MEREDITH'S MIXING BOWL

EAT AND GROW SLIM

Breakfast
1-2 glass of orange juice or 2-3 cup fresh berries with 1 tsp. sugar, no cream
2 slices well toasted rye bread
1 tsp. butter
1 soft boiled egg with 1-2 tsp. butter
1 cup coffee with 1-4 cup hot skim milk, no sugar.
Calory value, 420.

Something Good To Take on a Picnic

Salmon Sandwich Loaf
1 pound can of red salmon
4 hard boiled eggs
2 tbsps. India relish
1-4 cup chopped walnuts
Salt and pepper to taste
Mayonnaise ad lib.
Large sandwich loaf.

Prepare the filling by removing skin and bones from the salmon and mincing it fine. Mix with the mashed egg, relish and walnuts, which might be run through the food chopper. Season highly and mix with enough mayonnaise to make a very soft filling.

Prepare the loaf by cutting off all crust (save the bottom one to build on again). Cut the loaf lengthwise into eight thin slices. This is easily done if you use the knife with a sawing motion, not a pressing-down motion. Place the first slice on the reserved bottom crust, spread it lightly with mayonnaise, then with the salmon filling, put on the next slice and spread likewise, and so on, until the loaf has been built up. Transfer it to a box, lined with waxed paper (poke the loaf with toothpicks to hold it together) and frost the outside with mayonnaise when you serve it for supper.

Halibut Mould
1 pound cooked halibut
1 cup soft bread crumbs
1 cup thin cream
1 tsp. salt
1-4 tsp. white pepper
1-2 onion finely minced
3 egg yolks cooked with cream
3 egg whites beaten stiff
Flake the halibut, then mince it very fine.
Cook the cream and bread crumbs to make a paste, add the beaten yolks, salt, pepper and onion, then the flaked halibut. Fold in the mixture into a buttered mould. Bake in a slow oven 40 minutes, turn onto a platter and garnish with parsley and slices of lemon.

Tomato Sauce For Fish
1 small onion, grated
2 tbsps. butter
1 1/2-2 tbsps. flour
1 no. 2 can of tomato juice or 2 cups strained tomato
Salt, pepper and cayenne.
Brown butter and onion together, add the flour and simmer for a minute, the tomato juice. Stir until the sauce thickens and bubbles briskly, season and leave over hot water until ready to serve.

The fish mould and its sauce have a calory total of 2030. The mould will serve six as generously as needed.
With the fish mould serve a

YOU and Your Friends

Mr. and Mrs. Robert Mize and children, Robert Jr. and Marjorie, 502 South Ross street, left today on the Emma Alexander for Seattle, Wash. They are shipping their car north, with plans to drive from Seattle to Rainier and Jasper National parks, Victoria and other northern points. They plan to return home by boat early in September.

F. S. Paul, of the Paul Sign Service, left today at noon via automobile for Des Moines, Iowa, to join Mrs. Paul and their children, Barbara, Junior and Patay, who have been in the east all summer. The family will travel to the Century of Progress Exposition, making the return trip via the Dacotas, Washington and Oregon. They expect to make an especially leisurely trip from the north home, arriving back here in about six weeks. David Wagoner is in charge of the Paul Sign Service during Mr. Paul's absence.

Mrs. Nell D. Winslow, 502 East Pine street, has gone to Colton to spend three weeks with her son-in-law and daughter, Mr. and Mrs. Ray K. Klumb, who Klumb will be remembered as Miss Lois Winslow.

Mrs. A. E. Bates has moved from 1014 1-2 West Pine street to her former residence at 519 West Second street.

Mrs. Mary Moncrief, 1312 West Eighth street, is seriously ill at her home here and will be unable to receive visitors for several days.

Former Santa Ana residents, Mr. and Mrs. Roy Barker, with their two young daughters, Madeline and Katherine Barker, have returned to this city to make their home, and are established at 430 South Birch street. For the past seven years, they have been living in Ontario. After leaving Santa Ana, they made their home in La Habra for a while before going to Ontario. Mr. Barker has an orange ranch in Riverside.

Miss Ellen Neal, 730 Cypress avenue, is spending a pleasant vacation in the home of her uncle, John F. Neal, Sherman Oaks. The Misses Marie and Edna Thomson of Salt Lake City are also guests in the Neal home at Sherman Oaks.

C. C. Kemper, 704 South Parton street, has gone to Siliam Springs, Ark., to join his son, Conley Kemper, of this city, who has been visiting the Century of Progress Exposition and other points of interest in the east. Mr. Kemper and his son will spend some time with the former's father who home is in Siliam Springs. During the absence of her husband, Mrs. Kemper is visiting with her sister at the Lane apartments in Long Beach. Mr. Kemper and Conley expect to return home in about two weeks.

Mr. and Mrs. Hugh Henry and sons, William and Spencer, of Do-heny Park, formerly of Santa Ana, have gone to Cambria Pines for a vacation.

Little Mary Beth Haughton, three-year-old daughter of Mr. and Mrs. Thomas Haughton Jr. of Los Angeles, is here for a week's visit in the home of her grandparents and aunt, Mr. and Mrs. Thomas J. Haughton and Miss Carolyn Haughton, 429 South Sycamore street. Her small cousin, Master Billy Haughton, son of the William Haughtons, also of Los Angeles, was here during part of her visit, but has returned to his home.

Miss Doris Bolles, daughter of Mr. and Mrs. L. J. Bolles, 1501 North Rose street, left Tuesday in company with Miss Corinne Hedges of Ontario, for a motor trip to Yellowstone National park. They were to follow the coast route north to Seattle and proceed to the park from that point, and will return to the Southland about the first of September.

Mr. and Mrs. S. J. Mustol, 1246 South Van Ness avenue, with their daughters, the Misses Natalie and Evelyn Mustol, left this afternoon to join Miss Virginia Mustol, now the guest of Mr. and Mrs. Alexander Borisoff in their summer home at Santa Monica, in attending the Jascha Heifetz concert tonight in the Bowl as guests of Morris Stoloff, noted Russian violinist of Los Angeles. Later the Santa Anans will be guests at the after-concert reception with which Mr. and Mrs. Borisoff are complimenting Heifetz at their home in Beverly Hills, Jascha Heifetz is spending the summer at San Clemente.

Out of Town Guests Share Birthday Observance

The home of State Traffic Officer Walter W. Meyer and Mrs. Meyer, 1630 South Parton street, was setting for a merry party given yesterday afternoon in celebration of the tenth birthday anniversary of their little daughter, Miss Roberta Meyer.

Guests spent the afternoon on the grounds of the home, with children of the group taking part in many favorite games. The honoree was presented with many pretty natal day gifts.

During the refreshment hour, guests were seated at a large table placed in an attractive spot in the yard. A birthday cake decorated in pink and blue was the centerpiece. This was served with other dainties, which, like all decorations, were in keeping with the pink and blue theme. Aunts of Roberta, Mrs. Winifred Morris of Riverside, and Mrs. Arthur Stoller of San Bernardino, assisted Mrs. Meyer in serving.

Guests of Mrs. Meyer and Roberta were Katherine Lyon, Jeanette Hossfeld, Mrs. Bertha Bruce and son Ralph, Mrs. Waldo Litten and children, Martha Blanche and Coleman, of Santa Ana; Mrs. Winifred Morris and daughter, Marlene, of Riverside; Mrs. Clifford Davy and daughters, Eleanor and Betty May, Colton; Mrs. Stoller and son, Jackie, San Bernardino; grandmothers of the honoree, Mrs. Margaret Starke of Los Angeles, and Mrs. Lela Stoddard of Riverside.

Late News From Orange And Nearby Towns

CO-OPERATION HELD NEED OF SERVICE CLUBS

ORANGE, Aug. 10.—"Why We Need Service Clubs and the Responsibilities of the Members" was the topic chosen for discussion by Dr. Elliott Rowland of Santa Ana, who was the speaker at the meeting of the Orange 20-30 club at the Sunshine Broller last night.

Dr. Rowland, who is past district governor of Lions clubs and international director of the same organization, urged members to build understanding in their ranks for co-operation in civic affairs.

Qualities which should be developed by members of service clubs, the speaker named as personality, democracy and loyalty to each other as well as to those outside of service clubs.

Walter Meir was program chairman and Clifford Swedberg, president, was in the chair.

Villa Park Plans Community Supper And Play Monday

VILLA PARK, Aug. 10.—There will be a pot luck supper at Villa Park hall Monday at 6:30 o'clock. China, silverware and coffee will be furnished by the committee in charge. Those attending are asked to bring bread and butter, sandwiches and a covered dish, salad or dessert. A play, "The Stolen Pearls" will be given. The entire community is invited. There will be no admission charge.

HOLD CARD PARTY IN PERKINS HOME

ORANGE, Aug. 10.—An informal evening of cards was enjoyed Tuesday in the home of Mr. and Mrs. Seth Perkins, 261 North Olive street. Guests of honor were Miss Estella Campbell and J. Roy Campbell of Pomona. High score for women was made by Miss Campbell and low by Miss Ava Miller. C. H. Neuenschwander scored high for men and J. Roy Campbell low.

Ices and cakes were served at the card tables at the close of the game. Present other than the hosts were Mr. and Mrs. C. H. Neuenschwander, Mr. and Mrs. C. B. Bonebrake, Mr. and Mrs. William Payne, Mr. and Mrs. W. H. Palmer, J. Roy Campbell, Miss Estella Campbell, Miss Ava Miller and Miss Florence Miller.

CHURCH CLASS HOLDS WEINER BAKE IN PARK

ORANGE, Aug. 10.—Members of the Busy Blue class of the Mennonite Sunday school, with their teacher, Mrs. J. M. Frieden and Mrs. Homer Skiles, and their friends enjoyed a weiner bake in Anaheim park Tuesday afternoon. The afternoon was spent in playing games.

Those present other than the teachers were Dale and Hershel Lucas, Monty Fate, Albert Skiles, Paul Skiles, Harold Johnston, Melvin Killingbeck, Audrey Pentecost, Mrs. Rose Killingbeck and sons, Glen and Marvin; Mrs. Roy Pentecost and children, Dorothy Jean, Junior and Donnell; Mrs. Ruth Skiles and son, Richard; Mrs. Carl Lucas, Mrs. J. S. Sorenson and son, Floyd, and daughter, Miss Grace Marie; Mary Alice Pentecost, Max Pentecost, Billy Kenworthy, Betty Lou Kenworthy, Iola Kenworthy and Homer Skiles.

Friendly Circle Sews For Needy

ORANGE, Aug. 10.—The Friendly circle of the Mennonite church of Orange met Tuesday evening at the home of Mrs. Harvey Kenworthy, 619 Culver street, devotions were led by Mrs. Fays Worton. The business session was presided over by the president, Mrs. Ray Pentecost, after which the evening was spent in sewing for the needy families.

At the close of the evening refreshments of watermelon was served to the following: Mrs. R. J. Killingbeck and Mrs. Mabel Johnston, of Garden Grove; Mrs. Paul Kenworthy, of Michigan; Mrs. J. M. Frieden, Mrs. Roy Pentecost, Mrs. Faye Sorenson, Mrs. P. Rhoads, Mrs. L. Sides, Mrs. Loretta Meadows, and daughter, Mary Lou, Mrs. Wilma Campbell, Mrs. R. G. Fate, Mrs. C. L. Lucas, Mrs. Fays Wooten, Mrs. Gladys McConnell and the hostess Mrs. Harvey Kenworthy, of Orange.

YOUTH SENTENCED
ORANGE, Aug. 10.—Floyd Padias Costa Mesa youth, was sentenced to six months in the county jail when he pleaded guilty to a charge of petty theft before Judge A. W. Swayze Tuesday. Padias was alleged to have taken a two-wheel trailer from William Lusk last spring. The youth is finishing a six months sentence on a similar charge and because of this, three months of the sentence was suspended.

WATERSHED MENACED WHEN BRUSH LAND BURNED OVER

ORANGE, Aug. 10.—Forty acres of brush and grass were burned over yesterday in a fire which headed toward the Santiago canyon and which called out the state fire truck and men in the Silverado C.C.C. camp.

The fire started on the Irvine ranch just below the ranch headquarters and headed toward the hills. The Irvine company sent several spray rigs and a large number of men to head off the flames which were advancing toward the watershed of the Santiago creek and the Cleveland National forest.

Joe Scherman, state forest ranger, directed the work of controlling the fire. Several tractors supplied by ranchers were utilized in making fire breaks up the sides of the hills. The fire spread rapidly after it started at about 2 p. m.

ORANGE PERSONALS

ORANGE, Aug. 10.—Mrs. S. B. Edwards, East Chapman avenue, returned recently from a visit in the Los Angeles home of Miss Bessie Swan. Miss Swan formerly was desk sergeant at the city hall.

Mr. and Mrs. J. B. Wilbur, North Waverly street, and Mr. and Mrs. J. T. McInnes, North Harwood street, are enjoying vacation in the vicinity of Mount Lassen. Several young people are sharing the trip with them, Miss Frances Wilbur, Miss Mary Beebe of Anaheim, Miss Caryl Harper, Morris Singer, Vernon Valentine and Alvin Edwards. Enroute to Mount Lassen the group was entertained at Yuba, in the home of the pastor of the Villa Park Community church, Wesley Ford, who is in the north at present.

Mrs. Dolores Goodwin, Mrs. Celia Bryant and Mrs. Maude Sisson are to leave Monday morning for Pasadena, where they will represent the Orange American Legion auxiliary as delegates at the state convention. A number of other members of the organization are planning to attend convention sessions.

Andy Johnson, who has spent the past several months in Orange following a two year residence in India, is expecting to leave shortly for Chicago. From Chicago Johnson is expecting to go to Harvard, where he will continue his studies in engineering.

Miss Virginia Chisholm, of Benicia, and her house guest, Miss Betty Partridge, of Boston, Mass., are guests in the home of the former's brother-in-law and sister, Mr. and Mrs. K. E. Watson Jr., South Lemon street. Mrs. Watson and her guests are spending today in Los Angeles.

George Bartley went to Fresno Wednesday.

Sergeant and Mrs. Fred Wrye and little daughter, Patricia Ann, have returned to their home at March field following a brief visit in the home of Mrs. Wrye's parents, Mr. and Mrs. A. H. Westerman, East Palmyra avenue.

J. Roy Campbell and daughters, Miss Josephine Campbell and Miss

ADD MORE NAMES TO P. O. NRA LIST

ORANGE, Aug. 10.—Additional names of firms and individuals posted in the Orange postoffice as those complying with the president's recovery program are: A. V. Holden, Orange Building and Loan association, Orange County Monumental works, La Belle Beauty shop and Wheeler Manufacturing company.

Library Shows Austria Posters

ORANGE, Aug. 10.—Miss Constance Cruickshank of Santa Ana, representing a Los Angeles travel bureau, has an interesting exhibit of posters of Austria at the Orange library. One of the large posters has the appearance of a tapestry and has been greatly admired by library patrons.

Mrs. Mabel Faulkner, librarian, has arranged a travel exhibit of folders and books on travel. Travel books are especially in demand during summer months, Mrs. Faulkner states.

After hanging in a Thundersley, Essex, church for 340 years, a bell was taken down in 1928 and dispatched for recasting to the same London firm which had cast it in 1588.

4-H Club Votes On Fair Exhibit Saturday Night

ORANGE, Aug. 10.—Whether or not they will enter an exhibition in the fair to be held at Pomona this year is to be decided by members of the West Orange 4-H club at a business session Saturday evening at 7:30 o'clock in American Legion hall.

According to H. J. Hinrichs, leader of the West Orange group, other affairs of special interest are to be taken up at the meeting, and a full attendance is desired.

The club is to be represented by Raymond Hull as a delegate at the fall convention of 4-H groups to be held at Davis Calif. Delegates to the convolve are to attend the state fair on September 8, which has been designated as 4-H club day.

Mexican Church Pastor To Speak At Union Service

ORANGE, Aug. 10.—Union service at the First Christian church Sunday evening are to be in charge of the new pastor of the Mexican Methodist church, the Rev. A. E. Escobedo. Music for the evening will be in charge of the same church and will be presented by a group of young people.

ANNUAL PICNIC OF NEIGHBORS HELD IN PARK

ORANGE, Aug. 10.—The Royal Neighbors lodge cancelled its regular business meeting yesterday and instead staged the annual picnic of the organization at the Anaheim city park. About 40 were present. Dinner was in charge of Mrs. Thomas Condon and Mrs. Minnie Knight Young.

The afternoon was spent in playing cards, swimming or in strolling about the park grounds. The next meeting of the group was announced for August 23 at the I. O. O. F. hall.

Mrs. Hart Pennington, orala, was in general charge of arrangements for the picnic.

FACES JUDGE AUG. 12.

ORANGE, Aug. 10.—George B. Jones, 49, of this city will appear before Judge A. W. Swayze Saturday morning at 9 o'clock to answer to a charge of disturbing the peace, brought by Mrs. J. C. Coombs, 252 North Cambridge street. Jones was arrested by Officer G. W. Coltrane. He furnished bond for his appearance at the time set.

Two Men Charged With Violations Of Forest Rules

ORANGE, Aug. 10.—Doraine Laduka and Eric Erickson, both of Long Beach, are to appear before Judge A. W. Swayze on August 18 for violations of rulings regarding national forest reserves. The former is charged with trespassing in the Cleveland National forest and the latter was smoking a cigar in the same reserve on August 6.

The Long Beach residents were arrested by George Wallace of the forest patrol, who called attention to the fact that the forest is closed to entry from May 1 to November 30.

Wallace stated yesterday that all violations of the ruling will result in arrests.

A Nation calls.

A President appeals. America's recovery is at stake. Who could stand neutral or negative on such a project.

IT'S SIMPLE AS A.B.C.,

Claudette Colbert

Water is Free!

..That's why

"Salad Dressings Cost 1/3 Less!"

The picture diagram at right below shows you that "Salad Dressings" contain 30% to 40% water—no wonder they cost less than a quality mayonnaise like Best Foods!

Would you like to know, Miss Colbert, how they make these so-called "Salad Dressings"?

This is how they do it: First they take a little mayonnaise; then they add water right out of the tap—sometimes as much as 30% to 40%. Then they put in cereal "fillers" and cook the mixture to make it stick together.

Now do you wonder that "Salad Dressings" can never match the high quality and delicious flavor of a true mayonnaise like Best Foods?

New Low Prices

That's why millions welcome the new low prices of Best Foods Mayonnaise, now featured. There is no substitute for its fine ingredients—the same ingredients you use in your own kitchen.

Naturally no "Salad Dressing" can give you the same delicious flavor, velvety smoothness, and valuable health benefits.

But... if you feel that you cannot possibly afford even these extremely reasonable prices for Best Foods Mayonnaise

then be sure to serve the finest Salad Dressing, which of course is Gold Medal.

A far finer Salad Dressing

This is the finest and purest Salad Dressing that can be made. Women who have tried it say it is marvelously smooth in texture. Delicious in flavor.

Here, you can be sure, is one Salad Dressing that is offered to you honestly, that you can buy safely... the one Salad Dressing that is backed by the Best Foods name and reputation.

COMPARE YOUR FIGURE WITH CLAUDETTE COLBERT'S

Height, 5 ft. 5 in. Waist, 25 1/2 in.
Weight, 107 lbs. Hips, 35 1/2 in.
Bust, 32 1/2 in. Calf, 13 1/2 in.

See Claudette Colbert in her latest Paramount Picture, "Torch Singer." You, too, can retain a youthful, supple figure, by following the safe, sane Best Foods Slenderizing Plan. Simply eat two salads a day, covered with Best Foods Mayonnaise, in place of heavy, fattening foods. Try it.

Slenderize with Salads!

WELCOME, FRED ALLEN! Every Friday night, Fred Allen back on the air! Aided and abetted by Portland Hoffa, Tiny Ruffner, Ferde Grofe and his modern rhythm band. N.B.C. nation-wide hookup.

WHY SALAD DRESSING COSTS 1/3 LESS

NO WATER IS ADDED TO REAL MAYONNAISE. Best Foods Mayonnaise, you know, is made from eggs, fine salad oils, imported spices and selected vinegar—no water is added, no "fillers," no cooking. While even the finest salad dressing, as you see, contains inexpensive "fillers" and water (as much as 30% to 40%) to give added bulk so it can be sold for slightly less than real mayonnaise.

New Low Price!

Late News From Orange And Nearby Towns

CO-OPERATION HELD NEED OF SERVICE CLUBS

ORANGE, Aug. 10.—"Why We Need Service Clubs and the Responsibilities of the Members" was the topic chosen for discussion by Dr. Elliott Rowland of Santa Ana, who was the speaker at the meeting of the Orange 20-club at the Sunshine Broller last night.

Dr. Rowland, who is past district governor of Lions clubs and international director of the same organization, urged members to build understanding in their ranks for co-operation in civic affairs. Qualities which should be developed by members of service clubs, the speaker named as personality, democracy and loyalty to each other as well as to those outside of service clubs.

Walter Meir was program chairman and Clifford Swedberg, president, was in the chair.

Two Men Charged With Violations Of Forest Rules

ORANGE, Aug. 10.—Doraine Laduka and Eric Erickson, both of Long Beach, are to appear before Judge A. W. Swayze on August 18 for violations of rulings regarding national forest reserves. The former is charged with trespassing in the Cleveland National forest and the latter with smoking a cigar in the same reserve on August 6.

The Long Beach residents were arrested by George Wallace of the forest patrol, who called attention to the fact that the forest is closed to entry from May 1 to November 30.

Wallace stated yesterday that all violations of the ruling will result in arrests.

Villa Park Plans Community Supper And Play Monday

VILLA PARK, Aug. 10.—There will be a pot luck supper at Villa Park hall Monday at 6:30 o'clock. China, silverware and coffee will be furnished by the committee in charge. Those attending are asked to bring bread and butter, sandwiches and a covered dish, salad or dessert. A play, "The Stolen Pearls" will be given. The entire community is invited. There will be no admission charge.

HOLD CARD PARTY IN PERKINS HOME

ORANGE, Aug. 10.—An informal evening of cards was enjoyed Tuesday in the home of Mr. and Mrs. Seth Perkins, 261 North Olive street. Guests of honor were Miss Estella Campbell and J. Roy Campbell of Pomona. High scores for women was made by Miss Campbell and low by Miss Ann Miller. C. H. Neuschwander scored high for men and J. Roy Campbell low.

Ices and cakes were served at the card tables at the close of the game. Present other than the hosts were Mr. and Mrs. C. H. Neuschwander, Mr. and Mrs. C. B. Bonebrake, Mr. and Mrs. William Payne, Mr. and Mrs. W. H. Palmer, J. Roy Campbell, Miss Estella Campbell, Miss Ava Miller and Miss Florence Miller.

CHURCH CLASS HOLDS WEINER BAKE IN PARK

ORANGE, Aug. 10.—Members of the Busy Bees class of the Menomnie Sunday school, with their teacher, Mrs. J. M. Frieden and Mrs. Homer Skiles, and their friends enjoyed a weiner bake in Anaheim park Tuesday afternoon. The afternoon was spent in playing games.

Those present other than the teachers were Dale and Hershel Lucas, Monty Fate, Albert Skiles, Paul Skiles, Harold Johnston, Melvin Killingbeck, Audrey Pentecost, Mrs. Ross Killingbeck and sons, Glen and Marvin; Mrs. Roy Pentecost and children, Dorothy Jean, Junior and Donabelle; Mrs. Ruth Skiles and son, Richard; Mrs. Carl Lucas, Mrs. J. S. Sorenson and son, Floyd, and daughter, Miss Grace Marie; Mary Alice Pentecost, Max Pentecost, Billy Kenworthy, Betty Lou Kenworthy, Lois Kenworthy and Homer Skiles.

Friendly Circle Sews For Needy

ORANGE, Aug. 10.—The Friendly circle of the Menomnie church of Orange met Tuesday evening at the home of Mrs. Harvey Kenworthy, 619 Culver street, devotions were led by Mrs. Fays Worton. The business session was presided over by the president, Mrs. Ray Pentecost, after which the evening was spent in sewing for the needy families.

At the close of the evening refreshments of watermelon was served to the following: Mrs. R. J. Killingbeck and Mrs. Mabel Johnston, of Garden Grove, Mrs. Paul Kenworthy, of Michigan; Mrs. J. M. Frieden, Mrs. Roy Pentecost, Mrs. Faye Sorenson, Mrs. P. Rhode, Mrs. L. Sides, Mrs. Loretta Meadows, and daughter, Mary Lou, Mrs. Wilma Campbell, Mrs. R. G. Fate, Mrs. C. L. Lucas, Mrs. Fays Wooten, Mrs. Gladys McConnell and the hostess Mrs. Harvey Kenworthy, of Orange.

YOUTH SENTENCED

ORANGE, Aug. 10.—Floyd Padias, Costa Mesa youth, was sentenced to six months in the county jail when he pleaded guilty to a charge of petty theft before Judge A. W. Swayze Tuesday. Padias was alleged to have taken a two-wheel trailer from William Lusk last spring. The youth is finishing a six months sentence on a similar charge and because of this, three months of the sentence was suspended.

WATERSHED MENACED WHEN BRUSH LAND BURNED OVER

ORANGE, Aug. 10.—Forty acres of brush and grass were burned over yesterday in a fire which headed toward the Santiago canyon and which called out the state fire truck and men in the Silverado C.C.C. camp.

The fire started on the Irvine ranch just below the ranch headquarters and headed toward the hills. The Irvine company sent several spray rigs and a large number of men to head off the flames which were advancing toward the watershed of the Santiago creek and the Cleveland National forest.

Joe Scherman, state forest ranger, directed the work of controlling the fire. Several tractors supplied by ranchers were utilized in making fire breaks up the sides of the hills. The fire spread rapidly after it started at about 2 p. m.

ORANGE PERSONALS

ORANGE, Aug. 10.—Mrs. S. B. Edwards, East Chapman avenue, returned recently from a visit in the Los Angeles home of Miss Bessie Swan. Miss Swan formerly was desk sergeant at the city hall.

Mr. and Mrs. J. B. Wilbur, North Waverly street, and Mr. and Mrs. J. T. McInnes, North Harwood street, are enjoying vacation in the vicinity of Mount Lassen. Several young people are sharing the trip with them, Miss Frances Wilbur, Miss Mary Beebe of Anaheim, Miss Caryl Harper, Morris Singer, Vernon Valentine and Alvin Edwards. Enroute to Mount Lassen the group was entertained at Yuba, in the home of the pastor of the Villa Park Community church, Wesley Ford, who is in the north at present.

Mrs. Dolores Goodwin, Mrs. Celia Bryant and Mrs. Maude Sisson are to leave Monday morning for Pasadena, where they will represent the Orange American Legion auxiliary as delegates at the state convention. A number of other members of the organization are planning to attend convention sessions.

Andy Johnson, who has spent the past several months in Orange following a two years' residence in India, is expecting to leave shortly for Chicago. From Chicago Johnson is expecting to go to Harvard, where he will continue his studies in engineering.

Miss Virginia Chisholm, of Benicia, and her house guest, Miss Betty Partridge, of Boston, Mass., are guests in the home of the former's brother-in-law and sister, Mr. and Mrs. K. E. Watson Jr., South Lemon street. Mrs. Watson and her guests are spending today in Los Angeles.

George Bartley went to Fresno Wednesday.

Sergeant and Mrs. Fred Wrye and little daughter, Patricia, Ann, have returned to their home at March field following a brief visit in the home of Mrs. Wrye's parents, Mr. and Mrs. A. H. Westerman, East Palmyra avenue.

J. Roy Campbell and daughters, Miss Josephine Campbell and Miss

Library Shows Austria Posters

ORANGE, Aug. 10.—Miss Constance Cruikshank of Santa Ana, representing a Los Angeles travel bureau, has an interesting exhibit of posters of Austria at the Orange library. One of the large posters has the appearance of a tapestry and has been greatly admired by library patrons.

Mrs. Mabel Faulkner, librarian, has arranged a travel exhibit of folders and books on travel. Travel books are especially in demand during summer months, Mrs. Faulkner states.

After hanging in a Thundersley, Essex, church for 340 years, a bell was taken down in 1928 and dispatched for recasting to the same London firm which had cast it in 1588.

4-H Club Votes On Fair Exhibit Saturday Night

ORANGE, Aug. 10.—Whether or not they will enter an exhibition in the fair to be held at Pomona this year is to be decided by members of the West Orange 4-H club at a business session Saturday evening at 7:30 o'clock in American Legion hall.

According to H. J. Hinrichs, leader of the West Orange group, other affairs of special interest are to be taken up at the meeting, and a full attendance is desired.

The club is to be represented by Raymond Hull as a delegate at the fall convention of 4-H groups to be held at Davis Calif. Delegates to the conclave are to attend the state fair on September 8, which has been designated as 4-H club day.

Mexican Church Pastor To Speak At Union Service

ORANGE, Aug. 10.—Union services at the First Christian church Sunday evening are to be in charge of the new pastor of the Mexican Methodist church, the Rev. A. E. Escobosa. Music for the evening will be in charge of the same church and will be presented by a group of young people.

ANNUAL PICNIC OF NEIGHBORS HELD IN PARK

ORANGE, Aug. 10.—The Royal Neighbors lodge cancelled its regular business meeting yesterday and instead staged the annual picnic of the organization at the Anaheim city park. About 40 were present. Dinner was in charge of Mrs. Thomas Condon and Mrs. Minnie Knight Young.

The afternoon was spent in playing cards, swimming or in strolling about the park grounds. The next meeting of the group was announced for August 23 at the I. O. O. F. hall.

Mrs. Hart Pennington, oracle, was in general charge of arrangements for the picnic.

FACES JUDGE AUG. 12

ORANGE, Aug. 10.—George B. Jones, 49, of this city will appear before Judge A. W. Swayze Saturday morning at 3 o'clock to answer to a charge of disturbing the peace, brought by Mrs. J. C. Coombs, 262 North Cambridge street. Jones was arrested by Officer G. W. Coltrane. He furnished bond for his appearance at the time set.

BEST FOODS MAYONNAISE

THE TINYMITES

STORY BY HAL COCHRAN—PICTURES BY KING

The Tines pushed and pushed some more, and then they heard wee Shrimpy roar. "At last the rock is moving. You are meeting with success. 'Just keep it up. It looks to me as if the shark will soon be free. My, won't it be real tickled when it gets out of this mess.' Then Windy said, 'I think it best if we all take a little rest. Then, with our strength back, I am sure one push will do the trick.' 'You're right,' said Shrimpy, with a smile. 'Sit down, lads, for a little while. I'm satisfied, right now, that this is going to work out slick.' . . .

Soon Windy very loudly cried, 'Say, we still want to have a ride right to the playground of the sea. The shark might help us out. 'Heave ho,' cried Shrimpy. 'That's the stuff. Ah, ha, at last you've pushed enough!' And then the Tines noticed that the great big shark was free. They watched it swim around a while. 'Why, I can almost see it smile,' said Coppy. 'I am very glad we Tines came along.' 'So is the shark,' said Shrimpy. 'Say, you've made it feel real glad today. Why, you can even pet the shark, and nothing will go wrong.' . . .

And so they rested on the sand.

FLAPPER FANNY SAYS:

"We'll make some reins of seaweed strong and it can pull us right along." "A grand idea," Shrimpy cried. "And it will work, no doubt!"

They found some seaweed near at hand, and pulled it up out of the sand. Then Shrimpy hitched the shark up, shouting, "This will work all right. Right in its mouth the weed will stay, and you will soon be on your way. I'm sure that nothing will go wrong, if you just hang on tight." (Copyright, 1932, NEA Service, Inc.)

BUT, FER GOSH SAKES, MAKE IT CLEAR TO THE ELEPHANT, TOO!

The Tintins pushed and pushed some more, and then they heard wee Shrimpy roar. "At last the rock is moving. You are meeting with success."

"Just keep it up. It looks to me as if the shark will soon be free. My, won't it be real tickled when it gets out of this mess."

Then Windy said, "I think it best if we all take a little rest. Then, with our strength back, I am sure one push will do the trick."

"You're right," said Shrimpy, with a smile. "Sit down, lads, for a little while. I'm satisfied, right now, that this is going to work out slick."

And so they rested on the sand.

FLAPPER FANNY SAYS:

A plunger is frequently cleaned.

Soon Scouty cried, "Come, lend a hand. I'm ready for another push. You all must push with me."

"Heave ho," cried Shrimpy. "That's the stuff. Ah, ha, at last you've pushed enough!" And then the Tintins noticed that the great big shark was free.

They watched it swim around a while. "Why, I can almost see it smile," said Coppy. "I am very glad we Tintins came along."

"So is the shark," said Shrimpy. "Say, you've made it feel real glad today. Why, you can even get the shark, and nothing will go wrong."

Soon Windy very loudly cried, "Say, we still want to have a ride right to the playground of the sea. The shark might help us out."

"We'll make some reins of seaweed strong and it can pull us right along." "A grand idea," Shrimpy cried. "And it will work, no doubt!"

They found some seaweed near at hand, and pulled it up out of the sand. Then Shrimpy hitched the shark up, shouting, "This will work all right."

"Right in its mouth the weed will stay, and you will soon be on your way. I'm sure that nothing will go wrong, if you just hang on tight."

Cudahy's Puritan Sliced Breakfast Bacon... Puritan Hams

**CUDAHY'S PURITAN
BACON.. sliced or
by the piece**

More meaty, more tasty and uniformly good throughout is Cudahy's Puritan Bacon. Fine young porkers are especially selected for the making of this delicious breakfast meat. Whether your choice be the packaged bacon, sliced, or bacon by the piece, sliced for you at the time of purchase, you'll find Cudahy's Puritan Bacon appetizing, satisfying, and delightfully flavored.

The high quality of Cudahy's Puritan Bacon is assured by constant and rigid U. S. Government Inspection. Through every process of its preparation, this strict inspection prevails. So, while enjoying this delicious breakfast meat, you'll know it is wholesome, pure, nourishing and made under the most sanitary conditions.

Try Cudahy's Puritan Bacon for breakfast tomorrow ... there is a difference and you'll be quick to recognize it ... "The Taste Tells." Your own local market has both the packaged bacon, ready sliced, or bacon by the piece, sliced at your order, but make sure you get Cudahy's Puritan Bacon. Ask for it by name.

News Of Orange County Communities

PROGRAM HELD BY PLACENTIA C. OF C. GROUP

PLACENTIA, Aug. 10.—A varied and interesting impromptu program was in effect when the Placentia chamber of commerce met Tuesday.

At the request of Warren Bradford, directors voted to send communications to the Los Angeles chamber of commerce asking them to take an interest and try to keep the federal government from moving both March field and the Naval Air base from Southern California. Bradford pointed out that it seemed both projects are being moved and it seemed fitting to protest such action.

Hale said the impression that the Anaheim Union Water company has an ax to grind in the proposed set up for water conservation is incorrect. He said that the company will not oppose such action so long as the proposed project is properly organized, the government conditions are met, and the rights of the company are protected. He indicated that any program that proposed placing dams above Skully Point, in Santa Ana canyon, might be opposed. Ralph McFadden said an erroneous impression has gone forth that the new project is sponsored by the farm bureau.

Stuart Strathman, secretary of the chamber, said the group backing the new high school district will be properly represented at the trial August 18, when a group of Richfield residents will present their side of the new high school district formation, in opposition to the issue. McFadden suggested that those interested in getting the new high school started see to it the situation is cleared and not left to "drag along."

The secretary was instructed to write a resolution of condolence to Mrs. Helen Bowen and the Gilman family because of the death recently of Mrs. Bowen's mother, Mrs. R. H. Gilman.

HOLD CARD PARTY

OCEANVIEW, Aug. 10.—Sixty tables of cards were played at the party sponsored by the Unemployed association. Prize winners were Mrs. Boyle, women's first; Mrs. Jensen, women's second; Mr. Boyle, men's first and Mr. Jensen, men's second. Refreshments were served.

There will be another of the card parties August 21 at the commissary.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul. Skin often breaks out in blotches. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't take for liver pills. Ask for Carter's Little Liver Pills on the red label. Recent's substitute. 25c at drug stores. © 1931 C. M. Co.

6 NEW WELLS SLATED FOR HUNTINGTON BEACH FIELD

HUNTINGTON BEACH, Aug. 10.—Six new wells are slated for the Huntington Beach oil field, according to the weekly report of the California Division of Oil and Gas. Three wells in the same field are due for deepening.

Permits for new beach wells are: Terno company, Fee Nos. 6, 7 and 8; A. N. Kupfer, Atlas No. 9; A. J. O'Dell, Huntington Beach No. 1; Minnesota Oil company, Smith No. 1.

One other new well is scheduled for this county. Otis Hoyt, of Long Beach, having a permit for well No. 17 at Richfield.

Deepening projects are listed as follows: Holly Oil company, well No. 2, Huntington Beach; Union Oil company, Ayer and Parsons No. 3 and Thompson and Goodwin No. 5, Richfield; Delaney Petroleum corporation, McCracken No. 1 and Walker No. 1, Richfield; Huntington Signal Oil company, f-7, Huntington Beach, and the Petroleum company, H. B. Fee No. 1, Huntington Beach.

LA HABRA, Aug. 10.—As the summer vacation school, conducted on a large scale in La Habra this year, is drawing to a close after seven weeks of successful work with the children of the community, the Misses Evelyn and Eleanor Robinson entertained those who have helped make the venture a success at their home on Ocean avenue Monday evening.

Entertainment for the evening included a "take off" on the work accomplished. Refreshments were served by the hostesses, who were assisted by Miss Fonda Roberts, supervisor of the summer playground work.

Those present included Mrs. H. G. Blohm, Mrs. George Armstrong, Mrs. Dory Clayton Carver, Mrs. Paul Wilbur, Mrs. F. Marion Burbank Fern Jones, Adeline Stemple, Mr. and Mrs. E. R. Berry, Mrs. Francis Rich Smith, Mrs. M. J. Stanbury, Mrs. W. J. Hamilton, Mrs. Charles Goodchild, Jean Little, Ruthmarie and Eunice Launier, Imogene Rowley, Ruth Snow, Clarence Ridgway, Paul Kruse, Homer C. Holzgrafe, J. Clifton.

Frances Luehm, the Rev. and Mrs. A. M. Blackmon, Bertha Roberts, Mrs. A. E. Hacker, Dorothy Montgomery, Winifred Sutton, Ruth Willey, Evelyn McFadden, Irene Younigan, Adelbert Placius, Robert Dolce, Ethel, Kinney, Margaret Reed, Norma Cook, Mrs. Giles Hart, Mrs. R. E. Launer, Miss Marguerite Williams, J. E. Robertson, Edith McClure, Mrs. E. E. Clure, Mrs. J. A. Schofield, Cornelia Randall, June Moddy, Catherine Simmons, Ethel Mae and June Wiede, Mr. and Mrs. Ira E. Wiede, Anna Wolfe, Mildred Everitt, Alice Wilfley, Louise Aoule, Mrs. Jesse Hayden and Mrs. Fonda Roberts.

NRA Program To Be Outlined For Yorba Linda C. C.

YORBA LINDA, Aug. 10.—Harry May, secretary of Fullerton chamber of commerce, one of the speakers for the organization of the NRA program in Fullerton, will be featured speaker at the Yorba Linda chamber of commerce meeting at noon next Wednesday at Young's cafe. He will discuss the NRA program, its anticipated effects and the program of organization in Fullerton.

OBSERVE ANNIVERSARIES

WESTMINSTER, Aug. 10.—With the date marking the wedding anniversaries of Mr. and Mrs. J. Q. Adams Jr. and Mrs. J. Q. Adams Sr., Mr. and Mrs. J. Q. Adams Jr., of Long Beach, and Mrs. Adams' mother, Mrs. H. C. Hagelle, a dinner party was held at the home of Mr. and Mrs. Adams, of New Westminster, this week.

PARTY IS HELD FOR LA HABRA SCHOOL GROUP

TALBERT, Aug. 10.—The sugar beet harvest has opened in Talbert, the first to go to the Holly factory in Santa Ana being from the fields of Allen and Ernest Giesler. The first sugar test showed from 14 to 23 per cent sugar, the 23 per cent running in 14-ton beets and the 14 per cent sugar in the 20-ton beets. There are 120 acres in the field now being harvested.

Other beet fields in the community are ready to harvest and hauling will soon be in full swing.

Dinner Is Held At Irvine Home

IRVINE, Aug. 10.—A barbecue dinner was enjoyed at the home of Mr. and Mrs. William Whitehead recently when they entertained a group of friends. The younger members of the group rode horseback during the afternoon, while the others enjoyed an afternoon of cards. Most of the guests were members of a card club that meets regularly for an evening of cards.

Those invited were Mr. and Mrs. William Jones and two daughters, Jeannie and Margaret, of Huntington Beach; Mr. and Mrs. Ray Wardlow and daughters, Thelma and Mildred, and twin sons, Floyd and Lloyd, of Talbert; Mr. and Mrs. Fred Hyatt, of Wintersburg; Mr. and Mrs. Ray Burns, of Westminster; Mr. and Mrs. Frank Gatt, of Garden Grove; Mrs. Lee Oliver, of the Wardlow home; Elwood Rittner, of Tustin; Bill Gudman and Joe Edwards, of the cattle ranch; Ernest Benson, of Long Beach, who has been visiting his brother, Roy Benson, of El Toro, for several days; Mr. and Mrs. W. W. Kelly, of Long Beach, and Mr. and Mrs. Ralph Sutton and daughter, Norma Joy, of South Gate.

La Habra Post Names Officers

LA HABRA, Aug. 10.—At the annual election of La Habra American Legion post this week, A. J. Cookerly was elected commander, succeeding E. M. Jackson.

S. M. Hood was elected first vice commander, Kenneth Kessler, second vice commander; M. G. Renken, chaplain, and L. H. Brewer, finance officer. The adjutant will be appointed by the commander.

Included on the executive board will be Cookerly, Brewer, Dr. D. C. Munford, Dr. B. H. Guthridge and the adjutant. E. M. Jackson will represent La Habra post at the Legion county council meetings.

The state convention will be held in Pasadena next week and La Habra delegates will be E. M. Jackson, J. T. Frazier and A. J. Cookerly and alternates, M. G. Renken, E. L. Donaldson and H. H. Peabody.

By GLUYAS WILLIAMS

LATEST BOOKS ARE ADDED BY MESA LIBRARY

Wallach; "Viking Civilization," Orlin; and "The Restless Pacific," Roosevelt.

Flow of Well Is Boosted To 3100 BARRELS

HUNTINGTON BEACH, Aug. 10.—The Spilk Oil company well on Eighteenth street has increased its flow from an initial production of 2200 barrels to 3100 barrels. L. H. Bennigsdorf is superintendent of the company.

The Spilk Oil company and Bennigsdorf have leased from John H. Marion and H. M. McComb, a drill site on Ocean avenue near Sixteenth street and have commenced the erection of a derrick on the property for immediate drilling. Marion and McCord are operating one well on the property under the name of the H. B. Oil company. Bennigsdorf will put two more wells on the lease if the first well is successful. Marion is a city councilman and has been one of the most active operators in the town lot field for years. McCord before coming to Huntington Beach was associated with the Shell Oil company.

The Sierra Oil company, Barre, Rogers, Fairbanks and associates have started work on their Pease well in the second block on Sixteenth street near Olive. The Sierra well on Nineteenth street is said to be "looking like a million dollars." When the water test was completed at the well land the plug drilled out, the gas roar was so great that E. E. (Red) Fairbanks, superintendent, suffered impaired hearing for two days. The well should be in within a few days.

Bean Association Is Preparing For Opening Of Season

SMELTZER, Aug. 10.—With about one month left until the opening of the bean cleaning season at the Smeltzer Lima Bean Growers' association warehouse, men are busy preparing the machinery for the season's run. Directors of the association, Fred Pope, Harry Woodington, Vernon Hell, Charles Houser, J. O. Pyle and the manager, J. L. Mossinger, are attending the meetings of bean warehouse owners at which the NRA code is being worked out.

OPENS MACHINE SHOP

ATWOOD, Aug. 10.—C. J. Barber, formerly of Compton, has opened a fully equipped machine and acetylene welding shop in Atwood. Barber is paying special attention to oil field work.

NEWPORT C. OF C. DIRECTORS VOTE TO AID NRA PROGRAM

NEWPORT BEACH, Aug. 10.—Directors of the Newport Harbor Chamber of Commerce last night authorized the chamber president, W. L. Jordan, to appoint a committee to thoroughly organize the community under the NRA program.

It was pointed out that there has been a good response so far to the appeal from Washington in signing the NRA pledges, and the blue eagle is quite generally displayed. The chamber of commerce will appoint a special committee on the matter.

Plans for the staging of the

HUNTINGTON BEACH, Aug. 10.—Members of the Huntington Beach American Legion auxiliary were hostesses Wednesday to members of the county council, Sixty-one of the 85 delegates were present. A luncheon was served at noon in Memorial hall, under the direction of Mrs. Vivian Keller, chairman.

Mrs. Enid Wilson, Tustin, president of the county council, conducted the business session. This was the last meeting before the state convention in Pasadena August 15, 16, 17.

Mrs. Ruby De La Vergne is the recently elected president of the local auxiliary. Delegates to the state convention in Pasadena are Mrs. De La Vergne, Mrs. Mae Bennigsdorf, Mrs. Grace Womeladorf, alternates are Mrs. Agnes Bowen, Mrs. Vivian Keller, Mrs. Wilho Spafford.

Auxiliary Group Meets At Beach

HUNTINGTON BEACH, Aug. 10.—The Spilk Oil company well on Eighteenth street has increased its flow from an initial production of 2200 barrels to 3100 barrels. L. H. Bennigsdorf is superintendent of the company.

Committees For Club Appointed

MIDWAY CITY, Aug. 10.—Committee appointments were announced today by the president of the Women's club, Mrs. W. E. Moore. Mrs. Vida Pryor is program chairman; Mrs. Robert Hazard, membership chairman; Mrs. J. L. Esser, social chairman; Mrs. E. T. Wilson, visiting; Mrs. Mae Mansperger, flower chairman. Midway City club members are to be hostesses to the county executive meeting October 8. Mrs. P. A. Houlihan has been made kitchen chairman.

PASTOR TO SPEAK AT MESA AUG. 15

COSTA MESA, Aug. 10.—Dr. George Warner, pastor of the First Methodist church of Santa Ana, will speak on the topic, "The Church and Social Change," in the main auditorium of the grammar school next Tuesday evening. The Rev. W. I. Lowe will introduce the speaker. Several selected violin numbers will be given by Simon Plas and Robert McAvoy before the speech.

WINTERSBURG, Aug. 10.—Sixty-four carloads of sugar beets, totaling 2000 tons, went over the Wintersburg American dump for Oxnard during the first two weeks of the beet season and high returns are being received because of the tonnage and sugar content, with the best of the beets yet to be harvested.

Some beets are averaging as high as 23 per cent sugar on fields yielding an average of 18 tons to the acre, which is unusual by growers. It is reported that on some land as high as 35 tons per acre will be harvested.

SUGAR CONTENT OF BEETS RUNS HIGH

CLUB'S PICNIC IS SCHEDULED FOR AUG. 28TH

GARDEN GROVE, Aug. 10.—Members of the Monday Afternoon Star club gathered in the home of Mrs. Emma Kearns, on Magnolia road, for their regular monthly meeting. Mrs. Kearns was assisted in entertaining by Mrs. Camille Nichols and Mrs. Anna Larson.

At the business session it was decided to hold the annual club picnic at the home of Mrs. Glee Newsom, August 28. A 12:30 o'clock luncheon will be served, with each member bringing her own table service. Hostesses for the afternoon will be Mrs. Newsom, Mrs. Pauline Merchant, Mrs. Edith Skeewis and Mrs. Alice Keefe.

Announcement was made that

the first meeting of the chapter since the summer vacation will be held on August 24, at 8 o'clock, in the K. of P. hall in Anaheim. The meeting will be in observance of "brothers' night," with the men in charge of the program.

A number of the members spent the afternoon with sewing, while others played bridge. Dainty handkerchiefs were awarded as prizes to Mrs. Glee Newsom, who held high score; Mrs. Mignon Waters, second high score, and Mrs. Enola Nearing, low score.

Late in the afternoon the group adjourned to the garden, where long tables had been arranged under the large pepper trees.

Those present were Miss Della Tartsch of Omaha, Neb., and Mrs. L. T. Keefe of Pacific Grove, guests of the club; Mesdames Helen Woodworth, Louise Lake, Enola Nearing, Clara Wilson, Mabel Jackson, Mae Henry, Dorothy Jentges, Mabel Dolg, Pauline Merchant, Ethel Schauer, Mignon Waters, Mabel Williams, Dorothy Thornburg, Alice Keefe, Alice Smith, Emma Henry, Amanda Patton, Annabel Bryan, Gleen Newsom, Ella Wheeler, Mertie Fulson, Mary Clark, Anna Larson, Camille Nichols, Emma Kearns and the Mesdames Clara and Marcell Carmichael.

PASTOR TO SPEAK AT MESA AUG. 15

COSTA MESA, Aug. 10.—Dr. George Warner, pastor of the First Methodist church of Santa Ana, will speak on the topic, "The Church and Social Change," in the main auditorium of the grammar school next Tuesday evening. The Rev. W. I. Lowe will introduce the speaker. Several selected violin numbers will be given by Simon Plas and Robert McAvoy before the speech.

WINTERSBURG, Aug. 10.—Sixty-four carloads of sugar beets, totaling 2000 tons, went over the Wintersburg American dump for Oxnard during the first two weeks of the beet season and high returns are being received because of the tonnage and sugar content, with the best of the beets yet to be harvested.

Some beets are averaging as high as 23 per cent sugar on fields yielding an average of 18 tons to the acre, which is unusual by growers. It is reported that on some land as high as 35 tons per acre will be harvested.

THURSDAY, AUGUST 10, 1939

ACTS OUT OF HARMONY WITH NRA PROGRAM

Last night The Register carried the declaration from Washington by Hugh S. Johnson concerning the hours for stores to be open. Mr. Johnson suggested that it was defeating the purposes of the National Recovery act to decrease the hours, because decreasing the hours would bring all the employees of the shop within the purview of the law in the number of hours and thereby prevent additional help from being employed.

As the purpose of this law is to employ additional help, instead of its being in harmony with the law, it would be defeating it. We are impressed, from what we have heard concerning this order, that many of our merchants who rather favored this program, at once saw the point that Mr. Johnson emphasized and agreed that in order to carry out the purposes of the law it would be better really to lengthen rather than decrease the hours.

There has been some agitation to shorten the hours and close the stores in the county early on each evening, and as early as six o'clock on Saturday evening. This would be the means of throwing out quite a number of workers who are already employed to work only on Saturday afternoon or Saturday evening, so that it would decrease very definitely the number of employees.

Not only does Mr. Johnson's ruling help the employee of the enterprise, but the general public, we believe, will be benefited, for in many cases about the only time that the wives and their husbands come in to shop together is on Saturday evening. While it would not be difficult, possibly, to get a change of custom among these people, yet there might be resentment, and there would be a tendency for them to go to those communities to trade which do remain open.

The larger city in the county, and the larger city near-by always benefits by the evening hours. There is something rather inherent in folks that causes them to desire to be with a crowd occasionally, and they find this desire satisfied on Saturday night, once a week.

We are passing through serious difficulties. The whole program of the national government will fail if a great number of present unemployed people are not set to work. Any movement in any direction that tends to reduce and not to increase the number employed, militates against this law, and really for any of us to join in any movement which tends to do this hurts ourselves, as well as everybody else, in the end.

Take, for example, the position that the barbers have taken in limiting their hours. This militates against the purposes of the law. It is not designed to reduce the hours. It was designed to spread employment, and increase the amount that the employee rather than the employer receives.

These mistakes will undoubtedly be corrected, as people get a clearer view of the purpose. We hear no complaint from Santa Ana merchants or others. We will all be helped in carrying out the spirit of this law, if we bear in mind that anything which lessens employment in respect to hours, or lessens the amount that would be paid to labor, defeats the purpose of the law, and anything which increases employment and the amount which labor receives, carries out the spirit of the law.

Lengthening the day in the factory increases the number of employees, providing the number of hours that each can work is limited. Shortening the day decreases the number of employees. The same is true of any enterprise.

There are some who will be unable to meet the liabilities which this law imposes. In the aggregate, these will run into the thousands. There will have to be adjustments made in such cases.

COUNTY TAXPAYERS RELIEVED

Santa Ana and Orange county are to be congratulated on the good work that has been done by their two taxing bodies, the Board of Supervisors and the City Council, in reducing the total tax bill for the respective units during this coming year. Taxes due to city and county expenditures under the control of the supervisors and the city council have been reduced twenty-eight per cent.

Not only is the total amount of taxes reduced, which might be possible, even with the same or a higher rate, owing to the reduction in assessed valuation, but in spite of this reduction in assessed valuation, the tax rate itself is reduced, both for the city and the county.

In the case of the county, a large proportion of the reduction which shows in the statement, is caused by the transfer of educational requirements of nearly a million dollars from the county to the state. But in addition to this, there was more than \$100,000 reduction made, as explained in the various news items which The Register has been carrying.

In the city there has been more than \$100,000 cut from operating expenses, and here again, a substantial reduction in rate is had. The taxpayers of the city and of Orange county this coming year will have the satisfaction and joy of having a substantial decrease in the amount that they must pay in direct property taxes, therefore, to both the county and the city.

This shows that the officials elected by them have had their interest at heart, and have cut expenses and costs in many directions over last year. The overburdened taxpayer will be helped to this extent, but it should be borne in mind that these cuts have added to the hardship of some homes in the city and county.

We believe there is a tendency on the part of our officials to look upon the public busi-

ness as their own, and awakened to the needs of economy, they have made these reductions. There are a few isolated cases where there might be a saving, which have not been taken advantage of, and one or two of these The Register has pointed out. But taking it on the whole, there has been a consistent and determined and successful effort to conduct our county and city business as efficiently as can be, and at the same time lessen the burden as far as possible. The members of our city council and the supervisors should be thanked for this fine work.

"Secretary Wallace rebukes Iowa bakers for boosting bread prices"—news item. Does that mean he objects to raising bread?

THE POLICE GAZETTE TO BE REVIVED

It is reported that the old Police Gazette, which recently stopped publication, is to be revived. A new corporation has been formed with the daughter of a minister as the new editor. The first number will appear in September.

This is interesting. How much of a field there will be for a paper of that description now that the tabloids, and the rotogravure sections of our city papers, and the movie magazines have made the old Police Gazette look very tame, might well raise a question.

But it is not uncommon for a revived paper to change its whole character. Who ever believed that the New York World, now defunct, could have started as a religious paper designed to convert souls, had he not been made familiar with its history? The "Outlook," under the editorship of Al Smith, is no more like the original publication designed by its founders than is a farm journal like a better homes magazine.

Ministers' daughters do not always run true to type, and it is hardly to be believed that the new Police Gazette will find its circulation as a Sunday School paper. But it will be interesting to see the first number.

The height of futility, in our estimation, would be a pickpocket trying to ply his trade at a nudist camp.

"ACCELERATOR FOOT"

Accelerator foot is a new ailment, according to the president of a foot clinic in Chicago. It is an affliction of motorists whose constant stepping on the accelerator makes a strain upon the sciatic nerve.

Each vocation has its occupational disease. This is the first one we have heard of in automobile driving. Yet it is very natural. Anyone who has driven for a number of consecutive days has felt that strain in the leg resulting from the uplifted foot on the accelerator. The sciatic nerve, together with the optic nerve, is the largest nerve in the body. What the effect will be by the strain of it upon the already overstrained nerves of the American people might well become a matter of concern.

But, then, most of us spend a very limited time in our autos, and perhaps the possible danger of accelerator foot is not so serious after all.

Hopping New York To Syria

San Francisco Chronicle
Wiley Post's flight around the world was really a test, not of flying machines, but of human endurance. So, too, was the Mollisons' attempt to fly from Britain to Bagdad by way of New York. The machines could do it. That was already known. The question was whether Wiley Post could hold up to the flyers' expectation, which had Karachi in India in its mind's eye, must still be counted fairly good. It is about 360 miles farther than the farthest done before by a long distance plane on one drink.

An amazing flight—New York city to Syria in fifty-five hours! Not the least amazing part of it—to landlubbers at least—is that these tourists crossed the Atlantic without seeing the ocean and, because of the continued rain and clouds, seldom had much idea where they were over Europe. That's not saying much for the scenery.

Trouble In Andorra

Riverside Daily Press
Citizens of the tiny republic of Andorra are living up to their reputation for independence and stubbornness in defying the authorities of France and Spain.

Andorra somehow has contrived to maintain its freedom since the days of Charlemagne, governing itself with a council elected by the heads of families. And the Andorrans intend to continue to manage their own affairs, even if they have to go to war to do it.

The republic is under the joint suzerainty of France and the Spanish bishops of Urgel. Lately there have been disputes between the French and the Andorran council. The French ordered all armed forces placed at the disposal of their police agent in Andorra. The order was disobeyed, and when the suzerains named a new council, the old one refused to disband.

Andorrans came down from their mountains and up from their valleys on foot and on mules, armed with all sorts of weapons, to protect their council and prevent seizure of the capital.

The citizens of Andorra number only a few more than 5000, and, of course, must yield to France if she insists on having her own way. It is to be hoped the difficulties won't be serious, for peaceful pastoral Andorra is just about the only spot in Europe that has remained untroubled by the woes that have afflicted the rest of the world.

More Truth Than Poetry

By James J. Montague

THE LORDS OF CREATION

One naturally would expect
That man's superior intellect
For every sort
Of angling sport
Sufficiently would fit him.
But, though supplied with rod and reel
And flies that bulge with fish-appeal
To serve as bait,
Six times in eight,
A salmon will outwit him.

You'd think that, with his massive mind,
Man ought to boss all creature kind,
Yet when he creeps
Through African deeps
And all their wild environs,
He takes along a bunch of Blacks
To shield him from the rude attacks
Of scores and scores
Of carnivores,
Including peevish lions.

The brutes know how to eat and drink
But they possess no power to think,
While lordly men
Can ply the pen,
And write, like me, in rhythm,
But still the shameful fact remains
That, quite despite the gift of brains,
They don't know how
Dumb beasts to cow
Without an army with 'em.

Thoughts On Modern Life

By GLENN FRANK

SEVEN QUESTIONS FOR FARMERS

In the universal concern with the plight of the American farmer—and as a matter of economics the plight is serious enough—we are in danger of overlooking the many real advantages that the farmer has enjoyed in the phase of depression through which we have been passing.

A while ago some three hundred students from colleges throughout the nation met in conference to consider, not what is wrong with the farmer's life, but what is right about it.

They did a basic and brilliant job of social analysis. Here are some of the questions they asked as reported by my colleague, E. L. Kirkpatrick, in the midmonthly issue of the Survey for July:

(1) To what extent does farming provide steady work as compared with other occupations?
(2) To what degree does the farm provide a good living on moderate income?
(3) In what respects is the farm a superior place to rear children?
(4) In what ways does farming

promote cooperation in family life?

(5) What are the most satisfying community activities in rural life?

(6) In what ways does farming afford opportunity for satisfying leisure?

(7) What effect does farming, dealing with nature, have on one's philosophy of life?

These are questions every American farmer should now be asking himself.

I do not suggest that the farmer or any of the rest of us should relax one whit the national effort to rationalize and stabilize farm economics.

National recovery will prove a will-o-the-wisp unless we achieve farm recovery.

It is important however that the farmer should not have his spirit broken by that most subtle of diseases—self-pity, exaggerated beyond the facts.

Tomorrow I shall summarize some of the answers to these questions. Copyright, 1933, McClure News'r Syn.

STRANGERS

"Though I'd just run in the minute and see you and the children. How are you all?"

"Fine, thank you. The children are out under the tree playing in the sand box. How are the people at home?"

"Oh, just about the same. It's a relief to get away sometimes and see other folks, especially the children. They do offer something new. You say they are out in the garden? I'll just go and have a peek at them."

Mother groaned inwardly and followed her guest. Betty and Donald did not take kindly to strangers and she dreaded having their peace disturbed. But what are you to do with a guest who won't take hints and who will see the children?

"Mrs. John has come in to see you children. Come and say how do you do to her. O, come along Betty. That's a good child. Now don't cry. Nothing is going to happen to you. Come along and see the lady."

Betty lay on the ground, fazed down, and wept. Donald scolded. He wasn't afraid of the lady but why did she come to make Betty cry, just when they were having a good time, too?

"Well, Donald will come to see me, won't you, Donald?"

"No, I won't," said he, planting his feet firmly and backing harder against the tree.

"Maybe I have something in my bag for you."

"I don't want it. Go away. You are making Betty cry," and to his mother's shame and horror he took up a handful of sand and let fly at the lady visitor.

The reverberations of that morning still shake the family nerves. "He never did such a thing before. I don't know why he did it. He doesn't know himself. I never was so humiliated in all my life."

Children dread strangers. For most adult people they see for the first time they have nothing but fear and shrinking. All grown people ought to know and remember that and adjust themselves accordingly. It doesn't do to force oneself upon them. A smile, a word, and pass on. In time the child will get used to your presence and meet you in a friendly fashion. But he must be given time. How much time depends upon the nature of the

child and the personality of the stranger. Some people can make friends with children readily and some cannot. Some children are very slow to respond to strangers. Give them all the time they need. It is a grave mistake for a stranger to try to bribe a child. It does not put the relationship on a sound basis. Buy a child once and he is forever in the market. He has established the wrong notion about people. He is likely to think that friendship is something one is paid for and of all the mischievous notions a child can get that is about the worst.

And don't kiss children. Leave that to them. If they offer a caress be quick to accept it but never force it upon them. That is an unpardonable invasion of personality. It is not lessened because the child is helpless. If people would accord to little children some measure of the respect they pay to grown people, the relationship between them would be happier.

(Mr. Patri will give personal attention to inquiries from parents and school teachers on the care and development of children. Write him in care of this paper, enclosing stamped, addressed envelope for reply.) (Copyright, 1933, The Bell Syn., Inc.)

1928—Receives credit for everything since August 10, 1874.

1932—Receives blame for everything since August 10, 1874.

Here and There

During the first four months of this year, exports of passenger cars from the United States showed an increase of 25 per cent over the same period of 1932.

A total of 218,171 motor vehicles of every nature were manufactured in this country during May, 1933, as compared to 184,295 units in May of last year.

The Euclid Avenue airport at Willoughby, Ohio, was recently awarded the contract for the weather observation flights in the Cleveland territory.

Canada produced 9396 motor cars during the month of May this year; her output for May, 1932, was 8221 units.

A party of two planes proposes to search for the lost Lasters gold reef in Central Australia, and also make examinations of the extensive asbestos deposits about 130 miles from Laverton.

The dirigible Los Angeles is being refitted for flight and is expected to take to the air late in September as a training ship.

The Fiji Islands have favorable flying conditions since visibility is always good and there is an advantage to seaplanes in being able to land anywhere in the water around the islands which are protected by reefs.

An air taxi service is to be established at Liverpool, England; airplanes will carry business men to all parts of the British Isles as soon as they disembark from their boats.

It has been estimated that there are 125,000 automobiles in Wisconsin without 1933 licenses; the state recently passed a new law providing for a 50 per cent discount in the registration fee for the cars which were not registered prior to July 1st.

An increase of 99 airports over July, 1932, was reported by the Department of Commerce for July, 1933; the total number of airports in the United States is now placed at 2136, with 631 of them being partially or totally lighted for night use.

ACTS OUT OF HARMONY WITH NRA PROGRAM

Last night The Register carried the declaration from Washington by Hugh S. Johnson concerning the hours for stores to be open. Mr. Johnson suggested that it was defeating the purposes of the National Recovery act to decrease the hours, because decreasing the hours would bring all the employees of the shop within the purview of the law in the number of hours and thereby prevent additional help from being employed.

As the purpose of this law is to employ additional help, instead of its being in harmony with the law, it would be defeating it. We are impressed, from what we have heard concerning this order, that many of our merchants who rather favored this program, at once saw the point that Mr. Johnson emphasized and agreed that in order to carry out the purposes of the law it would be better really to lengthen rather than decrease the hours.

There has been some agitation to shorten the hours and close the stores in the county early on each evening, and as early as six o'clock on Saturday evening. This would be the means of throwing out quite a number of workers who are already employed to work only on Saturday afternoon or Saturday evening, so that it would decrease very definitely the number of employees.

Not only does Mr. Johnson's ruling help the employee of the enterprise, but the general public, we believe, will be benefited, for in many cases about the only time that the wives and their husbands come in to shop together is on Saturday evening. While it would not be difficult, possibly, to get a change of custom among these people, yet there might be resentment, and there would be a tendency for them to go to those communities to trade which do remain open.

The larger city in the county, and the larger city near-by always benefits by the evening hours. There is something rather inherent in folks that causes them to desire to be with a crowd occasionally, and they find this desire satisfied on Saturday night, once a week.

We are passing through serious difficulties. The whole program of the national government will fail if a great number of present unemployed people are not set to work. Any movement in any direction that tends to reduce and not to increase the number employed, militates against this law, and really for any of us to join in any movement which tends to do this hurts ourselves, as well as everybody else, in the end.

Take, for example, the position that the barbers have taken in limiting their hours. This militates against the purposes of the law. It is not designed to reduce the hours. It was designed to spread employment, and increase the amount that the employee rather than the employer receives.

These mistakes will undoubtedly be corrected, as people get a clearer view of the purpose. We hear no complaint from Santa Ana merchants or others. We will all be helped in carrying out the spirit of this law, if we bear in mind that anything which lessens employment in respect to hours, or lessens the amount that would be paid to labor, defeats the purpose of the law, and anything which increases employment and the amount which labor receives, carries out the spirit of the law.

Lengthening the day in the factory increases the number of employees, providing the number of hours that each can work is limited. Shortening the day decreases the number of employees. The same is true of any enterprise.

There are some who will be unable to meet the liabilities which this law imposes. In the aggregate, these will run into the thousands. There will have to be adjustments made in such cases.

COUNTY TAXPAYERS RELIEVED

Santa Ana and Orange county are to be congratulated on the good work that has been done by their two taxing bodies, the Board of Supervisors and the City Council, in reducing the total tax bill for the respective units during this coming year. Taxes due to city and county expenditures under the control of the supervisors and the city council have been reduced twenty-eight per cent.

Not only is the total amount of taxes reduced, which might be possible, even with the same or a higher rate, owing to the reduction in assessed valuation, but in spite of this reduction in assessed valuation, the tax rate itself is reduced, both for the city and the county.

In the case of the county, a large proportion of the reduction which shows in the statement, is caused by the transfer of educational requirements of nearly a million dollars from the county to the state. But in addition to this, there was more than \$100,000 reduction made, as explained in the various news items which The Register has been carrying.

In the city there has been more than \$100,000 cut from operating expenses, and here again, a substantial reduction in rate is had. The taxpayers of the city and of Orange county this coming year will have the satisfaction and joy of having a substantial decrease in the amount that they must pay in direct property taxes, therefore, to both the county and the city.

This shows that the officials elected by them have had their interest at heart, and have cut expenses and costs in many directions over last year. The overburdened taxpayer will be helped to this extent, but it should be borne in mind that these cuts have added to the hardship of some homes in the city and county.

We believe there is a tendency on the part of our officials to look upon the public busi-

ness as their own, and awakened to the needs of economy, they have made these reductions. There are a few isolated cases where there might be a saving, which have not been taken advantage of, and one or two of these The Register has pointed out. But taking it on the whole, there has been a consistent and determined and successful effort to conduct our county and city business as efficiently as can be, and at the same time lessen the burden as far as possible. The members of our city council and the supervisors should be thanked for this fine work.

"Secretary Wallace rebukes Iowa bakers for boosting bread prices"—news item. Does that mean he objects to raising bread?

THE POLICE GAZETTE TO BE REVIVED

It is reported that the old Police Gazette, which recently stopped publication, is to be revived. A new corporation has been formed with the daughter of a minister as the new editor. The first number will appear in September.

This is interesting. How much of a field there will be for a paper of that description now that the tabloids, and the rotogravure sections of our city papers, and the movie magazines have made the old Police Gazette look very tame, might well raise a question.

But it is not uncommon for a revived paper to change its whole character. Who ever believed that the New York World, now defunct, could have started as a religious paper designed to convert souls, had he not been made familiar with its history? The "Outlook," under the editorship of Al Smith, is no more like the original publication designed by its founders than is a farm journal like a better homes magazine.

Ministers' daughters do not always run true to type, and it is hardly to be believed that the new Police Gazette will find its circulation as a Sunday School paper. But it will be interesting to see the first number.

The height of futility, in our estimation, would be a pickpocket trying to ply his trade at a nudist camp.

"ACCELERATOR FOOT"

Accelerator foot is a new ailment, according to the president of a foot clinic in Chicago. It is an affliction of motorists whose constant stepping on the accelerator makes a strain upon the sciatic nerve.

Each vocation has its occupational disease. This is the first one we have heard of in automobile driving. Yet it is very natural. Anyone who has driven for a number of consecutive days has felt that strain in the leg resulting from the uplifted foot on the accelerator. The sciatic nerve, together with the optic nerve, is the largest nerve in the body. What the effect will be by the strain of it upon the already overstrained nerves of the American people might well become a matter of concern.

But, then, most of us spend a very limited time in our autos, and perhaps the possible danger of accelerator foot is not so serious after all.

Hopping New York To Syria

San Francisco Chronicle
Wiley Post's flight around the world was really a test, not of flying machines, but of human endurance. So, too, was the Mollison's attempt to fly from Britain to Bagdad by way of New York. The machines could do it. That was already known. The question was whether Wiley Post could hold out to complete his flight within the time limit, or whether the Mollison could have done it faster. The Mollison did not hold out, though their airplane, if they had not, through weariness, cracked it up, looked good enough to have kept right on. The long distance flight of the two Frenchmen, Codos and Rossi, was a trial of a different kind. It was a questionnaire directed to an engine and its fuel, not to the endurance of the human machine. It was a test to see how far an airplane could be driven over sea and land with one filling of gasoline. The answer, approximately 5700 miles, from New York to Rayack in Syria, while not quite up to the flyers' expectation, which had Karachi in India in its mind's eye, must still be considered fairly good. It is about 260 miles farther than the farthest done before by a long distance plane on one drink.

An amazing flight—New York city to Syria in fifty-five hours! Not the least amazing part of it—to landlubbers at least—is that these tourists crossed the Atlantic without seeing the ocean and, because of the continued rain and clouds, seldom had much idea where they were over Europe. That's not saying much for the scenery.

Trouble In Andorra

Riverside Daily Press
Citizens of the tiny republic of Andorra are living up to their reputation for independence and stubbornness in defying the authorities of France and Spain.

Andorra somehow has contrived to maintain its freedom since the days of Charlemagne, governing itself with a council elected by the heads of families. And the Andorrans intend to continue to manage their own affairs, even if they have to go to war to do it.

The republic is under the joint suzerainty of France and the Spanish bishops of Urgel. Lately there have been disputes between the French and the Andorran council. The French ordered all armed forces placed at the disposal of their police agent in Andorra. The order was disobeyed, and when the suzerains named a new council, the old one refused to disband.

Andorrans came down from their mountains and up from their valleys on foot and on mules, armed with all sorts of weapons, to protect their council and prevent seizure of the capital.

The citizens of Andorra number only a few more than 5000, and, of course, must yield to France if she insists on having her own way. It is to be hoped the difficulties won't be serious, for peaceful, pastoral Andorra is just about the only spot in Europe that has remained untroubled by the woes that have afflicted the rest of the world.

Thoughts On Modern Life

By GLENN FRANK

SEVEN QUESTIONS FOR FARMERS

In the universal concern with the plight of the American farmer—and as a matter of economics the plight is serious enough—we are in danger of overlooking the many real advantages that the farmer has enjoyed in the phase of depression through which we have been passing.

A while ago some three hundred students from colleges throughout the nation met in conference to consider, not what is wrong with the farmer's life, but what is right about it.

They did a basic and brilliant job of social analysis.

Here are some of the questions they asked as reported by my colleague, E. L. Kirkpatrick, in the midmonth issue of the Survey for July:

- (1) To what extent does farming provide steady work as compared with other occupations?
- (2) To what degree does the farm provide a good living on moderate income?
- (3) In what respects is the farm a superior place to rear children?
- (4) In what way does farming

promote cooperation in family life?

(5) What are the most satisfying community activities in rural life?

(6) In what ways does farming afford opportunity for satisfying leisure?

(7) What effect does farming, dealing with nature, have on one's philosophy of life?

These are questions every American farmer should now be asking himself.

I do not suggest that the farmer or any of the rest of us should relax one whit the national effort to rationalize and stabilize farm economics.

National recovery will prove a will-o-the-wisp unless we achieve farm recovery.

It is important however that the farmer should not have his spirit broken by that most subtle of diseases—self-pity, exaggerated beyond the facts.

Tomorrow I shall summarize some of the answers this conference made to these questions. Copyright, 1933, McClure Newspr. Syn.
